The Editor's column

By S. R. PADDOCK

Our hat's off to a retired Mt. Prospect lawyer. He offered to enlist in the postal service without pay if Uncle Sam is too poor to pay for a want ad in Paddock Publications.

We were willing to deadhead the advertisement, but Postmaster Knuth says that Uncle Sam is not that poor and has paid the bill.

Incidentally, the advertisement did the job in one week that the postmaster has been trying to do for 6 months. He is advertising this week for a full time job.

•

As an editor we have never tried to have the last word, but we can understand a woman editor has to learn the hard way, as did June McDonald, former employee of Paddock Publications, who is editor of Necedah Marque, Wis. Her newspaper tangled with an attorney who had asked for settlement of a previous libel suit judgment against her.

June settled the second libel suit by publication of a retraction and promising to "shut up" (she agreed to make no reference in her paper to the case.)

Mrs. McDonald is still scrapping. She and an opponent recently tied in election for village clerk. The other fellow won by flip of a coin. She still wants a recount. Evidently June is determined to have the last word.

•

Judge Neumann is not officially back on his job as Arlington Heights police magistrate until next week, but he was present at Monday night's police court and concurred with Judge Weber that a second offender, driving under the influence of liquor, should be turned over to the state's attorney's office for prosecution.

The village of Arlington Heights may lose a $100 fine and the arresting officer may have to make a trip or two to the criminal court building. We think readers will agree with us that his time could not be spent to a better purpose.

•

Palatine village board spent some time Monday evening prospecting for additional revenue.

If they run out of pay dirt, we suggest that they could follow Chicago and levy a half cent sales tax.

•

Members of the Mount Prospect Womans club think that residents of northwest Cook county love flowers as much as residents of the North Shore and have arranged a "garden walk" for June 3, when a number of private gardens and homes will be open to visitors.

Visitors are not limited to Mt. Prospect residents. Palatine has 3 garden clubs. Arlington Heights has none. We hope the Mt. Prospect show will spur residents of the latter town to go and do likewise.

•

Mayor Olsen of Palatine told the members of the Chamber of Commerce Tuesday night that the only pre-election promise he had not been able to keep was the one given to the editor that all board meetings would be of short duration.

Mr. Mayor, our reporters are now looking forward to the overtime pay they receive on board meeting nights. We wonder why you fellows don't collect.

•

A clumsily contrived censorship bill now pending in Springfield, is ostensibly aimed at lewd books, horror comics and indecent books.

The bill goes far beyond these offensive publications, however, and its terms are so vague and all inclusive as to make a major threat to civil liberties and freedom of the pres.

The Supreme Court ruled in 1948 that a similar law was unconstitutional.

Curtailment of these lewd books lies in publicity, education, and promotion of decent books. In this vein, public support is needed for Senate Bill 118 now before the House. It would outlaw tie-in sales by which distributors force objectionable books and magazines on dealers. It gives booksellers the right to accept or reject what literature they choose.

•

The honeymoon for Arlington shoppers using West Campbell st. will be over this weekend when meters will be installed. Motorists have saved some pennies but they will gladly spend more for the privilege of using those 32 additional parking spaces.

It may not be generally known, but we are told the shortage of cement threatened to delay Campbell st. construction until Consumers co. offered to help out the contractor.

•

Mt. Prospect may go Palatine and Arlington Heights one better in the requirement of payment to schools by subdividers. That village is considering an ordinance that would require such payments from all homes constructed in the village, not just new subdivisions.

•

We do not know whether we should extend our sympathy to the newly formed City of Rolling Meadows for their administrative troubles, or reserve a ringside seat for the civil war that seems imminent.

Rolling Madows did a lot of fighting with its neighbors for existence. It is time that peace should be declared.

A Flag For Every Home On Memorial Day

The Arlington Heights Womans club is sponsoring an all out flag project, and would like to have a flag displayed by every home in the Arlington Heights area on Memorial day, Flag day, July 4th and every other patriotic day throughout the year.

For those who would like to display a flag, but do not have one, the Womans club has made it possible to purchase a 3'x5' flag with staff and fittings. Several other local organizations, including the Little League, American Legion, D.A.R., Junior Womans club of Rolling Meadows, and the V.F.W., are cooperating with the Womans club in the sale of these flags.

Those who need a flag and are not contacted, can call one of the above organizations, or Mrs. Richard Bronwell. American Citizenship Committee of the Womans club, will have them for sale at Willson & Florence Real Estate co., 28 E. Northwest hwy. In Prospect Heights call Mrs. Raymond Dreschel, Clearbrook 3-3279. (ACKM

Auto Crushed In Scarsdale Collision; Motorists Uninjured

Two motorists from Des Plaines and Palatine were involved in a serious collision Saturday at 8:45 p.m. near Arington Heights.

The wreck took place at Central rd. and Burton pl. A car driven by Peter Knaack, 1446 Everett ave., Des Plaines, struck an auto driven by Frederick H. Bogardt, 460 W. Daniel rd., Palatine. The impact crushed the Bogardt car, with its right side and roof demolished.

There were no injuries. Arlington Body and Fender removed the wreckage, and state police investigated the accident.

Auto Skids On Wet Pavement During Storm

Charles N. Meisner, 65, of 5439 Humpt ave., Chicago, was injured slightly Tuesday when his car skidded off Rand rd. 1 mile north of Central rd. during a heavy downpour. The motorist was taken to Resurrection hospital, and the wrecked car was towed by Arlington Fender and Body shop.

David Metzler, 260 Middleton, Palatine, is in Resurrection hospital with an injured chest and throat. He was driving north on Busse rd. at 3 a.m. Tuesday when he failed to make the jog at Algonquin rd.

American Citizenship Committee of Arlington Heights womans club has made available 50 flags for 500 Arlington Heights homes to display Memorial day. Sale of those flags at a nominal price will mean several hundred dollars to Little League. Shown above are Mrs. Richard Bronwell, chairman of the committee and John Lacina, a member of the Little League White Sox team. —Community Camera

Elk Grove Girl Has Bulbar Polio

Barbara Jane Hammer, 8, daughter of Mr. and Mrs. Fred Hammer, Linneman rd., Elk Grove township, is in Evanston hospital with bulbar polio.

Barbara became ill last weekend and was taken to the hospital Sunday night. She is now in an iron lung and a crisis is expected sometime today, Thursday.

The little girl's dad is building commissioner in Arlington Heights. She is a third grade student at St. John Lutheran school, Elk Grove. The Hammers have 3 other children, all of whom received the Salk vaccine as soon as Barbara's case was diagnosed as polio.

Will YOU Be Prepared In Case Of An Attack?

The Chief Wardens of the Arlington Heights Civil Defense program are making an appeal for volunteer block wardens and alternates for this area.

The few hours required to learn your duties will be well worth your while in view of the help you will be able to give to your families and neighbors in the event of disaster.

For further information, please contact the Chief Wardens, Mr. and Mrs. Gus Dueball by calling Clearbrook 3-7215. AHI

New Committee to Work on Purchase of Lots for Parking

A new committee was appointed to continue negotiations for the purchase of off street parking lots on S. Dunton and S. Vail aves., between Campbell and Sigwalt sts., at Tuesday night's Arlington Heights village board meeting.

Hugo J. Thal, village attorney, reported to the board a second appraisal of the land had been received. Trustees John Hoover, Frederick Weber and Robert Bishop, along with Thal, will again approach property owners and make a final offer for the purchase of the property. If a compromise cannot be reached the village will proceed with condemnation proceedings.

Trustee Richard Bronwell asked that the board investigate the possibility of utilizing vacant lands in the business area for off-street parking purposes on a long term lease basis with the provisions that the village pay the taxes on the property in payment for its use. The board agreed to investigate the matter.

BIDS FOR THE widening of Wing and Davis sts., adjacent to the village hall, and for Walnut ave., adjacent to the high school, were opened by the board. Four bids were received and the contract was awarded to Milburn Bros., Mt. Prospect, subject to a mathematical check of the bid by village engineers and state highway department.

The Milburn bid totaled $21,405.95. Others submitted were considemrably higher, ranging in cost from $22,790.60 to $23,769.95.

After a plea made by Mayor Olson, Palatine, the village board decided to sit in at a special meeting at Palatine Thursday night to learn more about the proposed development by Midland Enterprises of 772 acres lying adjacent to Palatine and near the western limits of Arlington Heights. Olson asked the village's support in objecting to the development, which would mean 2,000 more homes for the area. Rezoning of the property is now before the Cook county zoning board of appeals and Palatine has filed a formal resolution with the county zoning board objecting to the development.

Palatine fears such a tremendous increase in population would create a hardship on schools and other facilities in the village. It also feels the water supply would be jeopardized, since the developer plans to sink 1 or 2 wells to serve the area, which would probably tap into the same vein as the new well just completed in Palatine, which lies just a quarter mile away from the proposed project.

County Board OK's Arlington Grade Crossing

The county board Tuesday approved an agreement between the county and the Chicago and North Western railway for installation of grade crossing protections at State rd. in Arlington Heights.

The county and railway will divide the cost of the work, which includes automatic electric gates and flashing light signals.

* * *

THE BOARD also approved a resolution asking $175,000 from the Motor Fuel Tax fund to widen and resurface Central rd. from Arlington Heights rds. to Northwest hwy., through Mt. Prospect, Wheeling, and Elk Grove.

William J. Mortimer, superintendent of the Cook county highway department, reported that the road would be widened to 24 ft. and the money used to include grading and drainage costs.

Police Chief's Wife To Have 2nd Operation

Mrs. Laura Skoog, wife of Police Chief Skoog, has been having a rather difficult time at Resurrection hospital. An operation 2 weeks ago, which was supposed to be minor, proved to be serious. She was in a dangerous condition several days but has recovered sufficiently to permit a second operation this Thursday, which she has been assured is "nothing at all." In fact, she is looking forward to it. She wants to get back home.

Many users of classified ads in Paddock Publications are acquainted with her cheerful voice.

Uncle Sam Calls 3

Three more area men were inducted into the army last Friday under the selective service system, local board 101, 1563 Ellinwood st., Des Plaines.

Inducted were John Rose Jr., Palatine; John S. Filantres, Arlington Heights, and Robert G. Petersen, formerly of Mt. Prospect.

Wood Dale Has Real Trouble With Salt Creek

Wood Dale has joined the ranks of northwest towns grappling with problems concerning Salt Creek.

Entire blocks in Wood Dale are so saturated with sewage mixed with high ground water that it is a miracle no epidemics have broken out.

* * *

SO DECLARED Dr. H. C. Hall, health department sanitarian, who is now completing a DuPage Health survey of the sewage crisis in that town.

Salt Creek flows through the western extremities of Wood Dale.

He said the tragedy is that conditions are such that corrections cannot be made. Many wells are so located that permits cannot be obtained. Small lots and a high soil unsuited for installation of subsurface disposal fields, eliminate ground water table, coupled with the possibility of securng permits on other lots.

Other homes, not now in difficulty, will be refused permits when their septic tanks break down.

* * *

HALL EXPLAINED in his preliminary statement that continuous dosing of the soil with sewage destroys the porosity of the ground and the waste must come to the surface. In Wood Dale, sewage has been found on the surface, in ditches and at outlets of old farm tiles.

The health authority, who urged an immediate sewer program, pointed out that when individual wells are used as water supply, practically all the wells draw water from the same limestone strata where the water is carried in streams through cracks and crevices. Thus, one contaminated well in Wood Dale or any area can contaminate the others. An epidemic of water borne disease could result.

Memorial Day Parade To Honor War Dead

Missing 4 Days, 'Suicide' Man Surrenders Here

John Schaefer, 28, of State rd. and route 58, Arlington Heights, surrendered to Arlington Heights police Tuesday night after a 4-day search had been conducted by local and city police and the Coast Guard.

He is now out on bond and will appear before Justice Behrens Wednesday morning. Prosecution rests in the hands of the state's attorney's office.

Police began a search for him after a suicide note signed by him and a pair of shoes were found Saturday on the left bank of the Chicago river near Morgan st.

The note absolved his wife, Charlotte, 28, of all blame in a pending case charging the two with cashing a number of bogus checks in Arlington Heights stores and in other towns.

The wife, mother of 2, was arrested Friday for allegedly passing the checks ranging from $10 to $42.75. She was held in $1,000 bond for a hearing Tuesday at 10 a.m. before Justice of the Peace Carl M. Behrens, who continued the hearing until Schaefer can be found.

Judge Behrens and Police Chief Skoog received a letter Tuesday morning mailed in Chicago from Schaefer which stated that he would return home as soon as he was able to pay what he owed. Recent checks being received at the bank are for $10. Address memorandum on the back of the check gave fictitious addresses in neighboring towns.

Norman Dewey, cashier of Arlington Heights National bank, said all the phony checks had been made out on his bank. Check blanks from other banks were used with the out-of-town banks scratched out and the Arlington bank written in. Dewey said it was possible that when final tabulations are made, the total number of checks written could exceed 25.

Meanwhile, the coast guard gave up its search of the river and police said the note probably was a hoax to cover up his attempt to hide.

Behrens had received several telephone calls Friday from an excited man who identified himself as Schaefer. He insisted his wife was innocent of the bad checks, but failed to show up when Behrens advised him to come in and clear up the charges.

Police received a similar call before Behrens' phone messages.

Later, the justice received a call from someone identifying himself as Schaefer's attorney. He repeated the assertion that Mrs. Schaefer was innocent of the charges.

Because of the similarity in addresses, many telephone calls have been received by Kenneth and Lois Schaefer, who reside at 1435 S. State rd. They are no relation to Mr. and Mrs. John Schaefer, who reside on South State rd. south of rt. 58.

Season Tickets For Pool On Sale June 6

Season swimming tickets will go on sale at Arlington Heights field house June 6. The ticket office will be open from 9 a.m. to noon and from 2 to 5 p.m., Monday through Friday.

Anyone residing within the park district is eligible to purchase a season ticket. Family tickets, which include admission to the wading pool for the tiny tots, are $12; adult tickets, anyone high school age and up, are $7; children's tickets are $5, and wading pool tickets are $2.

The pool is scheduled to open June 11. Life guards are still needed and any male college student who holds a Red Cross water safety instruction certificate is eligible to apply. Applications will be received at the field house.

Early Deadline

All reporters and advertisers of Paddock Publications are urged to send copy for next week's additions as early as possible since printing time will be cut one day due to the Memorial holiday Monday.

Correspondents should send in as much of their copy on Friday as possible, and advertisers are also asked to have copy in Friday if at all possible. News pickups ordinarily made on Monday will be made on Tuesday next week.

Paddock Publications will be closed all day Monday.

Broiler Fire Closes Big Freeze Drive-In For Three Day Repairs

Forty patrons were forced to flee the Big Freeze restaurant, 602 W. Northwest hwy., Arlington Heights, Sunday at 10 p.m. when fire broke out in the kitchen.

A broiler caught fire, but fast action by Arlington Heights firemen prevented the blaze from doing more damage than a gutted kitchen ceiling and smoke.

Mannager H. M. Rapp said he had no estimates on how expensive damage would be.

The restaurant was closed Monday, Tuesday, and Wednesday, but opened for business as usual today.

Rapp paid special tribute to local firemen, declaring that "no one could have done a finer job."

Fate Of Ordinance Re: School Aid Up To Board

Fate of a new ordinance requiring developers of new subdivisions to pay $300 for each house they build to aid the grade school district until the new house is placed on the tax rolls is being held in abeyance until the Arlington Heights village board can give the matter further study.

* * *

FIRST READING of the ordinance was held at the board meeting Tuesday night. Several trustees questioned the validity of such an ordinance and whether or not it could be enforced if passed. Trustee Robert Bishop said the ordinance is similar to ones in effect in Palatine, Park Ridge and Des Plaines. Mt. Prospect is also considering such an ordinance, but theirs would provide that every house built would be required to make payment to the school.

A recent announcement by the Veteran's Administration concerning a similar ordinance in the village of Markham states good schools add to the value of a home and therefore such a contribution may be added to the cost of the home.

The ordinance was prepared at the request of the old board and was prompted due to the tremendous increase in population and the overcrowding of school facilities in the area. In the past it took nearly 2 years to get a new home on the tax rolls, but the schools have to educate children from these homes as soon as they move in. It was hoped the $300 would help bridge the gap between the move-in time and the time tax money was forthcoming.

* * *

TRUSTEE Forrest Davis stated, "I don't see why we should mess around with an ordinance that can't be legally enforced; we have trouble enough with ordinances that can be enforced."

It was also pointed out by Trustee John Hoover that under a new ruling by County Assessor Keenan homes are to be placed on the tax rolls as soon as they are under roof, regardless of whether or not the occupant has moved in. If this is enforced, homes will be on the tax rolls much sooner, he said.

Military Organizations, Youth Groups, School Band to March

Arlington Heights' Memorial day parade will be one of the biggest in village history with all the military organizations and auxiliaries, civic groups, village officials, police and fire departments and auxiliaries, and youth organizations participating.

The parade will assemble at the south side school grounds at 9 a.m. and step off at 9:30 a.m. promptly. It will proceed north on Dunton ave. to Euclid ave., west on Euclid to Walnut, and south on Walnut to Memorial Park.

* * *

ARLINGTON HEIGHTS high school band, under direction of Frederick Schmoyer will provide marching music.

"I want to tell the people of Arlington Heights," said Parade Marshal C. L. Griffith, "how lucky we are to have this fine high school band in our program this year, due to the wonderful cooperation of Supt. Harold Slichenmyer, Fred Schmoyer, and all the participating boys and girls. They are going to march in a parade in Mt. Prospect on Memorial day morning, but agreed to help us out by marching in our parade before going to Mt. Prospect. It is quite a sacrifice on the part of the boys and girls and the director, and I want to take this opportunity to publicly thank them all and tell them how their cooperation is appreciated by the Legion, VFW, and myself."

The ceremonies, including taps, placing of wreaths, and a gun salute, will be held in Memorial Park, located at Chestnut, Park and Fremont sts. triangle immediately following the parade, at about 10:15 a.m.

Gunmen Rob Country Club; Hold Up Two

Two masked robbers held up Rolling Green country club, Arlington Heights, early Monday and escaped in the manager's car, later abandoned near Arlington cemetery.

Manager William Giffen told sheriff's police that he and Larry Miller, an employee, returned to the clubhouse after closing time and heard noises.

When they entered, they were confronted with a gunmen 6 feet 5 holding a revolver.

One safe had been forced open and Giffin was ordered to open a second one.

Giffen and Miller were locked in a closet before the robbers made their escape.

Although newspaper reports said $2,000 had been taken from the club, a spokesman for Rolling Green said they had no idea how much had been taken.

1955 Cancer Fund Drive Exceeds 1954

The chairman of the Northwest Suburban Chapter of the American Cancer Society received from Robert Schnering, state chairman, 1955 Cancer Crusade, the following telegram.

"Congratulations on meeting and beating your quota, your performance is an inspiration to all of us in our common fight against cancer. Please convey my appreciation to all of the wonderful workers on your team for going over the top and for continuing their work in the crusade."

The Northwest Suburban chapter is comprised of Barrington, Palatine, Rolling Meadows, Arlington Heights, Mount Prospect, Prospect Heights, Des Plaines, Wheeling and Skokie. To date, $20,600 has been contributed to the fight against cancer. Last year's total was $17,467.

It is expected that the canvassing of all communities will be completed by the end of May, consequently the total is expected to be increased. Anyone who has been missed may contribute by issuing a check payable to American Cancer society, and mail to American Cancer society, c-o your local postmaster.

Mt. Prospect Has Plan To Save Elms

European elm scale, an insect that sucks saps from branches and twigs, is the cause of the sticky substance dripping from the trees that line parkways.

Experts recommend a spray at this time to kill the young crawling insects, followed by an oil spray in fall after the leaves have fallen to destroy eggs, with an additional oil spray every 3 years. It was pointed out the sap suckers weaken the trees, leaving them susceptible to other diseases.

Mt. Prospect has a bid of $1 per tree if 1,000 are sprayed. It is estimated there are 6,000 trees in the village. Further information is being sought, and the village board is expected to take some action at their next meeting June 7. (B5

Board Questions Legality of Ready-Mix Plant Operation

Unanimous action taken by Arlington Heights village board Tuesday night will require Consumers Ready-Mix plant, 301 W. Northwest Hwy., to show just cause why their license should not be revoked for failure to comply with village ordinances.

Company officials are being asked to appear before the board at its June 7 meeting to relate their reasons.

The matter was brought before the board by Trustee Frederick Weber who asked that the old members of the board give the new members a briefing on "just how we got the ready-mix plant."

* * *

HUGO J. THAL, village attorney, explained that the existing use of the property was on a non-conforming basis, the business having been operated long before a zoning ordinance was adopted in the village. The business was known as Arlington Elevator and Coal and handled coal, cement, sand and gravel, which was hauled from the location in trucks. With the arrival of the ready-mix plant the coal business was eliminated, and in its stead the ready-mix hoppers were installed. At present the company still handles cement, sand and gravel, but it is now mixed together in the hoppers and emptied into the ready-mix trucks.

At the time the company applied for a permit it was the board's opinion they could not deny the permit inasmuch as the nature of the business was not being changed to any great degree.

In the wake of its installation, however, came a storm of protests from property owners residing in the area. They claim their homes have been ruined by cement dust, their peace is being constantly disturbed by the noise of the hoppers, and the coming and going of the trucks on the highway create a safety hazard.

THE PAST BOARD had several heated sessions where property owners voiced their complaints against the plant. Company officials were called in and the board informed them they would have to take steps to eliminate the causes of the complaints. Several costly installations have been made to eliminate dust, and to correct a drainage problem which resulted from the operation.

Property owners, however, claim there has been no relief from the "monster" on the highway. Fred Sieburg panned the past board, the new board, and the local newspaper for letting this situation develop in the first instance and to continue to exist. He said, "The reason precinct 4 turned out 600 strong against the old board in the recent election was due to its failure to eliminate this problem. We expect action from this board to eliminate the nuisance and we want it now."

* * *

FOLLOWING a lengthy discussion Trustees John Hoover moved a formal notification be sent to the owner of the company, pointing out at least 5 instances where it failed to comply with the village ordinance and asking it to show just cause for the violation. Copies of the notification will also be sent to Chicago and North Western railroad, lessor of the property, and George Schneberger, sub-lessor.

Hoover also asked the attorney to obtain an estimate of how much it would cost to bring the matter to court, if that is the only way the village can permanently abate the nuisance.

Two drivers escaped serious injuries Saturday night when their autos collided at Central rd. and Burton place, Arlington Heights, and caused the above to turn turtle. Car pictured belongs to Frederick H. Bogardt, 460 W. Daniel rd., Palatine. Other driver was Peter Knaack, Des Plaines. —Staff Photo

ARLINGTON GREENS

For those who wondered what caused the steady line of parked cars on Hickory Tuesday night, May 17, here is the answer: Alice Johnson entertained 28 ladies who comprise the round robin of bridge of the Arlington Heights Newcomers club. This was the final night and prizes were awarded to the high scorers. Each player was presented with a carnation corsage to celebrate the event. Kay Boehm and Florence Horner were the only ladies, other than Alice, from the Greens area. Kay, by the way, was awarded third prize of that ever popular item, cash. Table prizes to mention just a couple were perfume and summer handbags. Calories were temporarily forgotten when Alice served coffee and generous wedges of rich chocolate pie to her guests.

Get-Acquainted Party

Ruth Epsky, 913 Olive st., proved herself a good neighbor when she recently invited 9 friends to a get-acquainted party to meet a new neighbor, Dorothy Kalkhoff. The ladies who enjoyed coffee and rolls and pleasant conversation were Rosemary Buttstadt, Arlene Forpe, Marian Born, Kay Baer, Terry Bylski, Doris Davis, Dorothy Funk, Alice Nichols and Mrs. Norman Cook. Dorothy and Amos Kalkhoff have been in their home at 909 E. Olive only a short while but, thanks to all their neighbors, feel very much "at home." The Kalkhoffs have one daughter, Ann, 10, in the fifth grade at North school. They attend the First Presbyterian church. The entire family enjoys reading and of course, gardening. However, Dorothy's chief claim to fame is her needlework. Although the family moved to the Greens from Prospect Hts. their original home was Louisville. Amos is employed by the engineering department of Plibrico company. Here is one family the hot summer weather won't bother, their home is air conditioned.

Special Delivery

Donna and Chuck Thompson, 1158 N. Dryden, are thrilled with their new little daughter, Kathleen Ann, born at West Suburban hospital May 16 weighing 7 pounds 9 ounces. Kathleen's big brother, 15-month-old Michael, had a vacation in Mt. Prospect during his mother's absence, where he was cared for by Carol Novak, a friend of his mother's. The children's grandparents live nearby. Maternal grandparents, Mr. and Mrs. Harry F. Lowe, reside in Des Plaines and paternal grandparents, Mr. and Mrs. Charles F. Thompson, live in Park Ridge.

Girls now outnumber the boys in the home of Margaret and Will Sedlak of Clarendon ave. Steve 13, Mike 12, Penny 8, and Spring, 3, have a new sister who has been named Trudy Ann. She was born May 7, at West Suburban hospital and weighed 8 pounds 3 ounces. Trudy Ann is quite an exceptional young lady . . . she arrived complete with shoulder length black curls and bangs! Will has been devoting his spare time to building additional rooms on the second floor of his Cape Cod house to keep up with his growing family.

Olive st. home owners are much happier this week thanks to the village board's committee on street improvements. The holes and ruts in the street were repaired and it is once again a pleasure to drive down Olive.

Sorry to hear that Jimmy Josetti son of Anne and Oscar Josetti, 1156 Hickory st. has scarlet fever. Fortunately he has a very mild case.

New Prexy

Congratulations to Alice Johnson on her election to the presidency of the Arlington Heights Newcomers club May 19. Alice has been active in the club and all members are looking forward to great things for the coming year. After the elections a fashion show was staged by Pauline Baugous, program chairman, designed to show what the suburban housewife should wear for sunning and gardening this summer. One of the models wearing clothes from the Sporty Miss Shop of Palatine was Janice Swanson, in a brilliant blue sundress trimmed in charcoal and cerise. Meg Kelly, 1142 Hickory, came home from the affair with a $5 merchandise certificate donted by the Sporty Miss Shop and Del Hultgren received a $2 certificate offered by Charles Klehm nursery.

Keith Sims, son of Ginny and Dick Sims, has recently made a mark for himself in the world of science. He and 2 other students from Arlington high worked many long hours on their project, a model of the solar system, which was presented to the district science fair at Maine township high school and won first prize. Keith and his fellow scientists were then entitled to enter state competition in Carbondale where they again won first place and were awarded a certificate of merit in astronomy. Keep up the good work Keith!

May 23 marked 14 years of marriage for Janice and Bob Swanson. Congratulations to one of the Greens' most active couples!

Picnic Cancelled

Cub scouts of Arlington pack 232 were disappointed last Sunday when rainy weather cancelled their annual family picnic at Deer Grove. Awards that would have been given on that day will be packed away for the summer months and will go to the deserving cubs at their first pack meeting in the fall. Scouts who wish to march in the Memorial day parade should meet at the Junior high school at 9 a.m. Monday in uniform.

Ed Neas attended a 3-day convention this week in Dixon, where he was a lay delegate of Our Saviour's United Lutheran church to the Illinois Synod convention of the United Lutheran church.

Luncheon Hostess

Mrs. Gracelyn Anderson was hostess at a luncheon Wednesday with her Beverly lane neighbors as guests. Those able to attend were Mrs. Irene Soprano, Mrs. Eba Lindahl, Mrs. Lorraine Gustafson, Mrs. Lois Evans, Mrs. Virginia Heitz, Mrs. Irene Beauchamp, Mrs. Jane FitzPatrick, Mrs. Virginia Mutti, Mrs. Lorraine Larson and Mrs. Mary Nelsin of N. Dryden.

Mary Lou and Allen Aspengren, twin children of Mr. and Mrs. Alfred Aspengren, 618 N. Dryden, celebrated their 10th birthday May 21. Their friends, Dawna-Dale Castor, Anne Marie Stubitz, Susan Colianni, Mary Elizabeth Cockrell, Lynn and David Shaughnessy, Gary McCosh, Jeffrey Nolan, Timothy Thrum and James Basak enjoyed luncheon with the twins and an afternoon of fun and games.

Visiting at the Howard Baker home this week is Mr. Baker's mother of Long Island, N. Y.

House Guest

The William Karl family have as their house guest this week Mrs. Karl's mother, Mrs. Robberson of Cleveland, O. Her father and sister will join them this weekend.

The Jack Bensons, 202 N. Brighton, are entertaining Mr. Benson's mother, who is on a visit here from the east.

We would like to take this opportunity to wish the Frank Edmonds family lots of luck in their new home. They will be leaving Eastwood May 31, but their new location in Stonegate is just a stone's throw away.

Welcome to our new neighbors, Mr. and Mrs. William Guilfoil, who moved into the former Charles Barrett home at 307 N. Dryden. The Guilfoils formerly lived in Cleveland. Their children are Scott, 5, in kindergarten at North school, and Billy, 9, in fourth grade. Although this family is new to Arlington Heights, they resided in Chicago several years back. Mr. Guilfoil works in Skokie, and he and Mrs. Guilfoil are anxious to get settled in their home so they can devote a lot of time to gardening.

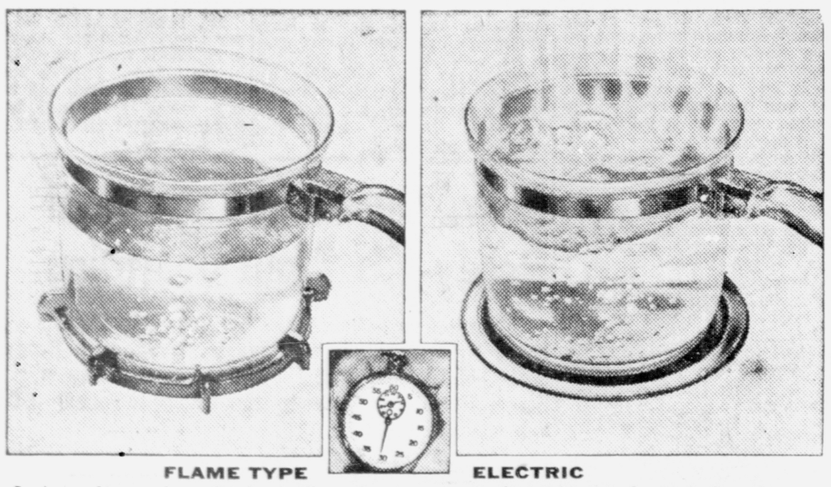
Smith and Mr. and Mrs. R. Demmitt of Glen Ellyn, Mr. and Mrs. Joe Gallo and Mr. and Mrs. Rizzo and daughter, Rae of Chicago.

Q. Should a dinner hostess keep eating as long as her guests do?

A. Yes. A thoughtful hostess will notice which guests are a little slow, and will so manage her "bites" that she will keep eating as long as her slowest guest.

Before you buy any range, find out

Which *is* Faster



FLAME TYPE — 6 minutes 31 seconds—still below boiling point

ELECTRIC — 5 minutes 31 seconds—at boiling point

RESULTS OF RECENT IMPARTIAL RESEARCH:

Independent engineers of the R. W. Hunt Company (who made this series of tests) stated: "We ran several speed studies—comparing 3 modern flame-type ranges against 3 modern electric ranges. One electric surface unit boiled a quart of water in 5 minutes and 31 seconds. That was 56 seconds faster than the best flame-type burner tested. We made twenty-one tests in all. Results showed that the three electric ranges averaged 40 seconds faster than the three flame-type ranges." (All ranges tested were top brands.)

The answer: Nothing cooks faster than today's electric ranges!

If you have to get meals in a hurry, you know speed *is* important. But modern electric cooking offers more than speed.

For instance, when you cook vegetables the waterless electric way, the flavor is *all there!* And don't worry about scorching, because the electric unit heats the pan *evenly*.

There's no cooler way to cook than with a new electric range. Electric ovens are so well insulated they keep your kitchen up to 10 degrees cooler than flame-type.

Heard about our New Installation Plan? It can save you important money on installation of a new electric range. The Plan is available at all appliance dealers' and Commonwealth Edison or Public Service Company stores. Makes owning an electric range so reasonable there really isn't any reason to wait.

New electric ranges low as $2.16 a week, complete, installed

Objects to Separate Storm Sewer for 2 Block Improvment

Paul Peterson, who proposes to put sewer and water improvements on N. Hickory, appeared before Arlington Heights village board Tuesday night, objecting to putting in a separate storm sewer in the 2 block area.

Original plans for the project were approved by the board in 1948, and they showed a combined storm and sanitary sewer. Since that time, however, the state sanitary water board requires that all new storm and sanitary sewers be separate units. Combined systems are no longer permitted.

Trustee Frederick Weber moved that plans for the combined storm and sanitary sewer as originally drawn, be approved by the board, subject to its approval by the state sanitary water board. The motion was passed 4-1 with Trustee Robert Bishop voting no. Trustee Richard Bronwell passed his vote.

* * *

A RESOLUTION submitted by Trustee Forrest Davis, finance chairman, requesting that $10,299.02 be taken out of motor fuel tax funds to retire special assessment obligations, was adopted by the board.

Plat of another new subdivision lying between Gibbons and Stratford aves., north of Euclid and south of Oakton, and containing 37 acres, was submitted to the board. It contains 134 lots. The plat was referred to the planning commission for its recommendation.

Repairing of the Kennicott well was partly blamed for the low water pressure in the Sherwood subdivision. The board will attempt to speed up operations on this well in order to give relief to residents in that area.

The board passed an ordinance providing for the rezoning of property on the northeast corner of State rd., and Oakton st., to permit the installaion of an elecrical distribution center by the Public Service company. The company has agreed to dedicate Oakton st. along their property line.

Another ordinance permitting police officers up to the rank of sergeant to live within a 5 mile radius of the village, was passed by the board.

The county highway department requested the village board to pass an ordinance prohibiting parking on streets widened by the county, and said ordinance was passed by the board 4-2. Bronwell and Bishop voted no. Bishop said he did not think it right to prohibit property owners from parking on the streets in front of their homes.

* * *

FIRST READING of an ordinance dealing with the moving of old houses was also held, but action was deferred until the matter can be studied further. The ordinance provides that no building or structure can be moved into an area unless 50% of the homes within a 2 block radius are of the same type and approximate age, or unless said building or structure will be remodeled to fit in with 50% of the existing homes.

F. Robert Buechner, village manager, was directed to have the remains of a building at 1012 N. Highland, which had been partially destroyed by fire, demolished.

A letter received from the mayor of Aurora urging the village's support of a ½ cent sales tax increase was placed on file.

The meeting was adjourned at 12:15 a.m. until 7:30 p.m. Tuesday. This meeting will be held primarily to set salary schedules for village employees and to discuss the proposed sewer and water improvements for the village.

Set Membership Goal at 2,000 For Cardinals Booster Club

A 2,000 membership goal for the first year of operation of the newly organized Cardinals Booster club of Arlington Heights high school, district 214, was announced this week by club officers.

* * *

THE CLUB was organized last month by high school parents interested in developing increased interest in the school athletic programs.

Martin F. Maher, president, told the board of directors at its meeting Tuesday evening, that the first appeal for membership had brought 200 applications.

"With this excellent start and our low annual dues of $1, every mother and father of a high school student should join," Maher said.

H. T. Winterbauer, membership committee chairman, said membership applications will be distributed at the high school All Sports banquet to be held next Wednesday evening, June 1.

He said anyone desiring to join may also send his or her name and address and $1 to the club treasurer and finance committee chairman, E. E. Plank, 714 Mayfair, Arlington Heights.

* * *

THE BOARD announced the club will sponsor a "Pre-Kick Off" dinner next fall prior to the first football game. The dinner will be held for all boys entering fall athletic programs, their parents and all other interested parents and pupils. The purpose of the affair will be to establish a close relationship between the members of the coaching staff and parents.

Other committee chairmen named at the board meeting were Mrs. Kathryn Vittum, social relations and Edward Wilson, publicity.

Hold Organizational Meeting Thursday

The organizational meeting for the "Women of the Church" of Our Saviour's United Lutheran church, Arlington Heights, is to be held tonight, Thursday, at 8 o'clock in Dryden school. The Rev. George H. Hoog, pastor, will describe the "Women of the Church" plan as outlined by the United Lutheran church at large, and the meeting will be opened for a discussion of how the plan may best be applied to the local congregation.

Mrs. Norman Blackwell is in charge of refreshments following the meeting. All women of the congregation and those who have not yet affiliated with the church are invited.

Public examination of the confirmation class to be received into church membership June 5, will be held May 27 in Dryden school at 8 p.m. Members of the congregation and their friends are invited to join with parents of these young people to hear the oral examination conducted by pastor Hoog.

New members are to be received into the congregation June 5, at the 10:45 worship service, which is to be a service of holy communion. Any new members of the community who wish to join Our Saviour's by letter of transfer are asked to call pastor Hoog at Vanderbilt 4-0013.

Our Saviour's is joining with the Methodist, Presbyterian and Evangelical and Reformed churches of Arlington Heights in a daily vacation Bible school to be conducted Mondays through Fridays, June 13 to 24, from 9 to 11:30 a.m.

Words & Music

THE NORTHWEST SYMPHONY

The rows of empty seats which greeted the Northwest symphony Friday night were mute testimony to the oft-proved adage that culture "ain't" for the suburbs "nohow."

The battleaxe of inertia has befallen the community concert association, Village theatre, and now the Northwest symphony.

Aren't suburbs aware of the talent available to them? Is it possible that suburban residents—who, according to sociological folklore, have higher educational and cultural backgrounds—are more dedicated to "The Vise," "Dollar a Second," and TV boxing than to good music?

The symphony gave its spring concert in Maine high school auditorium. Those few who attended were treated to an excellent program under the inspired direction of Perry E. Crafton. The symphony is fortunate to have secured the talents of Mr. Crafton as conductor.

A balanced program of Bach, Berlioz, Beethoven, Mendelssohn, Wagner, and Kodaly provided a pleasing contrast in classic and modern music. Only occasional fuzziness marred an otherwise smooth and polished performance. This weakness was most evident in the first movement of Beethoven's Symphony No. 7 in A major, but the second movement was perhaps the orchestral highlight of the entire evening. It was well interpreted and perfectly excuted.

Berlioz' "Roman Carnival" and Kodaly's "Hary Janos" suite were both performed with an unusually professional flavor.

The harshest criticism that can be made was Mr. Crafton's occasional tendancy to rush the orchestra. Even this, however, failed to dampen the overall high quality of his direction and of the sympony's genuineness.

The audience seemed surprised to discover in their very midst a young dramatic soprano with a professional voice.

One could not help but wonder why this magnificent talent was confined to northwest suburbs. It is apparent that Barbara Leichsenring, Mount Prospect soprano who was symphony soloist, is headed for bigger things.

Her open throat qualities were particularly exciting in her performance of "Hear Ye, Oh Israel." Noted with satisfaction was her well-controlled vibrato, too often a weak point with sopranos without a great deal of professional background.

Unfortunately, her dynamics in Wagner's "Du Bist der Lenz" went unappreciated because the orchestra was playing too loud.

The ovation which Miss Leichsenring received at the close of her performance was an indication of the high esteem in which she is now held by the northwest suburbs.

For those who wish to hear her sing again, and for those who might have missed her Friday night, she will sing in a recital June 5 at 7:30 p.m. in Bethel Lutheran church, 2101 N. Humboldt blvd., Chicago.

The Northwest symphony is supported by residents of Arlington Heights, Mount Prospect, Des Plaines, Park Ridge, and Glenview. Their support merits the grateful appreciation of all who are concerned about the future of the arts in America. Development of a sincere interest in art at the grass roots means much toward its expansion at higher levels.

Arlington Tri-Hi-Y Club Installs New Officers

Last Monday evening the Arlington Heights Tri-Hi-Y club installed its officers for the coming year in an impressive candlelight ceremony. The retiring president, Natalie Glover, led the group in the installation, as each officer passed her duties to the new executive member taking her place.

New officers include Audrey Gronert, president; Diane Garman, vice president; Sandra Barbour, secretary; Linda Hackbarth, treasurer; Pam Wickens, corresponding secretary; Helga Pytlik, chaplain.

* * *

MISS JEAN CASKEY, women's and girls' program secretary at the Northwest Suburban YMCA which sponsors the Tri-Hi-Y club, acquainted the group with the officers training camp offered by the Chicago YMCA to all new officers of Tri-Hi-Y clubs in this area. It is a one week training and recreation program presented at College camp, Lake Geneva, Wis., the last week in June.

Tri-Hi-Y is open to all high school girls who enjoy a well-balanced program of service, social, physical, and educational activities. Anyone interested please call the Northwest Suburban YMCA office, VA 4-4156.

3 Baseball Stars To Take Part In Riverview Ramble

Three baseball stars, Leo Durocher and Willie Mays of the world's champion New York Giants, and Hank Sauer of the Chicago Cubs, will take part in the picnic show of the United Charities' benefit, Riverview Ramble, Tuesday night, June 14, at Riverview Park.

Bob Murphy of the "Bob and Kay" TV show will serve as master of ceremonies for the picnic hour entertainment which will begin at 5 p.m. with music by an old-fashioned, uniformed German band.

Another special attraction will be "Nicky" Francis, "Super Circus" clown, and his little trained dog, "Bobo." The program will open officially with the presentation of the colors by a U. S. Marine color guard in full-dress uniform, and will close with the bag-pipe music of the Stockyard's Kiltie Pipers in Scottish dress.

Promptly at 7 p.m., the world's biggest amusement park will begin operation of its 38 rides and shows.

The 1955 Ramble is sponsored by the Women's auxiliary of United Charities with Mrs. Charles A. Bane as general chairman. Proceeds will be used in carrying on the work of the United Charities through its 3 major divisions — the Family Service bureau, Legal Aid Bureau, and Camp Algonquin. (B5

Arlington SPEBSQSA Holds Installation Of Officers May 16

Installation of officers in Arlington Heights chapter SPEBSQSA, Inc. was held May 16 at the Buffalo House in Buffalo Grove. Master of ceremonies was the retiring president, Bob Isaacson, who introduced new officers, Barney Erickson, president; John Allen, vice president; Harold Henry, treasurer and Bill Rossiter, secretary.

Arlington Heights chapter has just purchased a film strip prepared by the international office of the society entitled, "Balance and Blend." This film strip is accompanied by recorded comment whch will give any singing group, basically a quartet, but will hold true for choruses as well, a foundation for what is necessary sound-wise, to make a good quality singing group. This strip was shown to members for the first time by the retiring secretary, Chuck Jevne, after the installation was completed.

This film strip is 20-25 minutes in length and is available for use by any singing group. Further information may be obtained by contacting the new secretary, Bill Rossiter, 809 N. Patton, Arlington Heights.

become acquainted with Mrs. Joseph Power's delicious baked goods er's delicious baked goods through bake sales and other social functions.

Recently she baked a raisin coffee cake for the Palatine Woman's club bake sale. Then, on another occasion, she brought her chocolate pecan cookies to a combined meeting of the Inverness, Plum Grove and Palanois Park garden clubs.

Both events precipitated many requests for these 2 recipes, so Mrs. Power chose them to share with us today.

The coffee cake is versatile. Basically a pound cake, it can be made with or without raisins, or chopped nuts may be included if desired.

Sprinkle it with powdered sugar and it is a coffee cake. Frost it with a light icing and you have a dessert. Or use it as the basis for a strawberry short cake.

Made in a form pan, this appealing cake stays moist for days. And it can be feozen with excellent results.

The chocolate pecan balls are delicate cookies, very short and of the melt-in-your-mouth variety.

Rolled in powdered sugar, they are tempting in appearance and delightful to taste.

A member of the Palatine Woman's club and the Altar and Rosary Society of St. Theresa church, Mrs. Power also acts as program chairman for the Plum Grove Garden club.

The Powers live at 324 S. Maple st. in Palatine.

Philip's Coffee Cake

¾ cup shortening (use half butter)
1½ cups sugar
3 eggs
3 cups all purpose flour
½ teaspoon salt
3 teaspoons baking powder
1 cup milk
1 teaspoon vanilla
½ cup nuts or raisins (optional)

Cream shortening and sugar. Add eggs, one at a time, beating well after each addition.

Sift dry ingredients together and add alternately with milk. Add vanilla and raisins.

Bake in well-greased tube pan for one hour in 350 degree oven.

Sprinkle with powdered sugar or frost with a light icing.

Chocolate Pecan Balls

1¼ cups butter or margarine.
½ cup cocoa
⅛ teaspoon salt
1 teaspoon vanilla
2 cups all-purpose flour
1 cup chopped pecans

Cream butter and gradually add sugar, beating until fluffy. Add vanilla.

Sift dry ingrediants together and add to batter. Blend in chopped nuts, mixing well.

Cover bowl and place in refrigerator several hours.

Form dough into balls one inch in diameter. Place one inch apart on ungreased cookie sheet.

Bake approximately 20 minutes in 350 degree oven.

Cool cookies and roll in sifted confectioners sugar. Makes 6 dozen.

This Week with PTA

New Officers Take Over

At the final meeting of Arlington Heights PTA Tuesday evening of last week, the outgoing officers relinquished their posts to those elected to replace them at the general meeting in February. Mrs. Nat Burfeind presided at the installation of Mrs. Howard N. Froyd as president, Mrs. Rupert Vittinghoff as first vice president and program chairman: Mrs. Tadd Wake as second vice president and membership chairman, Mrs. David Zimmerman as secretary, and C. F. Close as treasurer.

The office of second vice president and membership chairman is a new one, provided for in the additions and revisions to the by-laws which were voted on favorably at the May meeting.

Outgoing officers are Mrs. C. H. Rosene, president; Mrs. James Munson (who recently moved to Milwaukee), vice president and program chairman; Mrs. Richard W. Bardach, secretary; and George W. Sullivan, treasurer.

School chairmen who have been appointed to serve for the year 1955-56 are Junior high school, Mrs. Kenneth Hood; South school, Mrs. Carl Behrens; Ridge school, Mrs. Robert Schultheis; North school, Mrs. Russell Walters and Dryden school, Mrs. John Lindstrom.

Committee chairmen who will serve in the coming year are ways and means, Mrs. Richard DeZur; refreshments, Mrs. John Low; publicity, Mrs. Jack C. Hosford; Foreword editor, Mrs. Raymond Erickson; Foreword distribution, Mrs. A. P. Shogren; hospitality, Mrs. H. A. Cornelius; health and summer round-up, Mrs. John Hall; welfare activities, Mrs. Charles Stewart; safety, Mrs. Peter Toffoli; publications, Mrs. George Vitoux; school legislation, Mrs. Thomas P. Johnson; exceptional child, Mrs. Fred Lunsman; community service, John McComb; youth activities, Mrs. Charles Baker and Don Traver; historian, Miss Marjorie Engquist and preschool study group, Mrs. Jack Keller.

As the program feature of the evening, Mrs. Laurene Hoppe's review of the book, "Good Morning, Miss Dove," brought into use both the risible and lachrymal faculties of her audience. In the person of Miss Dove, everyone surely recalled one such spare, stern, and forbidding figure from his inkwell years—one which still looms as unchanging and as complete an embodiment of the stalwart virtues as the Liberty Bell—except that Miss Dove would not have allowed a crack to appear in her armor.

Mrs. Hoppe's resume allowed her adult listeners to relive the past with the appreciative and understanding eye of the present.

Refreshments were served following the meeting.

Unless further local news comes in from the Northwest Suburban council meeting today in Park Ridge, or from the National Congress of Parents and Teachers meeting this week in Chicago, this column will be suspended until the opening of the fall term.

The outcome of the bridge tournament will, however, be reported in a separate article when results are known.

Carnival To Be Cub Pack Meeting

A carnival will be the feature of the monthly meeting of cub pack 37 tonight, Thursday, at 7:30 p.m. in the recreation basement of St. Peter Lutheran school, Arlington Heights.

Games of skill, which are being made by the boys during the weekly meetings of the six dens, will be enjoyed by members and guests.

Ivor Fruehling, cubmaster, announced there will be a blueberry pie eating contest for the 43 cub scouts who will be present. A pie will be awarded to the father of the winner.

Gerald Blum, Herbert Freeman and Bruce Jackson were given their bobcat pins at the last meeting.

Dixieland Minstrel Show At Faith Church

Members of the cast of "Dixieland Minstrels" presented the show to an appreciative audience last Friday and Saturday nights at Faith Lutheran recreation hall, Arlington Heights.

The show was presented to a capacity audience on both nights, Mrs. Irving Johnson, director announced. Proceeds from the performance will be given to Lutheran charities.

Doll, Wardrobe To Be Project Of Nurses' Organization

A doll with an elaborate wardrobe will again be an annual project of Arlington Heights Nurses Club, Inc. with proceeds to be given to the finance committee of the proposed Northwest Community hospital. Items in the doll's wardrobe will be made by members of the nurses organization and with the doll, will be on display in a local store.

Goal for this project is $1,000 and members hops that all in the community will help.

The organization's May meeting was held at the home of Mrs. J. L. Raffle, 636 Burton place, May 20. Annual election of officers for the coming year was held at this meeting. Mrs. George Reinhardt is the new president; Mrs. Charles Bloecker, vice president; Mrs. James Hurley, recording secretary; Mrs. John Schindler, corresponding secretary and Mrs. Carl Reitmeyer, treasurer.

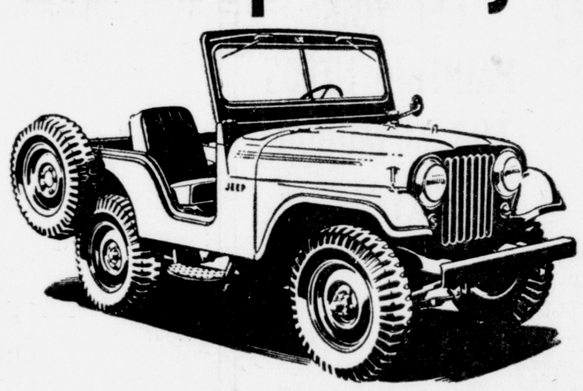
New Headquarters for the 'Jeep' family of 4-wheel drive vehicles



All-new 4-wheel drive Universal 'Jeep'

We are proud to announce the appointment of another dealer for the famous 4-wheel drive Universal 'Jeep' and other members of the 'Jeep' family of 4-wheel drive vehicles.

The extra stamina built into these vehicles assures superior performance on or off the road. They travel on the highway in conventional 2-wheel drive, but they shift easily into 4-wheel drive to go through mud, sand, snow or soft earth where ordinary vehicles can't go. With power take-off they operate a wide variety of equipment for farm or industry.

We invite you to drop in soon and get the facts on how 'Jeep' 4-wheel drive vehicles can save time and money for you.

Young Soloists In Recital At Chicago Church June 5

WILLARD STRAIGHT

Three young soloists, including a Mount Prospect soprano, will appear in a recital Sunday, June 5, at 7:30 p.m. in Bethel Lutheran church, 2101 N. Humboldt blvd., Chicago.

Artists will be Barbara Leichsenring, soprano; Fred Bremer, organist; and Willard Straight, pianist.

The program is oper to the public.

Willard Straight has been hailed as one of America's most brilliant young pianists. He has been soloist with the Chicago Symphony, the University of Kansas Symphony, and given concerts in Kansas City, Miami, and Orchestra Hall. On July 1 he will be soloist for the Grant Park concert. At the recital he will play Chopin, Debussy, and an organ duet of Bach.

Barbara Leichsenring, 600 Albion, Mt. Prospect, has appeared as soprano soloist with the Northwest Symphony, the Chicago Sunday Evening club, the Apollo club chorus, and the Roosevelt university choir and orchestra. She will sing Mendelssohn's "Hear Ye Israel," Besly's "Sermon on the Mount," and Mozart's "Alleluia."

Fred Bremer has been organist and director of choir at Bethel church since 1952. He studied organ and piano at Wittenberg college, where he toured with the a cappell choir for 4 seasons. His selections will include Bach's "Erbarm' dich mein, O Herre Gott," Franck "Choral," "Purvis' "Communion," Clokey's "Ballade in D," and the organ-piano arrangement of Bach's "Sheep May Safely Graze."

Residents of the northwest towns are especially invited by the Rev. Vernon Failletaz to attend the recital.

Public Notice

Notice of Changes in Electric Schedule

COMMONWEALTH EDISON COMPANY (Public Service Company Division) hereby gives notice to the public that it has filed with the Illinois Commerce Commission on May 10, 1955, certain proposed changes in Schedules E-3, E-2, and Section No. 1, Ill. C. C. No. 4 with regard to the method of determining monthly fuel adjustment charges.

It is proposed in this filing that adjustments under Rider 20 hereafter be made to reflect variations in the cost of fuel per therm from a base figure of 2.70143c which will, in effect, reduce the amount of the fuel adjustment by 0.15c per kilowatt hour. This amount is then to be added to the energy charges of each of the Company's filed rates.

These formal changes are proposed to provide a fuel adjustment which has a current price base, but they will not increase the amount of any customer's bill.

Further information with respect to these changes may be obtained either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois.

A copy of the proposed changes may be inspected by any interested party at any business office of this Company.

Migrant Aid Benefit Tea Represented By 14 Churches

Fourteen protestant churches in the northwest suburban area were represented at the Migrant Aid benefit tea held May 19, at First Congregational church, Des Plaines. Over 100 women attended to hear a talk by the Rev. Dr. William Scholes, regional director of migrant work, department of home missions, of the National Council of Churches of Christ in the U. S. A.

In his talk, Dr. Scholes stressed the social and economic factors underlying the necessity for the 2 to 3 million migrant workers who harvest crops and man the canneries across the country. He gave the illustration that if all the goods which migrant labor helped put on our grocery shelves were removed, there would be little left except milk and bread. In spite of our economic dependence upon the migrant worker, no state claims him or can protect him under existing welfare laws due to residence requirements.

The communities which depend upon the yearly arrival of migrant workers face the ensuing social problems in many ways, varying from complete neglect to active civic concern. East coast states have begun to meet the educational problem by appropriating funds to support schools for migrant children to run during the harvest season. Neighboring states of Michigan and Wisconsin have instituted legislation aimed at protecting the health and education of their migrant labor.

Illinois as a state has done little. However, many communities have begun to face the health, education, and welfare problems through such things as clinics, summer schools, and recreation centers. Dr. Scholes commended highly the unique job done in this area by the American Association of University Women in their school and clinic.

Following Dr. Scholes' talk, Mrs. L. W. Phinney, chairman of the Church Council for Migrant Aid, gave a report of the work now being done by the council and projected plans for the summer project, "Operation Good Neighbor." Though the council is only a year old it has made a good start in a type of family home mission work for which many individuals had long felt a need. The AAUW has been most generous with its time and fund of knowledge garnered from 8 years' experience in migrant work.

During the past winter the council furnished used clothing, some food and some used furniture to 3 families who lost everything through fires. Four layettes were furnished to babies of destitute families. Used clothing has been supplied to 4 other large families in dire need. This "social welfare" facet of the council's work is kept entirely on a person to person calling and serving basis.

For the 5 Sundays in July the council will sponsor an afternoon of family activities for the migrants, to be held at Central school in Des Plaines. The children will have playground facilities and during part of the day will have a program separate from the aduts. The program as Mrs. Phinney described it will attempt to meet the spiritual, health, and fellowship needs of migrant families.

Wedgewood Terrace

It was birthday time in Wedgewood Terrace again with Pam Miller being the lucky young miss to celebrate hers with a party. She was 5 years old. Her guests were: Christine Hahn, Danny Klinkhammer, Eddie Becker, Louwanne Ciswewski, Jimmie Merritt, Debbie Haapoja, Beth Corbett, Pam and Sherry House, Marc Bonn (from Prospect Heights), Joan Hartman (from Arlington Heights), and Stevie Gilford (from Skokie).

The girls and boys came for luncheon. In the evening Pam was the honored guest when relatives came out to a family gathering. Pam's most important gift was a 2-wheele bike.

Jimmy Merritt has the mumps now, so it is expected that party guests will be getting enlarged cheeks one by one.

Some of the men in the community have been working on sand boxes and benches for the Park.

Family Counseling Service Planned For Northwest Towns

The Parents Teachers association of school district 15 has set up a committee to study the need for a family service agency in the northwest suburban area. This committee has already contacted representative groups and individuals in Park Ridge, Des Plaines, Mt. Prospect, Prospect Heights, Arlington Heights, Palatine and Barrington.

A special meeting of these representatives will be held at the Stuart R. Paddock school, Palatine Tuesday, May 31 at 8 p.m. in the school cafeteria. Mrs. Mary Young and William Bacon of the Welfare Council of Metropolitan Chicago will be the principal speakers.

The school counsellors in the communities represented have long felt the need for a family agancy to which parents could be referred for personal counselling. Such agencies exist in Wilmette, Winnetka, Highland Park, Evanston and Chicago, but restrict their services to residents of their communities. Therefore, schools, police officials, clergymen and doctors are limited in the help they can give to those in need of it. A family agency would fill this gap and would be one important step in the direction of preventing the rise of juvenile delinquency.

Mrs. Young and Mr. Bacon will explains how such agencies are formed, financed and staffed. Their contribution will make it possible to set up an action committee to carry through with the detailed job of getting the agency into existence.

All who have been contacted by letter or in person are urged to attend this initial exploratory meeting.

Further information can be obtained by contacting the committee, which consists of Mrs. Jean Angley, Mrs. Frances Applehans, Miss Joan Duffy, Mrs. Mabel Eilering, Mrs. Mary Ginn, Miss Betty Gugler and Nathan Stoller.

Here's Scouting

Spring Camporee

Even a Sunday shower didn't dampen the spirits of 262 Boy Scouts, 51 Explorers, and 55 adults attending the annual Blackhawk spring camporee, reported Ronne Blaschke, Here's Scouting's special camporee news representative. The 3 day outing, beginning May 21, and terminating May 23, was held on the east bank of Turner Lake, amongst all the pulchritude of the northern woodsland in the Chain-o-Lakes state park, not far from Fox Lake.

A "gold rush" program, planned by Bob Parsons and under the direction of George Sawyer and his staff of Messrs. C. C. Schuety, R. Mustoe, E. Larson, F. Voltmer, and E. Timmermann, assisted by district executive Tom James, proved quite successful. The object of the "gold rush" was to obtain the best possible rating for problems on the trail, and then bartering for 4 prizes with the "gold nuggets" appropriated along the trail after the "gold rush" activities had terminated. The highest "gold rush" patrols were: Wolf—37, Pioneer—51, Mink—53, and Raccoon—66. The 4 winning bartering patrols were: Pioneer—51, Beaver—36, Wolf—37, and Hawk—37. (These barters will no doubt be crack "Maxwell Street" salesmen, if their prizes indicate anything of their gusto!) Some of the Explorers were delivered to O'Hare Field to help direct traffic and guard planes during their open house, Saturday afternoon and evening. The remaining Explorers participated in building conservation and camping projects, and judging the events of the "gold rush."

At 9 p.m. Saturday, an inspiring O. A. tap out was held under the direction of George Moudry.

Elect Officers Of New Teacher-Parent Council

Charles Baker, of Arlington Heights, was elected president of the newly formed Arlington Heights high school teacher-parent council at the organization meeting Monday evening.

Other officers elected were George Laubenheimer, first vice-president, of Mt. Prospect; Mrs. Jack Reinsma, second vice-president, of Prospect Heights; and Robert Barbour, secretary, of Arlington Heights.

* * *

CHAIRMEN OF class committees are Mrs. Charles Pratt of Arlington Heights, freshmen; Mrs. Paul Fellingham of Arlington Heights, sophomore; and Mrs. Edwin Stephens of Mt. Prospect junior and senior.

The constitution adopted at the same meeting defines the objects of this council; to interest more parents in school affairs and to enable the teachers and parents to become better acquainted, and to provide a means for the school to interpret its program and needs to the parents.

Teachers and parents or guardians of students in the high school are automaticlly members of the council, and parents and guardians become members as of the March meeting prior to enrollment of their child in the high school.

REGULAR MEETINGS of the council will be held on the fourth Thursday of September, January, and March, at 8:15 p.m. Special meetings may be called by the executive board.

The executive board will consist of the officers of the council, chairmen of standing committees, such representatives as are appointed by the executive committee, the school superintendent, and administrative assistant, and 2 classroom teachers.

Business of the council will be transacted by the executive board, leaving the meetings free for discussions and programs of interest to members.

Standing committees listed at the Monday meeting are program, hospitality, and publicity. Other standing committees may be created by the executive board.

Mrs. C. H. Rosene acted as temporary chairman of the organization meeting, Robert Barbour acted as secretary.

Mrs. Reckwerdt Will Serve As President Of St. Peter Mothers

Mrs. Lucille Reckwerdt was elected to serve Arlington Heights St. Peter Mothers club as president for 2 years at the group's May meeting. Mrs. Reckwerdt, social chairman for the past 2 years, succeeds Mrs. Myrtle Scharringhausen, who had served for 2 years.

Mrs. Lucille Jerken is the newly-elected secretary, replacing Mrs. Eleanor Runge and Mrs. Dorothy Fruehling and Mrs. Myrtle Scharringhausen were elected as executive board members to replace Mrs. Marguerite Westfahl and Mrs. Edna Clausing.

New chairmen are Mrs. Sophie Krambeer, chairman of ways and means with Mrs. Alice Maschoff as co-chairman; Mrs. Alberta Deu and Mrs. Marguerite Westfahl, social chairman and co-chairman; Mrs. Redgley Jackson, publicity; Mrs. Evelyn Deeke, membership; Mrs. Lorna Walsh, health; Mrs. Edna Clausing, altar guild; Mrs. W. Kastning, prayer book and greeting cards; Mrs. Myron Blum, nursery; Marguerite Westfahl, welcoming and visiting; Mrs. W. Hahnfelt, Mrs. Anne Lippke, Mrs. G. Granzin, Mrs. E. Horcher, Mrs. Alice Maschoff and Mrs. Ruth Dierkes, lunch program.

Next meeting of the organization will be held June 2.

St. Peter Lutheran To Hold Outdoor Service Sunday

St. Peter Lutheran church, Arlington Heights, will worship Sunday morning at an outdoor service to be held at 11 a.m. at Elk Grove forest preserve, area 2. Following the service a congregational picnic will be staged to which the entire church membership and their friends are invited. Other regular Sunday services at 8 a.m. and 9:30 a.m. will be held in the church sanctuary and the Sunday school will also meet indoors at 9:15 a.m.

The Rev. Luther V. Stephan has chosen for his subject Sunday, "The Growth of the Seed" based on the gospel of Mark, Chapter 4, verses 26-29. Special music for the outdoor worship will be played on a field organ.

Church families will bring picnic lunches and a refreshment stand will be set up where ice cream, pop, sandwiches and coffee may be purchased.

Oscar Hinrichs, committee chairman in charge of the outdoor festivities, announces that there will be games and contests for all age groups, and a fishing pond for the smaller children.

Those assisting Mr. Hinrichs with preparations include Gilbert E. Deu, Fred Gieske, Wilbur A Rademacher, Thomas C. Tatar, Werner Reese, Frode I. Nielsen, Arnold E. Freise and Fred Mueller. Also participating in the plans for the outdoor meeting are members of the board of Christian education and the Mothers club of the church.

Mary Louise Moran Weds Earl G. Beyer

(Bak Studio

At a 10 a.m. solemn high mass, Miss Mary Louise Moran and Cpl. Earl G. Beyer were united in marriage May 21 in a double ring ceremony by Fr. Robert Reicher in St. James Catholic church.

The bride is the daughter of Mr. and Mrs Norman J Moran 1004 N. Princeton, Arlington Heights, and the bridegroom is the son of Mr. and Mrs. Frank Beyer Sr., 315 W. Euclid ave., Arlington Heights.

Soloist for the wedding was Miss Joyce Kowalski of Arlington Heights, who sang "Ave Maria," "Panis Angelicus" and "On This Day."

Escorted to the altar by her father, the bride wore a chantilly lace over satin, nylon and tulle gown, princess style with chapel-length train. The front panel of her gown was pleated and dotted with colored seuiqns, and the neck of her dress was accentuated with a stand-up pointed collar. Her finger-tip length veil was of silk illusion and held by a cap of seed pearls and sequins. She carried a bouquet of white roses and lily-of-the-valley.

Maid of honor was Miss Sandra Stringfellow of Norwood Park, who wore a dark blue, floor length, nylon and tulle over taffeta 2-piece dress with upright collar. Her matching jacket was of chantilly lace and she carried a colonial bouquet of yellow carnations and pink roses.

Serving as bridesmaids were Miss Jane Schumacher and Miss Jean Burnett, both of Arlington Heights, and junior bridesmaid was Florence Palmer, also of Arlington. Heights. Their gowns were all of light blue and styled identically to the maid-of-honor's gown.

Other attendants were Cindy Flodin, 7, daughter of the John E. Flodins of Arlington Heights, who served as flower girl, and Gregory Miller, 7-year-old son of the Lester A. Millers of Prospect Heights, who was ring bearer.

Mrs. Moran chose as her gown for her daughter's wedding, a mauve pink lace over net and taffeta, street length, fitted bodice with long-torso lines. She wore navy blue accessories and an over-the-shoulder corsage of pink roses and white chrysanthemums. The bridegroom's mother wore a dusty rose gown of tulle over taffeta with very full flare skirt. She chose pink for all of her accessories and her corsage was an over-the-shoulder style with yellow roses and white chrysanthemums.

Herbert Beyer of Arlington Hts. served his brother as best man and ushers were Peter Wegyzrn of Arlington Heights and Patrick Moran, brother of the bride, also of Arlington Heights.

A reception was held at 7 p. m. at Palatine Fireman's hall for 300 guests.

Mr. Beyer, who is stationed with the marine corps at Cherry Point, N. C., and his bride will honeymoon for a week in the south and will be at home after that time in Cherry Point.

Mrs. Beyer was graduated from St. Pat's academy in Des Plaines in 1953 and has been employed with the Hartford Accident and Indemnity Insurance Co. in Chicago.

Out-of-town guests for the wedding included the bride's grandmother, Mrs. Josephine Moran of Indianapolis, and the bride's aunt and great-aunt, Miss Mary Louise Moran and Mrs. Mary E. Lott, both of Indianapolis. Other guests included Mr. and Mrs. Jack Jackman of Detroit and Mr. and Mrs. Larry Block of Marion, Ind.

Modeling one of her 7 original designs featured in the recent Susie Stephens fashion show at Stephens college, Columbia, Mo., Miss Barbara Ellen Schmitz of Arlington Heights wears her silk pongee block-printed in color and gold with a wide neckline, long waist and full skirt. Along with other designers from the college, Miss Schmitz will model in the Stephens Alumnae Fashion Fiesta in Chicago at the Hotel Morrison June 9. A senior student specializing in fashion design, Miss Schmitz belongs to the Stephens Independent association and the house council of her residence hall. She is the daughter of Mr. and Mrs. C. E. Schmitz, 1300 Clarendon rd.

Other costumes in the show designed by Miss Schmitz included a coral flannel high-belted sheath dress; a clay beige fleece coat with high standing collar and high-waisted back; an embroidered striped batiste "little and big sister" princess dress coordinated wtih pumps; a child's dress, long-waisted and pale blue linen.

Susie Stephens' 10th annual fashion show is a tribute to the fabric manufacturers who have cooperated through the years with the Stephens college fashion program and again this year contributed quantities of fabrics for the designers' use.

Delta Zeta Alumnae To Stage Puppet Show For Children

Children and grandchildren of Delta Zeta alumnae in the north suburban area will be entertained with a puppet show and party at the Northwestern chapter house, 717 University place, Evanston, Saturday from 3 to 5 p.m.

Mr. and Mrs. Sterling Price and their 4 children of Highland Park will stage an original story and present their unique handmade puppets—a family hobby which has amused many a child audience along the north shore. Mrs. Price was an undergraduate member of the Delta Zeta chapter at Northwestern.

Plans will be announced for a mid-summer visit to the camp for diabetic children at Lake Geneva which the North Suburban chapter of Delta Zeta alumnae is sponsoring as a service project. An endowment fund has been created and $150 presented to Dr. Robert M. Jones, president of the Chicago Diabetes association for assitance to local children who may not be able to pay all of the necessarily higher than usual camp fee.

Among the young guests from Arlington Heights and Mount Prospect, 12 years old or under, who have been invited to the puppet party are Bobby and Paul Enander, sons of Mr. and Mrs. John Enander, 308 S. Wille; Fleury Ann and Ronald Viger, children of Mt. and Mrs. James Viger, 2225 S. Wa Pella, Mount Prospect; Master Korff, son of Mr. and Mrs. Henry C. Korff, 1179 W. Beverly; and Peter and Claudia Schmidt, children of Mr. and Mrs. Walter L. Schmidt, 801 E. Oakton, Arlington Heights.

Plant Exchange To End Season For Saintpaulia Society

The Suburban Saintpaulia society will hold its final meeting of the season at the home of Mrs. William M. Weber, 738 N. Pine ave., June 1 at 9:30 a.m. Mrs. Irvin Linehan will be the co-hostess.

The program will feature an African Violet plant exchange. When the club resumes its regular monthly meetings in the fall, the members will return, for comparison purposes, the plants acquired at this June meeting to determine the effect changes in environment and methods of care have on the growth of African violet plants.

Delta Gammas Plan Pot Luck Supper

Northwest Suburban Delta Gamma alumnae group is planning a potluck supper for its last meeting of the season. The supper will be Sunday, June 5, at 5:30 p.m. at the home of Mrs. Kenneth Hood, 604 W. Campbell st., Arlington Heights.

Members of the group and all other Delta Gammas in this area and their husbands are invited.

Cheryl Rogers Becomes Mrs. Warner Stoeckel

(Community Camera

Arlington Heights Methodist church was the scene of a double ring ceremony last Saturday in which Miss Cheryl Rogers, daughter of Mr. and Mrs. Hugh P. Harshbarger, 415 S. Evergreen ave., Arlington Heights, became the bride of Warner L. Stoeckel, son of Mr. and Mrs. Paul Stoeckel, 115 E. Davis st., Arlington Heights.

The Rev. Birger Dahl officiated at the 7 o'clock ceremony amid a background of white gladioli, pink snapdragons and palms. Charles Jenks, organist, accompanied Mrs. Ruth Kirchoff as she sang, "The Lord's Prayer" and "O Promise Me."

Given in marriage by her father, the bride wore a gown of white lace over satin fashioned with an illusion neckline trimmed with and a fitted bodice and long train. Her fingertip veil of nylon illusion was held in place by a nylon illusion crown trimmed with seed pearls and rhinestones. She carried a cascade bouquet of small white roses and lily of the valley.

Miss Beverly Rogers served as her sister's maid of honor wearing a taffeta gown of white with navy polka dots. She carried a crescent-shaped bouquet of rose colored carnations and wore a headband of material to match her gown.

Bridesmaids were Mrs. Robert Shelkop of Lake Zurich, sister of the bride and Miss Annette Wahl of Arlington Heights. Their gowns and flowers were identical to the maid of honor's gown and flowers.

For her daughter's wedding, Mrs. Harshbarger wore a princess dress of pink organza with jacket, matching hat and pink gloves and shoes. The groom's mother was in blue organza with jacket. Her gloves and shoes also matched her dress and both mothers wore orchid corsages.

Larry Levine of Arlingfon Heights was best man to the groom and Robert Shelkop, brother-in-law of the bride and Victor Herman, Arlington Heights,were ushers.

One hundred guests attended the reception in the church parlor immediately following the ceremony. Out-of-town guests included Mr. and Mrs. Howard Rogers and Mrs. Myron L. Rogers of Westville, Ind., Mrs. Emma Benson and daughter, Dagney of Plymouth, Ind.; Mrs. Mertus Loftness and Mrs. B. M. Berntson of Hinckley, Minn.; Mr. and Mrs. Carl Ekdahl of Lake Villa, Ill.; Robert Dandeneau of Rantoul; Mrs. J. Heizler of Phillips, Wis.; the groom's brothers, Richard of Marpin, Ore. and Alfred of Portland, Ore. and many friends and relatives from Chicago and suburbs.

Both the bride and groom attended Arlington Heights high school. The groom is an instructor in the air force at Chanute field, Rantoul, where the newlyweds will reside after June 3.

Married 60 Years

Mr. and Mrs. Jacob Gloden of Buffalo Grove celebrated their 60th wedding anniversary Sunday evening, May 15, at the home of Mr. Gloden's sister, Mrs. Elizabeth Weidner, 110 E. Euclid ave., Arlington Heights. Dinner was served at 7 o'clock to 50 relatives and close friends with Mr. Gloden's son and daughter-in-law, Mr. and Mrs. William Gloden of Kalkaska, Mich., as hosts.

Mr. and Mrs. Gloden were married May 14, 1895 in St. Mary church, Buffalo Grove. Both had been married before. Mr. Gloden was married to Elizabeth Riehm of West Chicago who died in 1893. Mr. Gloden then married Mrs. Elizabeth Rumpf of Two Rivers, Wis. whose husband had died in 1894.

Mr. and Mrs. Gloden lived on a farm near Buffalo Grove until 1920 when they moved to a new home in Buffalo Grove which Mr. Gloden built himself and in which they are still living.

Mr. Gloden, 88, and Mrs. Gloden, 83, are still active in affairs of their church. Mr. Gloden has a brother, John M. Gloden, still living near Buffalo Grove and Mrs. Gloden has a sister, Mrs. Lena Matt, living in Sheboygan, Wis. (Community Camera

Dolores Tawse And John E. Santos Wed

USAF Photo

In a wedding with an international flavor, Airman 1/c John E. Santos, son of Mrs. Alfonsina McGovern, 2909 Wilke rd., Rolling Meadows, Arlington Heights, married Miss Dolores Tawse, daughter of Mr. and Mrs. Charles Tawse of Skokie, May 14 in the chapel at Ardmore air force base, Okla. Airman Santos is a native of Havana, Cuba. Miss Tawse is originally from Edinburgh, Scotland.

Miss Pilar Santos, sister of the bridegroom, served the bride as maid of honor. S/Sgt. Robert E. [illegible] was best man for the [illegible] Chaplain Howard L. [illegible] ed the ceremony.

Airman Santos moved to the United States in 1951. He joined his mother and his brother, William, at that time in Arlington Heights. He attended high school in Havana and after graduation moved to the United States and applied for citizenship. A year later he enlisted in the air force. Citizenship papers were received by Airman Santos while he was at Okinawa on overseas duty in March 1954. He was assigned to Ardmore air force base in September 1954.

Mrs. Santos came to the United States from Edinburgh with her parents in May, 1950. Neither Mrs. Santos nor her parents are American citizens, but all have applied for citizenship. Mrs. Santos attended Niles township high school in Skokie. The former Miss Tawse and Airman Santos first met in Skokie.

Relatives who attended the wedding included the bride's parents, the bridegroom's mother and sister, and the bridegroom's grandmother, Mrs. Maria C. Villar of Havana.

Airman Santos is presently assigned to the 463d troop carrier wing accounting office at Ardmore. He and Mrs. Santos will make their home at 115 "K" st. S. W. in Ardmore, Okla., after a brief honeymoon in Dallas, Texas.

New Role for Dacron

Dacron polyester fiber is being woven into a heavy duty jacket for a fire hose developed especially for the oil and chemical industries. The fibers formerly used were no match for the oils, acids and extreme temperatures found around oil and chemical plants; hose deteriorated quickly. Dacron shows excellent resistance under these conditions and also resists mildew from dampness.

Mary Fern Umphrey Weds Ronald Nordin

In a double ring ceremony at 2:30 p.m. May 14, Miss Mary Fern Umphrey, daughter of Mr. and Mrs. Clyde A. Umphrey, 220 S. Greeley, Palatine, and Ronald Charles Nordin, son of Mr. and Mrs. Lorr Nordin, 373 N. Quintens rd., Palatine, repeated their marriage vows before the Rev. Glenn G. Gumm in St. Paul Evangelical and Reformed church.

Altar bouquets of mixed white flowers formed the setting for the ceremony during which Mr. Umphrey gave his daughter in marriage.

For her wedding, the bride chose a white slipper satin gown with chantilly lace bodice and tulle overskirt with short train. A tiara held her fingertip veil in place and she carried a bouquet of red and white roses.

Miss Joy Brown of Elmhurst was maid of honor wearing a cerise taffeta gown with tulle overskirt. Her flowers were peppermint carnations. Bridesmaids were the groom's sister, Miss Donna Nordin, and the bride's sisters. Mrs. William Lee of LaCrosse, Wis. and Mrs. Ted Nordmark of Elroy, Wis. Aqua taffeta gowns with tulle shirts, fashioned similarly to the maid of honor's gown, were worn by the bridesmaids. Their flowers were of variegated pink carnations.

A reception was held immediately following the ceremony in the church basement with Mrs. Umphrey receiving in a dress of blue lace over taffeta with a corsage of pink roses. Mrs. Nordin was in pale blue lace and taffeta with a corsage of yellow roses.

Best man to the groom was Paul Pasko Jr. of Palatine and ushers were James Schwartz of Arlington Heights, Kenneth Obermayer of Skokie and Joseph Janke of McHenry.

After a brief honeymoon motoring in Wisconsin, the couple are at home at Town and Country trailer park on Oakton st., Des Plaines. The bride is a graduate of Bensenville community high school and is employed at the Red Horse grill in Palatine. The groom, a graduate of Taft high school in Chicago, is employed by Superior Coach Sales in Palatine.

Buddy Poppy Sale Success

Approximately one-eighth of the total amount of donations received by the Arlington Heights VFW Post 981 in the sale of "Buddy Poppies" last Saturday was realized from the sale on one Rolling Meadows corner. The total amount of donations in the entire area was about $800, and the sale at the corner of Wilke rd. and Campbell st. amounted to better than $100 of that total.

The poppy sales in Rolling Meadows were under the direction of Charles Martin and Robert Reynolds, both of Wilke rd., who are members of the VFW Post. Groups of volunteer women were stationed at the corner starting before 7 o'clock in the morning. The poppies were sold out repeatedly, necessitating a restocking of supplies.

Arlington Heights VFW Post 981, and particularly the Rolling Meadows poppy sale chairmen, would like to publicly thank residents of Rolling Meadows who so generously donated their time and efforts to the sale of the Buddy Poppies. Volunteers who worked on the corner for the sale last Saturday were Don Dahlquist, Lorraine Schroeder and Gretchen White of Sigwalt st.; Emma Macior and Billie Traub of Dove st.; Helen Macior of Stork court; Florence Setzer and Beverly Stegeman of George st.; Jean Bennett of Campbell st.; Marge Kitterman and Helene Bristol of South st.; Shirley Northcote of Wing st.; Eleanor Keller, Julie Reynolds and Grace Martin of Wilke rd.

New Arrivals

Stanley Joseph Najmola has supplied that final touch of settlement to Mitchel and Zina Najmola's new home at 2400 Eastman st. Mr. and Mrs. Najmola are settled not only in a new home in Rolling Meadows, but in a new country to them. They arrived in the United States since the war, fleeing the various forces which have occupied their native Poland. Now they have their first child, a son, to complete their new life in a new land. The baby tipped the scales at 7 pounds 13½ ounces on his arrival at Resurrection hospital in Chicago April 20. He has put that birth weight far behind him, however, since his arrival home in Rolling Meadows, and is growing bigger by the day.

Neighbors and friends of Elmer and Marguerite Rypkema of 2600 South st., won't even have a chance to see that new baby they have been waiting for for such a long time unless they "cross the creek" to the Rypkemas' new home at 2103 Swan lane. The Rypkemas' third child, Sharon Jean, and her mother will come home directly to their new house from Resurrection hospital in Chicago next weekend. Sharon Jean arrived at 1:01 a.m. Sunday. Her older brother and sister, Steven, who is 3½, and Lenore, who is 13 months, are eagerly looking forward to meeting their new sister.

Terry Christenson, who is 5 years old, has really become outnumbered by the male element in the Christenson family with the arrival of her new brother, Kimball Bruce. The new son of Art and Pat Christenson of 2200 Wing st. was born Tuesday, May 17, at St. Anne hospital in Chicago. He checked in at the weight of 8 pounds. He joins 2 older brothers, Arthur Jr., who is 11 years old, and Jan, who is 8 years old, in upholding the male side of the family.

Jean Marie is the name Ruth and Charles Radtke of 2601 Sigwalt st. have chosen for their new baby daughter. Jean Marie tipped the scales at 6 pounds 4½ ounces on her arrival at West Suburban hospital May 12. Staying at the Radtke home for a short time to help care for the new baby is Mrs. Louise Szymczak of Chicago, the baby's aunt. The Radtke family will have some permanent expert baby assistance, however, in the person of little Jean Marie's older sister, Mary Lou, who is 13 years old.

Flag Sale

As a part of their Americanism program, the Rolling Meadows Junior Womans club will hold a sale of American flags for the next 2 weeks. It is the hope of the Federation of Womens clubs that the old-fashioned custom of displaying an American flag before every home on national holidays can be revived.

Since Rolling Meadows residents are generally new home owners it was felt that few homes would have flags to display on the coming holidays—Memorial day, Flag day and 4th of July. The Junior Woman's club will, therefore, have a sale booth this coming weekend at the corner of Campbell and Dove sts. for a concentrated sale at that time, and will have the flags available for additional purchasers during the next 2 weeks. The booth will be open from 10 a.m. to 5 p.m. both Saturday, May 28, and Sunday, May 29.

It will be manned by members of the Rolling Meadows club. The flags are reported to be an excellent buy because the price of $3.50 includes not only the 3x5 flag itself, but the pole, lines, and bracket to fasten the flag to the house. In the time of continuing national crisis which we are experiencing, $3.50 seems like a little amount to show your individual appreciation of your country. If you find you are unable to visit the sale booth this weekend, further information and orders may be placed with Mrs. Jean Ehard, 2509 George st., Clearbrook 3-8359.

First Communion For Rolling Meadows Children

A class of 95 children were served their first holy communion at Our Lady of the Wayside church in Arlington Heights last Sunday. Many Rolling Meadows youngsters were a part of that class, and together and individually they presented a truly touching and angelic appearance. Rolling Meadows children in the class were Jan Christenson, Loretta Casey, Kevin Mahoney, Patrick Considine, Peggy Lynn Loessel, Carol Hofmann, Larry Vaughan, Robert Hickey, Patricia Ann Doyle, Frank Gillihet, James Tessar, Edward Gorman, James Buckholz, Garry Cirincinone, Richard Palluck, Leonard Fabian, James Meyer, George Goodall, Louise Walkowiak, Eugene Beauvais, Christine Jungblut, Susan Gross, Janet Coan, Robert Pina, Michael Rowbottom and Mary Van Wazer.

Many parents held special first communion parties for their children following the morning mass and the afternoon procession. Among the outstanding celebrations was the party which Mr. and Mrs. Richard Hofmann, 2708 George court, held for their daughter, Carol. Attending the party were Carol's grandparents, Mr. and Mrs. Henry Hofmann of Rolling Meadows, and Mr. and Mrs. Frank Dikin of Berwyn. Many of her aunts and uncles were also there including Mr. and Mrs. John Pastorino of Chicago, Mrs. Charles Reis and her daughter, Charlene, of Chicago, Mr. and Mrs. George Schorman and their children, Linda and Gene, of Oak Park, Mr. and Mrs. Chester Bigolin and their daughter, Roberta, of Rolling Meadows, and Vincent DeAngelis of Melrose Park. Many of their friends and neighbors from George court also stopped to congratulate Carol on the important event.

Another party was held by Mr. and Mrs. Harold Rowbottom, 2311 School drive, for their son, Michael. On hand for the celebration were Michael's grandparents, Mr. and Mrs. Harold Rowbottom Sr. of Franklin Park, and his great-grandmother, Mrs. Mae Hayes of Chicago. Several of his aunts and uncles also came to Rolling Meadows for the party. They were Mr. and Mrs. Don Aylward, Mr. and Mrs. Bud Hanson and Mrs. Marge Vasil.

Mr. and Mrs. William Van Wazer, of 2207 George st. held a buffet dinner in honor of their daughter, Mary's, first communion. Attending the buffet celebration were Mr. and Mrs. George Malady of Berwyn, Mr. and Mrs. Wilson Larkin of Wilmette, Mrs. Garner Williams and her daughter, Karen, of Arlington Heights, Dr. and Mrs. Ted Bush and their son, Taddy, of Chicago, Dr. and Mrs. Frank Huebner and their 2 children of Oak Park, Miss Vi Lasee and Jack Hettel of Chicago.

A special breakfast following the morning mass ceremony was held for Kevin Mahoney by his parents, Evelyn and George Mahoney of 2404 Wing st. Attending the delicious "brunch" were Paul and Barbara Fackler and their daughters, Georgia and Sandy, and Joe and Loretta Stapleton. Both the Facklers and the Stapletons are neighbors of the Mahoney family. Later in the day Florence and Art Nyblin and their son, Kent, who are also neighbors, joined in the celebration.

A buffet supper was the highlight of the celebration held by Bill and Mae Casey, 2103 Eastman st., for their daughter, Loretta. Joining the party were Loretta's grandparents, Mr. and Mrs. Frank Poco and their children, Vicki and Billy, and Mrs. N. Casey. Her great-aunts and great-uncle were also present. They are Miss Mary Joyce and Mr. and Mrs. E. Whitman, who were accompanied by their daughter, Barbara. Also attending the party were her aunts, uncle and cousins, Mrs. J. Flanagan and Mr. and Mrs. Tom Casey and their children, Pauline and Eileen, as well as Mr. and Mrs. F. Wagner and their daughter, Debbie, Mr. and Mrs. R. Stauber and their children, Sherri, Lois and Ronny, Mrs. S. Stott, Mrs. M. Neer and her son, Richard, Miss M. Devine, Mr. and Mrs. F. Nagler, Laura and Roark, Mr. and Mrs. R. Wills and their sons, Danny and Robby, Mr. and Mrs. S. Bialo and their sons, Bob and Chuck, and Danny Debernard and his children, Lynn and Ricky. Loretta's younger brother, Michael, who is 5 years old, also enthusiastically joined in the celebration.

An "open house" party was held for Patricia Ann Doyle by her parents, John and Lucille Doyle of 2206 Wing st. Attending the celebration were her grandparents, Mrs. George Rettig and Mr. and Mrs. Harry Shill of Chicago and her aunt and uncle, Mr. and Mrs. John LaSpesa of Rolling Meadows. Also joining the party were Mr. and Mrs. Burton Soderburg and their son, Doug, Miss Lynn Kinzig, Father James Kinzig, and their mother, Mrs. Kinzig, and many of the Doyles' neighbors. Enjoying the party held for her older sister, and looking forward to her own first communion soon was Linda Doyle, who is 6 years old.

Hospital Aides Needed

The hospital which most Rolling Meadows families find the most convenient has issued an urgent call for attendants. Resurrection hospital on Talcott rd. in Chicago is in desperate need of graduate nurses and nurses' aids for all shifts, but particularly for the evening hours. Since a hospital must be in operation for 5 years before a nursing school can be established, Resurrection hospital must do without the assistance of student nurses for some time. Working at the hospital, which is very convenient to Rolling Meadows by car, would be an enriching experience, both to the spirit and to the pocketbook. If you are a registered nurse or are just interested in working at a hospital to help care for the sick and find you can spare some time each week to work for this beautiful new institution, won't you please call Sister Gregory, the director, or Mrs. Ritter, her secretary, at Rodney 3-8000. You may be sure they will be pleased to give you any further information you may desire.

Grass Shower

A unique "grass shower" was held for Mr. and Mrs. John Huffman of 2907 South court, May 14. Everyone who attended the "shower" brought along grass seed, coupled with lots of advice, for the Huffmans' large lot on South court which had just received the final grading. The "shower" guests were Mr. and Mrs. Glen Patrick, Mr. and Mrs. H. J. Metz, Mrs. Lutie Huffman and Jimmie Huffman of Chicago, and Mrs. Nyle Taylor and her daughter, Bonnie, of Arlington Crest. Mr. and Mrs. Huffman served a buffet supper for their guests with the assistance of Mrs. Taylor.

Visitors

When Miss Dorothy Wing of Rockford visited her nephew's family in Rolling Meadows last weekend it was the first time she had had an opportunity to see her little grand-nieces. Wing and Ginger Groves of 2207 Campbell st., were proud to show off their children, Mary Irene, who is 3½, and Kathy Ann, who is 1½ years old. A pleasant visit was had by the entire family who are looking forward to Miss Wing's contemplated move to the Chicago area with pleasure since it will afford them an opportunity to see her more frequently.

The grandparents of little Leslie Ellen, 2 years old, and Holly Ann, 9 months old, really traveled a long way to visit their young grandchildren. Dr. and Mrs. Harry Heimann came all the way from Puerto Rico to Rolling Meadows to visit their daughter and her family. Barbara and John Filson of 2305 Bluebird lane are pleased to have the children's grandparents visiting them, particularly since the trip is such a distance.

On the 'Loose'

Complaints on 2 major sources of irritation—loose children and loose dogs—are being received again in large doses. Naturally children cannot be compared to dogs, and please don't think that is the inference intended, but basically they seem to create the same problem. Many parents seem to feel that since their children are permitted free play in their own yard, they should also be permitted free access to the yards of their neighbors. It might surprise them, however, how much resentment is created by their little cherub's trotting across newly- planted lawns and blissful throwing stones and gravel. Many residents do not wish to create any animosity amongst their neighbors and just simply "grin and bear" it while growing more and more resentful. If your child has the habit of assuming the yards of the neighbors are the same as his own, won't you do your best to train him to respect the property of others? You might be surprised at the increasingly friendly atmosphere which develops when you keep your children where they belong and out of the neighbors' yards and driveways.

Along the same line, apparently many dog owners have developed a new habit. In order to avoid frightening the children by their pets, they keep them confined during the daytime, but turn them loose at night so that the animals may have their exercise. Possibly the basic thinking behind this practice has merit, but a growing number of complaints are being received from residents who wake in the morning to find their yards torn up and full of holes where some of their neighbors' dogs have run free during the night. If you enjoy the pleasure which a pet gives you, you assume the obligation to care for him so that the neighbors may enjoy him as well. Please walk your dogs on a leash and do not turn them loose, either during the day or during the night. Just because you cannot see the damage they do during the night is no excuse to permit them to create a problem for your neighborhood.

Surprise Parties

With the theme of "Bi White for Dogcatcher" a group of Sigwalt st. neighbors held a surprise party for newly-elected city alderman Bi White last Saturday night. Campaign signs and slogans covered the walls of the garage of Don and Nancy Dahlquist of 2506 Sigwalt st. Joining in for the victory celebration were Bill and Lorraine Brankin, Marie and Bill Young, Gordon and Alice Farquhar, Marge and Gene Brandt, Helen and Herman Boeff, Mary and Tom Lasinski, Ed and Lucille Martin, Vera and Don Tessendorf, Lois and Bob Meyers and Bi's wife, Gretchen. A delicious buffet supper was prepared by the neighbors, who all contributed toward the party in honor of Alderman White.

A surprise birthday party was held last Saturday for Floyd Birt of 2307 Campbell st. The party was really staged without any suspicion on Floyd's part since he and his wife, Marion, had been staying in Palatine caring for the children of one of their friends. On an excuse that she needed to pick something up at their home in Rolling Meadows, Marion brought Floyd home, where they found 8 couples waiting to surprise him. The men were all fellow servicemen from the Glenview Naval air base where Floyd is stationed. A delicious buffet supper of ham, potato salad and all the "fixin's" was enjoyed by everyone. The real highlight of the party, however, was the beautiful outdoor grill which was presented to Floyd as a birthday gift.

Commuunity Church News

Visitors

The Community church of Rolling Meadows is cooperating with the annual conference of Midwest Community churches. A number of people from the local church will attend the conference at the Glenview Community church Thursday, May 26. Following their luncheon on that day, the delegates to the conference will travel to Rolling Meadows to see the "church in the barn." While here they will be served their luncheon dessert by the Women's association of the church. Delegates will represent 40 churches in the midwest area, and it is hoped the barn will be in a fairly completed state by the time of their visit.

Memorial Day Service

Sunday the church will hold a special Memorial day service. The service will feature a special processional with the cross and flags. Both the Junior choir and the Senior choir will join in the services. The theme of the entire church program will be in the spirit of the day.

Tulip Week

Do you want to see your home surrounded by beautiful tulips, hyacinths, narcissus and crocuses next spring at a moderate cost? And wouldn't you feel even more pleased if you knew that by beautifying your home you had aided a worthy cause? Then by all means welcome the representative of the Women's association of the Community church when she calls at your door during the week of June 2 to June 9. The women will be identified by the tulips which they will wear. They will take orders for the flower bulbs for fall delivery at the time of recommended planting. Pictures of the various types of flowers available through this sale are on display at the barn. The price of the bulbs is very reasonable, ranging from $1.20 to $2 per dozen. Only one-fourth of the purchase price is required at the time of the sale—the balance is due upon delivery of the bulbs in the fall. Remember, for a more beautiful home next spring, welcome the representative of the Women's association when she calls at your home.

Movie of the Week

The movie which will be featured on this Saturday's film program at the barn is the immortal "Gunga Din." Movies are shown at 2 and 7:30 p.m., and mothers, remember, the barn is walking distance for your children. You can send them safely and economically to a worth-while film program right here in Rolling Meadows each week. Why don't you try it?

New Residents

Rolling Meadows has welcomed a new family to a house which had become familiar to many residents The house at 2500 Meadow drive which was used as temporary quarters for the Community church now has been renovated and the partitions completed, and a new Rolling Meadows family has moved in. Meadow Drive neighbors have extended a welcome to Charlene and David Johnston, who moved to their new home April 2. Completing the Johnston family is little Vicki Lee, who is just 6 months old.

Women's Bowling League

The Women's bowling league has started to complete plans for this fall. Anyone interested in joining the league which will bowl in the afternoon is invited to call Jo Thorson at Clearbrook 3-8857. Since once the league has started you are committed to bowl each week women who would experience baby sitting problems are asked to make their baby sitting arrangements before joining the league. A meeting will be held this Friday at the community barn at 8 p.m. Officers for the league for next year will be elected at the meeting, and final arrangements for the bowling season will be discussed. If you would like to join a group of your fellow neighbors in a pleasant bowling schedule next fall you are invited to attend the meeting.

Club Outing

Thursday, May 19, was the "night out" for the members of one of Rolling Meadows pinochle clubs. After saving the monthly donations of members for almost a year, the club members treated themselves to an evening of dinner, music, and entertainment. Enjoying the festivities were Marion Birt, Nancy Dahlquist, Jo Novak, Armella Maguire, Dorothy Thompson, Barbara Fackler and Lois Meyer. The women dined at the Evergreens restaurant in Dundee, after which they journeyed to Club Hollywood on River rd. for an evening of entertainment.

Accident Victims

For the first time neighbors and friends are having no trouble telling the Sitka twins apart. Little Dawn and Daryl Sitka, the daughters of Howard and Marilyn Sitka of 2310 Bluebird lane, are as alike as 2 peas in the pod. Last week, however Dawn fell a total of 3 times on her left wrist resulting in a break. Last Saturday after confirming the break with X-rays the little girl's arm was placed in a cast, and now even at quite a distance everyone can tell Dawn from her sister. The break is not a serious one fortunately and the cast will soon be removed — and again the chidren will confuse all their friends and neighbors.

When little Bobby Scott, who isn't quite 2 years old, fell on the concrete front porch he cut his head badly. Three stitches were needed to close the gash on the little boy's head when he was rushed to the doctor. Bobby, the young son of Leonard and Dorothy Scott of 2401 Wing st., is recovering nicely, however, and the stitches are scheduled for removal this week.

Girl Scout News

Neighborhood Association Outing

Thursday, June 9, has been set as the date for the next girl scout neighborhood association meeting. The meeting will be a combination cook-out and training session. Several professional workers from the girl scout organization will be present, and will demonstrate to the leaders and other adult workers the proper way to build an outdoor fire, stage a cook-out and will supervise and instruct in outdoor games which are appropriate for girl scouts. The meeting promises to be a really outstanding event for the association members and everyone is urged to set June 9 aside on their cale..dars.

Brownie Trip

Last Saturday was a big day for 18 little brownies of troop 347. On that day their leaders, Mrs. Dorothy Amundson and Mrs. Shirley Sponsler, took them to visit the Hawthorn-Mellody farm in Libertyville. The little girls were fascinated by the operation of the milking machines, and thoroughly enjoyed the children's zoo. Accompanying the girls on the trip were Mrs. Svea Garms, Mrs. Ruth Gruenbaum and Mrs. Velma Bozee. Before coming back home the girls were each given a "treat" from the brownie fund, making a pleasant closing to a happy day.

Traveling

It was a long trip to Macedonia—Illinois, that is—for Craig Brown last weekend. Craig, the 6 year old son of Chuck and Betty June Brown of 2203 Bluebird lane, was accompanied on the journey by his grandparents, Mr. and Mrs. Miles Dillon. The long trip to southern Illinois was made to visit Craig's great-great aunt and uncle. Little Jeffrey Brown, who is only 3 years old, wasn't quite old enough for the trip, but is looking forward to making it when he "grows up" to be a big boy like his brother.

It was a trip to Milwaukee for Lynn Adams Schultz, who is only 8 weeks old. It was the first time since her arrival home from the hospital that her grandparents, Mr. and Mrs. A. W. Lawrence of that city, had seen her. You can be sure that a pleasant weekend visit was spent by Lynn and her parents, Bob and Sue Schultz of 2405 Dove st.

Boy Scout News

Troop 68 of Rolling Meadows enjoyed their first overnight encampment last weekend at Camp Baden-Powell near River rd., between Euclid and Foundry rds. For a time it looked as though the troop might not be able to make the camporee because of having no equipment, but through the generosity of several contributors it was possible to purchase 6 new umbrella type tents, new cook kits, new charcoal grills for use when firewood is not available, and other necessary items to complete the camping gear. Contributors who made the purchase of the troop camping equipment possible were the Rolling Meadows Home Owners' association, E. C. Weber (flooring contractor), American Food Plan, Gypsum Specialties (Bill Schaub), Garr Oil Company, Cadillac Storm Window company, Arthur Johnson (electrical contractor), Joseph T. Carp (carpentry contractor), Sam Sorenson (painting contractor), Inland Lakes Sewer & Walter company, Hedlin Dairy company, Borden Dairy company and the Central National Bank. With the equipment purchased, along with the personal equipment which the boys had themselves, the Rolling Meadows troop presented as fine a camp area as any other troop in the Signal Hill district. Much equipment is still needed, particularly tents since the boys did sleep in rather crowded quarters. Individual scouts could use sleeping bags for their own personal comfort on future camporees.

Each of the 3 patrols of the troop received a red ribbon, which is the second award for proficiency in the patrol operations. The patrols also participated in the "gold rush" activities which involved many scouting skills such as first aid, rope and knot work, trail signs, etc. Considering the newness of the boys to the advance stages of scouting, they did perform well according to their leaders. All scouts at the camporee received a camporee badge to wear on their uniform. The adult scout workers who attended the camporee were Burt Trager, Art Setzer, Orville Rumrey, Larry Hall, Pete Keller and Henry Seestad Sr. The tent used by the adults was loaned to them for the camporee by Dale Bycroft of George st., and his generosity was greatly appreciated by the men. The Rolling Meadows scouts who attended the camporee were Ken Keller, Bob Carlson, Bill Klouthis, Jim Nottke, Henry Seestedt and Don Rajkowski of the Pioneer Patrol; Bill Jansen, Tom Broderick, Roger Rumrey, Don Moses and Wayne Wilkans of the Bat Patrol; and Terry Loveless, John Setzer, Ron Tatar, Neil Christenson, Danny Haase and Steve Walker of the Panther Patrol. The Pioneer patrol presented a special skit for the entertainment of guests before the "Order of the Arrow" Saturday night.

Many Rolling Meadows parents visited the camporee Saturday night to enjoy the "Order of the Arrow" and the other entertainment put on by the scouts. Attending the ceremonies were Mr. and Mrs. Howard Christenson, Mr. and Mrs. Dale Bycroft, Mr. and Mrs. Al Haase, Mr. and Mrs. John Walker, Mr. and Mrs. Tom Tatar, and Mrs. Eleanor Keller. Mrs. Dolores Trager visited the troop campfire Friday night.

Another highlight to the camporee for the Rolling Meadows Scouts was the celebration of Willie Klouthis' 14th birthday. Bill received the usual scout birthday salute from his fellow troop members.

Anniversary Celebration

A dinner celebration was held by Ed and Elizabeth Hill of 2204 Campbell st. Tuesday evening. The dinner for a group of their friends and relatives was in honor of their third wedding anniversary.

Garden Party

Nancy Nitch had a garden party Saturday to celebrate her fifth birthday. Sixteen neighborhood friends helped to make it a big day and all enjoyed ice cream and cake.

Last weekend Raymond Herr went on a fishing trip with friends from Chicago to a lake near Portage, Wis. A good time was had by all as they had a good catch.

Mr. and Mrs. Oscar Holmgren are spending the week in McHenry with Mrs. Holmgren's parents, the Carlton Palmers.

Enjoy Circus

Pink cotton candy, cracker jack and other snacks were enjoyed by Patrick Julian, Bob Henry, Joseph Scheske and Bruce and Tim Dufelmeier as they sat wide-eyed watching the 3-ring circus last Saturday afternoon. It was a full day for the little Dufelmeiers. Bruce and Tim, with sister, Becky and their mother and father, went on a picnic after the circus.

Mrs. Everett Nelson and Bonnie are back home after an interesting and enjoyable trip to California. Knot's Berry farm, Grauman Chinese theatre where the stars have their foot and hand imprints in cement and Tijuana, Mexico, are a few of the many place they visited.

Rosemary Julian had a few neighbors in Monday evening and served coke as a welcome home for Mrs. Nelson.

Picnic Cancelled

Boys of den 8 were disappointed when the pack's family picnic, originally scheduled for last Sunday had to be cancelled because of rain They held their last meeting of the season Wednesday evening.

David Spink celebrated his third birthday May 21. Guests at dinner were his grndmother, Mrs. Bruce Spink Sr., his great-aunt, Mrs. Frieda Schmidt, Mr. and Mrs. George Matthiesen and their 2 children, Sharon and Debbie.

New College Hall

Ground breaking ceremonies for a $417,000 Georgian style residence hall for women at Elmhurst college were held last week.

Elk Grove News

"Gay Shindig"

Everyone had a good time last Friday night at the Hillybilly Jubilee, the mothers' club annual spring party, held at Elk Grove school. The auditorium was arranged with tables and chairs to give a night club air to the party, and the children were settled in the all purpose room to see a full length technicolor movie, Preston Foster in "Northwest Stampede." The lights were dimmed as the curtain rose about 8:30 for the floor show by Elmo and his Jamba Liars.

A pantominme number, "Dance with me Henry," by Tissle and Newford was much enjoyed and just about brought down the house. Vicki Lane was very good. Dusty Marlowe sang and played several numbers, among them "Honky Tonky Blues." Fran Shaw as fashion editor introduced fashions from Wartburg Holler, displayed by Elk Grove models Myrtle Lemke, Marge McCammon, and Mable Stockham. Helen Poyer and Chuck Lemke, local talent, performed two numbers. More entertainment and comedy was provid- and Vern Shaw and the rest of the Smokey Mt. Ears. The show concluded with everyone singing "The Old Rugged Cross." A beautiful backdrop, painted by Mrs. Ella Newford, added much to the atmosphere of the program.

During intermission gifts were awarded to lucky guests; Mrs. Wallace of Des Plaines, received a set of kitchen tools; David Gates, a refreshment set stand of bowl and glasses; Mrs. Mueller, a spice set and Mrs. Christie, a cosmetic set.

After the show more gifts were awarded to Mrs. Bowman, who received a Golden hour clock; Mr. Schulze, a carafe set and Mr. McCammon, a charcoal picnic broiler in a scotch plaid carrying case.

Barbecued hamburgers, chocolate milk, cake and coffee were served while the Smokey Mt. Ears played for dancing. Proceeds from the party will be used for a gift to the school.

Zoo Trip

First and second graders enjoyed a hot but gala outing last Thursday on their trip to the Brookfield Zoo. Two bus loads of children left school at 9 a.m., picnic lunch in hand and spending money securely fastened. On arrival at the Zoo they were divided into groups watched over by their teachers and the mothers who so kindly went along. The seal pit was of special interest to some while the antics of the monkeys, penguins, giant turtles, snakes, and lions amused others. One little girl told of mountain goats and "plain" goats; she saw "four big elephants, or maybe it was two." About 2:15 p.m. the little Elk Grovers were herded pack to their buses; some merilly sang and others slept on the way home, arriving at school in time for closing, a tired but happy crew. Mothers who accompanied and helped Mrs. Hecht with the first graders were Mrs. Adams, Mrs. Mueller, Mrs. Mollenkamp, Mrs. Post and Mrs. Freedin. Miss Fiddler, second grade teacher, was aided by Mrs. Miller, Mrs. Parker and Mrs. Jakubowski.

Skating Party

A large crowd attended the school roller skating party held at Arlington Roller Rink May 16. The student council reported an attendance of 192 people and a profit of $36. Along with the children and parents who enjoyed the party were Mr. Turner, Mr. Rabattini, Mrs. Grosche, and Miss Fiddler. There were a few spills, and lots of fun was had by everyone.

4-H News

The Elk Grove 4-H club now has a membership of 21 boys and girls. A meeting was held May 10 at the home of Lynn and David Landmeier, at which several project reports were given by members. An electrical project was discussed, in which a group of boys went to the Cook county farm bureau office in Arlington Heights and learned about electricity; this included visits to a mushroom house and a greenhouse. Sandra Zierk discussed the progress of her project. A report was given on the trip to Lincoln Park Zoo. After the business meeting members played ping pong, and darts, and refreshments were served. Elk Grove 4-H meetings are always held on the second Tuesday of each month. Members are working on individual projects such as corn, and other vegetables, animals, etc.

Officers are: James Golden, president; Lynn Landmeier, vice president; Janet Lueth, secretary; Patty Busse, treasurer. Mr. Busse and Mr. Linneman are the leaders. The group was on George Menard's Farmtown USA television show in March. They are making plans for future trips and visits to various places.

Brownie News

Brownies had perfect attendance at their third meeting May 18. Mrs. Petersen, leader, read and explained the brownie promise, then the girls held a lively discussion about the meaning of the promise and suggested ways of helping other people. Three requirements for becoming a brownie are first, the girl must attend 4 meetings of the troop; second, she must know the brownie scout promise and what it means; and third, she must pay her one dollar national membership dues. Cookies and kool-aid were served by hostesses Edith Eickhof and Linda Lundquist. The girls played games and danced after the meeting.

Girl Scout News

Girl scouts met May 18 with Mrs Anderson and Mrs. Cook as leaders. In a short business meeting Mrs. Anderson explained the girl scout laws and promise, which each girl must learn to become a full fledged girl scout. The girls also discussed badge work, the uniform and other equipment. Hostess Donna Rawlings served cookies and kool-aid. The girls had a baseball game outside to wind up the meeting. Correction to last week's story: Brenda Harter was chosen scribe.

The brownie and girl scout troop expect to be officially organized in September when school starts, at which time each girl may pay and make the promise at the investiture of her troop.

Polio Shots

Our thanks to Mr. Keefer of Keefer's Pharmacy, for the interesting pictures he took of our children receiving polio shots at school May 4. The pictures show Dr. Horst and Dr. Haddy administering the shots, and also mothers on the school health committee who assisted.

Elk Grove school does not expect to get their second polio shots this week.

Enjoy Outing

Staff and board of education members had an all day outing last Sunday at Mr. Cavallo's Holiday Home Camp at William's Bay, Wis. Fried chicken, with all the trimmings, was served.

No School Monday

There will be no school Decoration day, Monday, May 30.

Prisons Are Crime Factories For Young, Declares Story Writer

A famous attorney and detective story writer said Thursday that emphasis on security and punishment has turned American prisons into crime factories.

Erle Stanley Gardner told an association for prison reform that Illinois prisons are not rehabilitating criminals. And he blamed official bureaucracy and uninformed public opinion for this failure.

Punishment is not a very effective crime deterrent, Gardner told the 54th annual meeting of the John Howard association. It fails, he explained, because many young men "have not been trained to weigh the advantages of an act against its disadvantages."

Commented Gardner, "Punishment is not sufficient as a crime deterrent, and it certainly is a ghastly substitute for rehabilitation."

The desire for 100 per cent security is another foe of rehabilitation, Gardner emphasized. "About all the governor asks of a warden," he said, "is that he keep the prison off the front page." As a result, Gardner contends, "the prisoner is given only treadmill work to do."

"This," Gardner concluded, "can do nothing to cure the defects in character which caused him to enter prison

Cub Scout Circus

The Cub Scout "circus" held on the black-top court at the Wilson school last Monday evening was attended by approximately 75 cubs and parents. The circus was complete with caged animals and performers.

The entire boy scout troop from Wilson district attended the "Gold Rush camporee" at Chain of Lakes last weekend and each scout was a credit to his troop in carrying out his particular project. This was their first over-nighter, and a thrilling experience for all of them.

Picnic

The fifth and sixth grades held their picnic at Deer Grove Monday. They played games and ate, and ate! It couldn't have been nicer weather, and everyone had a grand time.

Mrs. Joe Steiger, president of the Wilson PTA, will hold her first executive committee meeting this Thursday evening, May 26, at her home. All chairmen of committees are urged to attend to make preparations for the coming season.

Graduation Friday

Friday is the big day for our eighth graders, when they will graduate at the Arlington Heights township high school. Graduation exercises will begin at 8 p.m., and the community is invited.

Elk Grove Manor

Mr. and Mrs. George Nelson and Kenneth drove to Diamond Lake Thursday to have dinner with their daughter and her husband, Mr and Mrs. Nels Anderson.

Family Night

Last Thursday evening was family night at Moody Bible institute, Chicago, and Mr. and Mrs. Mayhew and Carol drove there to have dinner with their daughter, Betty, who is a student at the institute.

The lovely May sunshine on a recent Sunday drew teenagers from the subdivision to the home of Don and Jim Schroeder. Games on the lawn, a jam session and lots of good eats and soft drinks furnished by the boys' mother, made it a grand afternoon.

William Bierman is again in Ravenswood hospital for treatment.

Little Ted Depalma was quite ill last week but he is now on the road to recovery.

Enjoy Pilgrimage

May 15 Mrs. Ed Ostrowski and Mrs. Jack Suarez joined with the Altar and Rosary society of the Holy Ghost church, Wood Dale, in going on a pilgrimage. Fred Bleichroth drove the group in a bus to Holly Hill, Wis., where a beautiful and inspiring sanctuary is located. It is known throughout the midwest for the outdoor stations of the cross set in grottos in the woods. Mrs. Ostrowski and Mrs. Suarez made the climb to the tower in the church from which there is a magnificent view of the surrounding countryside.

Mr. and Mrs. Harry Zender were guests at a luncheon one day last week, given by Mrs. Charles Miller of Park Ridge at Plentywood Farm, Bensenville.

Mrs. Arthur Hanson — VA 4-4788

Feehanville School

Third annual fun fair is over and was successful beyond all expectations. Mrs. Phar, chairman of the ways and means committee and who was in charge of the fun fair committee, said: "We want to thank everybody who helped work at the fair, everybody who donated things to the fair, and everybody who came out to enjoy the fair. The stage in the all-purpose room was initiated by the Prospect Heights band, who gave a half-hour concert at the opening of the fair; we so appreciated their cooperation and that of the Maryville band, who have an open-air concert at 4 o'clock. Both bands were marvelous.

"There were so many that helped we would like to mention all the names were it possible. Mrs. Red Bischof, Mrs. Alvin Murphy and Mrs. Anna Toth took complete charge of the kitchen. Mrs. Ed Mueller, Mrs. John Alexander and Mrs. Kenneth Karnuth sold tickets. Mrs. Albert Kay sold popcorn and Cecile Steiner was in charge of the fish pond. Kenneth Karnuth took on-the-spot pictures. Mrs. Roman Anderson took care of the fancy work booth and the dart game, Bonnie Nowicki and Elaine Castre had charge of the white elephant booth. Mr. Messner, Mrs. Frank Sullivan and Red Bischof kept the cake walk going. Mrs. Rose Kirste and Kay Phar had charge of the youngsters in the nursery. The Haverkampf family were here from North Lake Village and were working wherever they were needed.

"Many of the booths were manned by the young people, as Harold Lee Broberg, Diane Wilming, Elaine Hanson, Jimmy Kay, Frankie Sullivan, Donna Murphy, Timmy Anderson, Carla and Ricky Haverkampf and many others were busy helping out. Then there were many others, such as Vera Brookhouzen, Betty Flink and Idyl Nipper, who spent much time and effort behind the scenes, helping out.

"Thanks, too, to the Forest River church for the loan of so much of their equipment, and to Mr. Edwards from Glen Acres, who loaned a very good little Shetland pony for the delight of the youngsters. Thanks, too, to Ruth Nielsen, who added a touch of the mystic to the fun of the day with her tea-leaf reading, and to the anonymous clowns, who kept the excitement riding high. It's been a wonderful, hectic weekend, but the grand cooperation of all who participated makes everything worth while."

Scouts

Mrs. Henry Schmitz, Mrs. Roman Anderson, Mrs. Marge Houser and Mrs. Betty Arkell attended the adult scouts' cook-out last Thursday at scout house and came back with some very good ideas to use in working with their own troops. Barbecued hamburgers were done in tin foil, the crisp, delicious walking salad was made on the spot, and with the delicious marguerites as dessert it made a memorable meal. Mrs. John Scharkopf and Miss Marion Hodgins were guests and talked to the scouts present on camping, especially on the need for more people to work at the camps. Hickory Hill, for instance, needs a cook.

Brownies are hard at work making a gift for Fathers' day.

Forest River Church

Family night at the Forest River church this coming Saturday night will start with a potluck supper at 6:30 p.m. The program will be the dedication of the new addition. Everybody is invited.

Daily Vacation Bible school will start June 13, at the church. There will be more information later as to age groups, teachers and time.

Boys' brigade are off to a good start on their baseball season. They won the game with Palatine last week Monday with a wide margin. Another game was scheduled for last Monday night, this time with Wheeling.

There was a good turn-out for the Stockade bicycle racing last week Wednesday. The winners in 2 of the age groups in the half-mile race were Larry Bischof and John Armstrong, and they were awarded prizes. Next Wednesday a balloon launching is planned for the program.

Maine Hi-C Quiz team beat the North Park academy team last Thursday at North Park college in Chicago and are now tied for first place in the league. This Thursday they are scheduled to quiz the Taft Hi-C team.

Community News

Herbert Miller was scheduled to return from the hospital last Monday after his operation. He will convalesce at home.

Birthday greetings go this week to Clifford Morin, who celebrated his fourth birthday with a party May 18, to David Milz, who celebrated his eighth birthday at the fun fair last Saturday; to Earl Munson, who was 14 on May 22 and to Sylvia Durso, who will be 12 on May 28.

A hearty welcome to new neighbors Vern and Emma West, who moved into 114 Woodland drive. They have 4 sons, Ray, who is 21, Lyle, who is 20, Vern, who is 15 and Frank, who is 5, and a daughter, Emma, who is 10.

From the Police Blotter . . .

Carroll L. Knutson, arraigned before Arlington Heights traffic court for the second time on a charge of driving while under the influence of liquor, was ordered turned over to the state's attorney, by Judge William Weber, who was presiding at court Monday night.

Judge William Neumann, who was in court, recommended to Judge Weber that this action be taken. Knutson had not even finished paying the fine levied for the first offense.

Booked under the state statute means the offender will be subject to a jail sentence of at least 90 days, plus revocation of his driver's license for a year, and a possible fine up to $1,000.

Several complaints of garbage and tin cans being dumped on lawns in the village were received by the police this week.

Mrs. Ruth VanDeusen reported someone had broken a pane of colored glass in one of the upstairs windows of her home at 11 S. State rd. A neighbor said she saw some boys throwing stones at the house.

Other vandalism reported included damage to new homes under construction by Trude Land Development Co. at 515 and 521 S. Mitchell, and 622 S. Vail. Another house in the process of being sold by Aetna Mortgage Co., was reported broken into and articles in the house stolen.

Roto Mercury was "taken for a ride" by a customer Monday. The customer gave his name as Jerry Martin, Main st., Arlington Hts. He said he was interested in buying a used car but would like to take it out to show his wife.

The dealer showed him a 1954 Mercury and gave him permission to take it out. When he did not return, the dealer notified police. The car was later recovered by Park Ridge police minus 3 wheels and tires.

Police confiscated a BB gun from a young lad who was using it to shoot at birds. Police also apprehended 3 teenage boys who were driving around in a station wagon and shooting peas out of pea shooters at kids playing. Father of the boy driving the car promised police he would refuse the boy permission to drive the auto for a month as punishment.

A prairie fire and a motor bike fire called out the fire department this past week.

A theft of lumber from a building site of the Suburban Snack shop, W. Campbell, near Wilke rd., was reported by the Olson Construction Co., builders. Lumber taken was valued at $50.

Traffic cases included another charge of reckless driving and the offender was fined $50. A $50 fine was assessed against another person on the charge of reckless driving last week.

With The Blue Birds

District Council Fire

Mount Prospect and Arlington Heights camp fire organization held its grand council fire Sunday afternoon in the girls gym of the Arlington Heights township high school. Answering the wohelo call dressed in white blouses, navy skirts, red ties and other beautifully decorated ceremonial jackets, the girls made an impressive entrance singing "We are the Camp Fire girls" as they entered the council fire cirlce.

Following the presentation of the colors, the girls and their guests repeated the pledge of allegiance to the flag and sang the first stanza of "America." Explanation of the Camp Fire flag was given by Marie Martin. Mrs. Carl Jensen, general chairman of the community camp fire committee, conducted the ceremony. Joan Johnson, Ann Coey and Gay Gardner took turns in lighting the candles of work, health and love. The Wohelo candles were placed in a huge circle of fresh and potted flowers.

The reception of new blue birds is always a very impressive part of the council fire, for it is at this time that the girls light their blue candles and state their desire to be blue birds by repeating the blue bird wish. Thirty of the 78 new members are from the south side of Arlington Heights. The following girls were received into the blue bird circle: Jennifer Behrens, Susan Belcher, Kathleen Bird Kathy Black, Mimi Bukowski, Phyllis Christie, Dee Ann Dobbins, Diane Erickson, Carolyn Genevich, Lee Green, Joyce Gulbrandson, Lenor Hamburg, Cheryl Hanneman, Linda Hawkins, Susan Jones, Carroll Kephart, Georgina Leimert Carol Lorenzen, Barbara Nesheim, Linda Nicol, Linda Pollitz, Shirley Quinn, Patricia Sands, Rita Sauve', Susan Stoll, Jeanne Swanson and Barbara Wessner. Cindy Flodin, Robin Mills and Peggy Sidor were unable to attend the council fire but will light their blue bird candles at a future ceremony.

The "fly-up" ceremony brought 29 blue birds into the camp fire circle.

The mothers were asked to join the girls, and each mother removed the blue bird cap and vestee from her daughter while the camp fire leader placed the wohelo tie on the new camp fire girl. The girls also received the fly-up certificate and the blue bird honor, the first to be placed on the ceremonial jacket.

Conferring of honor beads and ranks of trail seeker, wood gatherer, fire maker and torch bearer were awarded to a number of Mt. Prospect and Arlington Heights camp fire girls. Nine girls (8 from Mrs. Gardners' seventh grade group) were honored with torch bearers rank, the highest award in camp fire girls. Most of these girls had worked together for 6 years.

In bringing the ceremony to a close, Merrily Joern gave the camp fire credo and Rosemary Ruzicka, Bonnie Robinson and Lynne Tesar extinguished the fires of work, health and love.

Girl Scout News

Four girls from troop 19 will present the colors at the fly-up of troop 11 May 26. This is to fullfill a requirement for the second class rank. Girls who will present the colors are Helen Harra, Claudia Griesbach, Pat Hall and Judy Elgers.

Peggy Miley is a new member of troop 11. Peggy was a brownie before moving to Arlington Heights from New York.

The investiture of troop 360 was held at the home of Mrs. Robert Scott, 217 N. Dryden. The girls had committees for planning the refreshments. They baked about 100 cup cakes themselves and decorated the table in a camp-out theme with scouts and leaders portrayed.

In reference to the over night of troop 20 a couple of weeks ago, a mistake was made as to the leaders on the trop. The 12 girls were accompanied by Mrs. Eleanor Lips and Mrs. Ann Swarthout. The girls of this troop are working on proficiency badges and 3 girls have attained their first class rank. These girls are Virginia Burnett, Cathy Lou Damerou and Carol Trendel.

Memorial Day Parade

All blue birds are urged to participate in the Memorial day parade, which will assemble at 9 a.m. May 30 at the junior high school. Step off will be at 9:30 a.m. and the group will march to Memorial park for special ceremonies honoring the dead from all wars.

Camp Fire Girls' Day

Saturday, June 11, will be the fourth annual camp fire girls' day at Riverview park. Tickets good for free admission to the park plus 6 free ride coupons are obtainable from all blue bird leaders.

Children's Rummage Sale Earns $142 For CARE

The children of Ridge school, located at Fernandez and Vine, Arlington Heights, held an especially successful children's rummage sale last week Wednesday.

The public schools annually undertake 2 or 3 worthwhile charitable projects in each school as a part of their effort to teach good social values to children.

* * *

TO MAKE this particular project a success, the children brought such items as children's books, magazines, small footballs, miniature binoculars, dolls, puzzles, games, cars, trucks, squirt guns, cap guns, costume jewelry, hats, stamps and many other treasurse of childhood.

Each child was asked to join with his teacher in pricing the items which he contributed. Most of the items were sold for penpies, or from 5c to 10c.

The children were enocuraged to earn the money with which they made their purchases, and a spot check indicated that they had.

The children and teachers developed an interesting advertising campaign in connection with the sale. The rooms and corridors were arrayed with some 50 signs and posters giving the details concerning sale items. Two boys paraded with sandwich board signs to attract buyers to their rooms.

* * *

AFTER ALL the activity was over and every item had been sold, the school could count $142 which they plan to turn over to CARE. The money is to be earmarked for Korean school child ren's relief. Much of it will be used to purchase books and supplies.

According to Dennis Malcolmson, principal of Ridge school, the children learned a great deal from the project. They were required to handle money and to use their writing, composition and spelling skills for a real and worthwhile purpose.

Fire Losses Increase

Estimated fire losses in the United States during April amounted to $78,632,000.

This $78,632,000 loss represents an increase of 0.9 per cent over losses of $77,933,000 reported for April 1954, and a decrease of 10.8 per cent from losses of $88,197,000 for last March (1955).

Losses for the first four months of 1955 now total $327,140,000 a decrease of 0.3 per cent from the first four months of 1954, when they amounted to $328,175,000.

Sheriff Lohman Invites Palatine Group to Attend Delinquency Conf.

(CNS)-Sheriff Joseph D. Lohman has invited five prominent Palatine citizens to join a "Council of 100" and participate in a county-wide conference on juvenile delinquency on Thursday, June 2, in the city hall council chambers.

The conference, called "Searchlights on Delinquency" is designed to mobilize citizens and officials of the county against juvenile delinquency. "It is my hope," Lohman wrote, "that this Council will afford the leadership necessary to bring about a total mobilization of the spiritual, welfare, educational, and law enforcement resources of Cook County and thereby reverse the rising tide of delinquency and teenage crime."

Palatine residents invited to attend the conference are: Mrs. Walter Sundling, Mrs. David Ginn, Mrs. Robert Francis Applehans, Stuart R. Paddock, and Frank Meyer, chief of Police.

Mt. Prospect Man Honored By National Water Color Society

Wallace E. Brodeur, noted commercial artist, 211 S. Pine st., Mt. Prospect, has been awarded membership in the American Water Color Society. The A.W.S., with headquarters in New York, represents the finest water color artists in the country.

Brodeur, a member of the Artists Guild of Chicago, has long been publicly recognized for his water color paintings. During his 5-year stretch as a member of the Armed Forces, he was commissioned to do a painting of General Marshall's favorite photograph of the first world war for hanging in the Chief-of-Staff's office.

Brodeur received national recognition for his work recently when the Illinois Athletic club asked him to reproduce the famous American flag made by a U. S. Air Force pilot while a prisoner of war of the communists in Korea.

Brodeur did such an outstanding job of reproducing Lt. Izbicky's flag that the press of the nation printed a photograph of the original flag and Brodeur's painting of it with the challength to identify the real from the painting. His painting adorns the lobby of the I.A.C. as a permanent war exhibit.

Brodeur has been a consistent winner of the Chicago Tribune's annual art contests; and much of his commercial work for national accounts has appeared in magazines and graphic publications. He maintains his art workshop at 228 N. LaSalle st., Chicago. He and Mrs. Brodeur have 3 children, Pam, 11; Wallace, 8; and Jeff, 4.

Sanford Wins Award For False Arrest

In the Superior Court of Cook county, justice grinds slowly but relentlessly. In a suit charging false arrest, R. H. Sanford filed about five years ago, he recently was awarded a considerable sum of money and costs from two Palatine men. He maintained their charges were malicious and groundless.

Sanford maintained that charges made at the hearing in March, 1950, before Judye Cole, Palatine, and later before Judge Mathieson of Morton Grove, were malicious and groundless.

Settlement of the case was the result of a pre-trial conference between Judge Marovitz, Gordon Humphrey, attorney for the two men, and William Kiley, representing Sanford.

CHRISTIAN SCIENCE CHURCHES

Divine healing which casts out evil and restores harmony on the basis of God's unfailing power and goodness will be set forth at Christian Science services this Sunday, May 29.

The Lesson-Sermon entitled "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" will include the account of healing as recorded in The Acts of the Apostles (5:12 to; , 16): "And by the hands of the apostles were many signs and wonders wrought among the people; . . . There came also a multitude out of the cities round about unto Jerusalem, bringing sick folks, and them which were vexed with unclean spirits: and they were healed every one."

Also stressing the practical power of Christian healing is the following passage to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God will heal the sick through man, whenever man is governed by God. Truth casts out error now as surely as it did nineteen centuries ago" (495:1-3).

Mentally Ill Jam State Hospitals In Record Admissions

Illinois state mental hospitals are experiencing the sharpest increase in admissions "in some time," according to the quarterly report of Dr. Otto L. Bettag, welfare director.

From January 1 to March 31 an increase of 1,039 patients brought the total to 49,209.

He warned that such an increase was causing concern in his department.

Although he "hoped" the boost was seasonal and short-lived, Dr. Bettag added that he expects a 4 per cent hospital population increase in the next 2 years.

Nearly half of all mental patients in state hospitals suffer from schizophrenia, a serious form of mental disease.

an arm up the hill...

when the going's been hard.

when a loved one is ill and you must carry on...

when a trusted friend has let you down...

when the problems you must meet seem more than you yourself can handle...

when your very soul cries out for strength and comfort.

take the arm that is yours for the grasping, lean on Him for the strength you need to see you up the hill.

Relocation Of Carthage College On Convention Agenda

The Rev. George H. Hoog, pastor, and Edgar Neas, lay representative, of Our Saviour's United Lutheran church, Arlington Heights, will be among the 300 delegates attending the 36th annual meeting of the Illinois Synod of the United Lutheran Church in America May 23-26, at St. Paul Lutheran church, Dixon.

These delegates will represent 154 congregations with a baptized membership of over 96,000 Lutherans in Illinois and adjacent states. According to Dr. Harmon J. McGuire, synod president, "Perhaps the most important decision to come before the synod this year will have to do with the relocation of Carthage college."

Carthage college is a liberal arts college, located at Carthage, Ill. Its board of directors recently asked the school's 4 supporting synods to approve in principle the relocation of the college somewhere in northern Illinois, provided that satisfactory arrangements can be made.

In his annual report, Dr. McGuire will ask the synod "to give serious consideration to the establishing of the office of a full time treasurer, who would also have the added responsibilities of directing the synod's stewardship and public relations programs." Dr. McGuire will give the keynote message to the convention at the service of holy communion Monday evening.

Other special speakers will include Dr. Walter H. Traub, pastor of Kountze Memorial church, Omaha, who will speak at all devotional services during the convention on the theme, "Elements of a Pastoral Ministry;" and Dr. Alfred J. Beil, president of the Iowa Synod, who will speak Tuesday and Wednesday afternoons representing the United Lutheran church in America, which claims a membership of 2,141,626 baptized persons in the United States, her territories, and Canada.

The Rev. William A. Kiser, pastor of Gethsemane Lutheran church, Cicero, will speak at the ordination service Wednesday evening.

TAX FACTS

By George L. Mahin, *Executive Secretary Taxpayers Federation of Illinois*

Taxpayers who don't live in $50,000 houses will pay $50,000 to build a rent-free tax exempt residence for the head of the Mt. Vernon state TB sanitarium, the Taxpayers' Federation of Illinois reports, and points out that this is included in the state's "cut-to-the-bone" budget.

The same legislative proposal appropriates $508,000 for the construction of an addition to the Mt Vernon TB sanitarium at the same time that another bill authorizes downstate cities to use TB sanitariums for care of other illnesses because of lack of TB patients.

Passed on the third try over opposition led by representative Paul Simon, this bill has now gone to the governor.

"The housewife is going to be hard to convince that school needs couldn't have been met by some other means than higher taxes at the corner grocery store when some of these things are brought out by candidates at the next election campaign," the federation predicts.

Another $185,000, not included in the budget but which the sponsor indicated had the approval of the governor, would pay for a midwest settlers monument in front of the new state office building in Springfield.

More appropriate, the federation suggests, would be a statue of a taxpayer, clad in the traditional barrel, a tremendous burden on his back, surrounded by broken promises, and mounted on wheels so it could be shoved around by state officials, legislators, and public employees.

Gems Of Thought

YOUTHFULNESS

Dear reader, right thinking, right feeling, and right acting — honesty, purity, unselfishness — in youth tend to success, intellectuality, and happiness in manhood.
Mary Baker Eddy

Youthfulness should be and can be like the continuous flowering of a plant: but its blossoming is too often atrophied or stunted by faults of behavior which are like weeds growing over one's personality.
Gelett Burgess

In this is Youth most wonderful: that it knows not fear.
Anonymous

One thorn of experience is worth a whole wilderness of warning.
James Russell Lowell

You grow up the day you have your first real laugh — at yourself.
Ethel Barrymore

No one should make a statement like "youth is the happiest time of life" without being prepared to accept its intellectual consequences.
William Lyon Phelps

CUT YOUR GRASS THE *EASY* WAY

New Dodge Custom Royal Lancer. Other Dodge models priced below many models in the "lowest price field."

Some things you can see *right away* that tell you this is the year of the *big Dodge move.* (Sales have doubled over last year!)

You can stack the new Dodge up against other cars in its field, and see how much *larger* and *more luxurious* it is: Up to 9 inches longer than competition.

You can see the *distinction* of new Dodge styling, with eager lines that are stealing the "OH's" from the costliest cars. The swept-back *sweep-around* windshield. The "sparkle" of twin-jet taillights and three-tone color combinations. The beauty of Jacquard tapestry interiors.

But more important than this is the deep-down dependability engineered into every unseen part and feature of this great Dodge!

That is something you discover through the years and over the miles. It is your sure reward for choosing the new Dodge.

New Play Day Records Set By Junior High Students

Ten new records were set at the annual Arlington Heights Junior high school "Play Day" held last Wednesday.

"Play Day," a popular event among students, is the climax of the spring physical education program. All students are given the opportunity to test their physical skills against others of their own size and age. The sports contests are varied for boys and girls and for each grade level. Records are kept so that comparisons can be made with previous years.

A new seventh grade heavyweight record was set by Michael Kent for the shot put, with a throw of 34'11". This betters by 2 feet the old record set by Dick Winterbauer in 1949. Kent also bettered the record for the softball throw, with a toss of 191'. The previous record of 190' was held by Chris Blueberg.

* * *

IN THE SEVENTH grade lightweight division Jim Slinkard ran the 50 yd. dash in 6.9. This cut .1 of a second off the old record, which was held by Bob Curatti. Bob Inman bettered the high jump record by 1 inch, with a jump of 4'3". The old record was set by John Revers in 1952. Bob Eaton's throw of 160' was good for a new record in the baseball throw. The previous record of 143'1" was held by Dave Lynk.

New eighth grade heavyweight records were set by Jim Meehan in both the broad jump and baseball throw. Jim jumped 17'3" and threw the softball 220'. The old record for the broad jump of 16'11" was held by John Koeppen, and George Vette set the old record of 205'7" in the baseball throw.

Bob Curatti and Mike Kauffman set new records in the eighth grade lightweight division. Curatti jumped 14'9" in the broad jump. The old record of 14'2" was set by Ewing in 1954. Kauffman threw the shot put 28'7" to better Kelly's record of 27'7".

Arlington Wins West Suburban Golf Championship

THURSDAY, MAY 26, 1955

Covering Northwest and West Suburban Sports

MAC SAYS

— by G. A. McElroy

HIGH SCHOOL SPORTS SEASON is in its final week. The conference track meet held Wednesday and a few postponed baseball games were all that remained on the sports schedule as this is written. The makeup game between Palatine and Grant Thursday at Fox Lake would determine whether or not Grant and Grayslake tie for the championship. The next sports on the docket will be summer Junior Legion baseball.

Palatine is becoming to track and golf in Northwest conference what Dundee has been to basketball for many years in the Little Seven. The Pirates annexed their eighth straight league track championship Wednesday night at Glenbrook and Monday took their sixth golf trophy in a row at Grayslake.

Taking not one thing away from the Palatine teams, we must still admit the Northwest conference has, for the most part, been woefully weak in both track and golf for many years and we would hardly rate baseball as a league on a much higher standard. The top teams in spring sports are real good year after year but, except for one or two others, the competition has usually been much below par. Improved facilities, growth in enrollment, and better coaching will no doubt remedy this situation in the future.

★ ★ ★

BILL PALMER of Arlington Heights, who is only a sophomore, achieved that which so many good track men strive to gain without success, a first place in the state track meet.

Palmer tied for first in the high jump of 6' 2". He has promise of becoming one of the finest high jumpers in Illinois history if he does not let sophomore success go to his head and take the attitude he has nothing more to win.

★ ★ ★

ON THE EVE of Northwest conference track meet two individual stars of last year's meet were doubtful competitors. Jim Hess of Palatine, who set a league record of :10.3 in the 100 yard dash, is disabled by a pulled muscle and Don Smith, favorite to win the hurdles for Wauconda, was limping with an ankle sprined in the first inning of last Friday's baseball game with Grant.

★ ★ ★

ONE OF THE BIG accomplishments of the Palatine golf team this season was that of beating Leyden at Inverness, 9-6, right after Leyden won the district and just before they went to Champaign to the state tournament to win third. The Pirates seldom lose at Inverness, but they did drop matches to Arlington's Cardinals last week, the first on the home course since the two schools started golf relations some eight years ago.

★ ★ ★

IT IS INTERESTING TO NOTE that 12 of the first and second places that won the state track meet were won by athletes who competed in Palatine Relays in late April. A very windy day with occasional showers marred the times made in the running events in the state meet.

Ron Long of Mooscheart, who won the class "B" mile in the big Palatine meet, bested Jim Bowers of DeKalb who won the class "A" when they met Saturday at Champaign. Long's time was not as good at 1:25.5 as Bowers' 1:25.1 at the Palatine meet.

A month ago Ralph Giss of the Libertyville Independent Register told us he thought Lake Forest would take the North Suburban track title this year. They lost dual meets to Zion and Libertyville but in the league meet nosed them out by a point and a half.

★ ★ ★

BUZZ HAVILAND, brother of the great little red head who starred in basketball at Antioch High the past two years, is one of Northwestern University's top baseball players. Buzz helped Antioch's coach Dick Scott in a big way as a hitter on champ teams.

The younger Haviland pitched a two hit game against Palatine last Friday which Scott called the best mound performance ever turned in for him as coach. Haviland allowed just two Pirates to get on base and fanned 14 of 24 batters who faced him.

★ ★ ★

FROSH-SOPH SPORTS are looking up at Arlington Heights high school where both soph and frosh baseball teams have played good ball, sophomore high jumper Bill Palmer won state honors at 6' 2", and sophomore weightmen with track team are performing creditably. When Palmer tied for high jumping honors it was the third year in a row Arlington has had an individual champ.

Dick Winterbauer copped shot put the past two years, including his record breaking performance in '54. That mark withstood the challenge Saturday by several inches, so Dick's name will continue on the record books another year.

Palmer is just a sophomore, so could conceivably be a three time winner in the state. Of course, many "shoo-ins" fail to come through for one reason or another, as witnessed

THURSDAY, MAY 26, 1955

Glenbrook 2nd To Pirates By 16 Stroke Margin

Palatine won their sixth straight Northwest conference golf tournament Monday afternoon at Countryside course near Grayslake with a team total of 319. Glenbrook was second with 325, Grant had 340, Bensenville 345, Ela-Vernon 363, Grayslake, 388, and Wauconda 417.

John Goetz was medalist with 38-36: 74 followed by Dick Youngberg of Glenbrook 38-40: 78, Dennis Hodge of Grant 39-41: 80, Fred Breitling of Palatine 42-38: 80, Al Bathrick of Ela-Vernon 41-39: 80, and Jerry Beck of Grayslake 40-40: 80.

* * *

IN ADDITION to the 74 by Goetz and 80 by Breitling, there was an 81 scored by Noel Anderson and an 84 scored by John Goodwille, which made up the winning total. Bob Engelhardt, Palatine's fifth man had 88. The low 4 on a team count for the team total. This was the identical team score Palatine compiled in taking fifth in the state district last week.

Glenbrook in taking second had Youngberg 78, Dodge 81, Werner 82, and Goettsche 84. Grayslake was host to the tournament which was especially well organized with Walter Nesheim, assistant principal, in charge of arrangements.

Card Frosh Beat Maine

Arlington's freshman baseball team defeated Maine Wednesday, 4-3, in a good, close yearling contest. Coach Maurice Klotz' young Cardinals tallied 3 times in the second and once in the fourth. Maine scored 2 in the fifth and 1 in the sixth.

On the mound for Arlington was Denny Thill, giving up just 4 hits, walking 9 and striking out 9. Rollee pitched for Maine, allowing 3 hits, walking 2 and fanning 4.

* * *

IN THE SECOND inning Thill walked, Fischer singled, Schumacher reached first on an error and Nickelson walked. Result, 3 runs Reinke and Rose singled to bring in the other score for the locals in the fourth.

Maine scored in the fifth on 4 walks and a single by Wilson. Luehr singled in the sixth, later scoring after stealing various bases, followed by Rollee's double.

Sports Banquet At Arlington Wednesday Eve

Varsity letter and frosh-soph numeral winners in all sports will be honored guests at the all-sports banquet at Arlington Heights high school Wednesday evening, June 1, when Gib Holgate, frosh football coach at Yale, is speaker.

Athletes in all 9 sports at Heights will receive honors at the banquet, including state champ gymnasts, league champ golfers, and boys competing in football, cross country, basketball, wrestling, track, baseball and tennis. Cheer leaders will also come in for their share of honors.

* * *

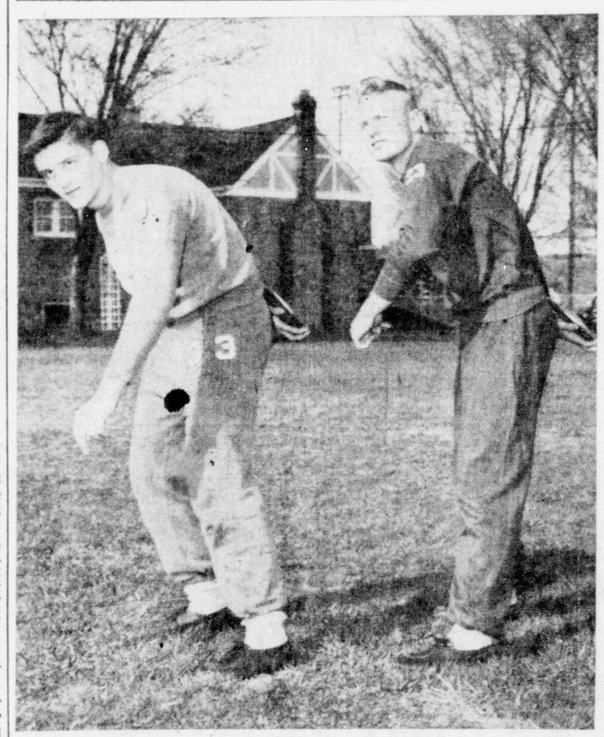
GIB HOLGATE, evening's speaker, won letters in football, basketball and track at Shorewood high in Milwaukee. He earned football numerals at Wisconsin before going into service, when he won football letter at Michigan as a marine trainee.

Gib was then assigned to active duty with the marines, serving overseas 11 months. He returned to Michigan after the war, receiving BS and MS degrees in physical education.

* * *

GIB COACHED football at Hillsdale college in Michigan 1 season, winning 6, losing 2, tying 1. Following year he went to Yale, later was appointed head freshman grid coach where his teams have been undefeated through 12 games the past 2 seasons.

Parents of boys on the teams can obtain tickets through the boys at $2.00. Other fans can secure them through athletic director Wally Grace, either at the high school or elsewhere. Banquet will start at 6:45 p.m.



Expected to win points in this Wednesday's West Suburban league's track meet at Riverside-Brookfield high school were these 2 discus throwers, Carl Klehm and Wayne Mueller. Weight men, coached by Bill Beckman, have been winning plenty of points for the Cardinals this spring.

by BOB PADDOCK

Arlington Heights high school golfers proved their right to the West Suburban league golf crown Monday at Timber Trails country club when they shot 307, 1 under Glenbard's 308. The Cardinals had previously beaten all 7 league foes in duals.

Grand championship was determined in a point system of place finishes in duals on one hand and league tournament on the other. Heights was first in both. Hinsdale and Maine were tied for second in duals with 5-2 marks, and could have tied for the over-all championship by taking the tournament.

* * *

THRILLING FINISHERS were in order for low individualists, with Mike Spinello of Arlington and Lanza of Glenbard tying at 75, and 4 boys hitting 77, necessitating a playoff for fourth spot.

Spinello won medalist rights after a 9-hole playoff found he and Lanza still tied. Tenth hole, start of a sudden death session, gave Mike the victory.

* * *

MIKE'S DRIVE on the tenth was poor, while Lanza's was good and long, but into a trap. Spinello was faced with a dog leg over trees and made it just short of the green. Lanza's second shot was also short of the green.

Mike then pitched to the green, ending just 3 feet short and making the grade with a 4. Lanza flubbed 1, then took 2 putts to sink a 5 and second place.

FRIDLEY of Downers Grove finished third with a 76. Tied at 77 were Bruce Rasmussen and Wayne Rolfs of Arlington. Giersbach of Glenbard and Beutler of Hinsdale. Sudden death was the order of the day in the fourth place playoff with Rolfs and Beutler eliminated on the first hole.

Rasmussen and Giersbach tied on the second but Giersbach birdied the third, 1 better than Rasmussen's par, and took fourth. Rasmussen placed fifth.

* * *

OVER-ALL FINISH of the West Suburban schools, duals and tournament combined, included Arlington, Hinsdale, Glenbard, Maine, LaGrange, Downers, York and Riverside.

Top 4 boys for Arlington included Spinello, Rasmussen, Rolfs and Ken Leark, who shot 78.

Other 6 boys competing for Coach Curtis Larsen's champ golfers included Bob McDonald 79, Bud Holm 82, Denny Evans 86, Gunder Rask 86, Gordon Meling 86 and Howard Alton 88. Only seniors are Rasmussen, Leark and Alton.

* * *

FROSH-SOPH TITLE went to LaGrange, both tournament and over-all. Lyons township undergrads shot 256, 10 under second place Maine. Arlington finished seventh in tournament, sixth over-all.

A tie for medalist was won on a 9-hole playoff by Williams of Downers Grove from Gary of LaGrange. Yates Williams of LaGrange finished third after winning a sudden death playoff.

The Arlington threesome included Dan Riley 86, Ed Moehling 92 and Dick Lindstrom 102. All 3 are freshmen. Over-all finish of frosh-sophs included LaGrange, Downers, Maine, Glenbard and Hinsdale, Arlington, Riverside, York.

Redwings At Home Sunday, Travel Monday

Arlington Heights Redwings semi-pro baseball team faces a busy weekend after being rained out of last week's game with Sylvano Redwings of Jackson Park. Friday night the locals travel to St. Joe, Mich., for a night game with St. Joe Auscoes.

The Auscoes will probably field the strongest semipro team in the nation. They pay very high for their players and only hire the finest talent. The Redwings will face the pitching of Frank Marino, former St. Louis Browns star, and included in the line-up is George Nichols, who hit two grand slam home runs in the last game.

* * *

THE REDWINGS don't intend to be over-awed by the opposition since they have a pretty fair pitcher in Dick Bokelmann, who could very well be playing major league ball today. Dick is rapidly rounding into the form that made him a major-leaguer.

Redwings play at home Sunday as they do every Sunday at 2:30. Plenty of competition will be on hand in the Del Marre Restaurant team, a classy outfit from Oak Park. They, too, have a former big league pitcher in Lou Possehl who spent several seasons with the Philadelphia Phillies. The Del Marres have a powerful hitting team and will be tough to beat.

Monday, the Redwings battle Skokie Indians at Oakton Park in Skokie. Game time is 3:00. The Indians are out for revenge. In the season opener the Redwings inflicted a decisive 9-6 whipping on the Indians and the Skokie players feel the wrong team won.

Card Nine Loses To LaGrange, 2-1

Major league ball was evident again at Recreation park Thursday when Arlington Heights high school lost to LaGrange, 2-1, in a thriller that saw just 27 Heights boys, and 28 visitors, at bat.

It was 3 up, 3 down 4 times for LaGrange. A hit batsman reached second in the second inning. A double by Meyer, triple by Krask, and an error counted 2 runs for LaGrange in the fourth.

* * *

A SINGLE by Wormley and a walk put 2 men on in the fifth, but they died there. Otherwise it was Cardinals' John Sujack performing in great fashion with his mates backing him up and committing only 1 error.

Sujack struck out 7, walked 1 and gave up 3 hits. On the mound for the winners was Wormley who also gave up 3 hits, walked 3 and fanned 6.

* * *

DENNY MAHER reached first when hit by a pitched ball in the first for Heights. Vittum walked in the second but was caught trying to steal second. Sujack walked in the third but was nabbed at second on fielder's choice of Fischer, who was left on first.

Stan Fletcher singled in the fourth, but was caught on a fielder's choice of Bob Harrington. Fischer singled for Arlington in the sixth, was sacrificed to second, and scored on an error. Harrington walked. A single by Dick France was wasted in the seventh.

Final contest of the year for the local varsity nine is against Downers Grove Tuesday.

Soldier Field Auto Racing To Open May 28

Soldier Field 1955 auto racing season will officially open Saturday, May 28 with the 10th annual park district police benevolent race program featuring the 50 lap gold trophy race. Competing in this grueling race will be a score of brand new 1955 pleasure cars complete with lights, grills, glass and upholstery never before raced on any track. The cars will be identical to those driven by the general public every day on the streets and highways.

Chicago Auto Racing Inc. will also open the 1955 season at the 87th street Speedway on Decoration day afternoon with the first in a series of Jalopy Races. It will be the only afternoon race of the summer, all of the others being scheduled for under the lights Tuesday and Friday nights.

Card Sophs Tie LaGrange

Arlington's sophomore baseball team tied LaGrange last week, 5-5, in a 10 inning contest that saw the locals lose control of a 5-0 lead going into the fifth. LaGrange has a 7-2 record this year, the only losses being to Morton.

On the mound for the locals was Bob Miller, relieved by Jerry Klement in the fifth, Miller moving to right field where his capable arm proved a big help. In one instance he caught one man attempting to stretch a double into a triple.

* * *

HEIGHTS SCORING included 2 errors, permitting Ed Meinken and Jacobsen to reach base, the former coming home with the first run of the game.

In the fifth an error helped Dean Skadberg to the bases. Miller was walked. Webber, Pat Brownell and Denny Thill singled, and Bruce Bjorklund walked. In between were 5 stolen bases and 4 runs.

* * *

THE INFIELD for Card sophomores included Jacobsen at first, and Webber, Thill and Brownell. Jonas served in left, then Bjorklund and Skadberg. Catching was Meinken.

LaGrange tallied 3 times in the fifth, once in the sixth. From then on it was no score until the game had to be called because of the hour.

Top singles, plus married coach Ken Schaller, discussed the coming West Suburban league tennis meet this week at La Grange and Riverside-Brookfield high schools. Carrying the colors for Arlington Heights high schol, and playing 1, 2 and 3 singles, were, left to right, Bery Schnyder, John Kudla and Dennis Hackbarth. Coach Schaller refreshes their memory on proper grip of the racket.

Prospect Heights 9's Lose Mt. Prospect Pony Leaguers

by BETTY KIRCHHOFF

Northwest suburban pony league consists of 6 teams this season. These are the VFW Braves, the VFW Sox, and the VFW Cubs from Mt. Prospect, Giants and Indians from Prospect Heights, and 1 team from Wheeling.

The season officially started Tuesday, May 17, but both games scheduled for that evening had to be called on account of darkness. These games, and another one cancelled Thursday, will be replayed at a later date.

* * *

SATURDAY afternoon the VFW Braves whipped Prospect Heights Giants, 15-0, in 5 innings at Lions Park. Randy Virgil captured all honors of the day by twirling a no hit, no run game. He walked 6 and struck out 9 Giant batters. The Braves, although minus the long ball, put together a barrage of singes and doubles to account for their runs. Dick Hill was the starting and losing pitcher for the Giants.

Saturday when Bowers of DeKalb failed to win his specialty, the mile. In baseball at Heights the sophs have a 4-3-1 record, the freshmen 3-1-2.

In tennis Arlington won a few sets this year, an unusual record that demands a few pats on the back considering tempo of competition within West Suburban league.

After all, Hinsdale placed second in state competition, just 1 point behind champ New Trier, with LaGrange finishing third. Hinsdale has a year-'round tennis pro in Clare Riessen instructing the net sport to students and adults, alike. Cardinals won the golf championship again Monday, a sport that always brings plenty of smiles to Heights fans, with 7 of the first 10 boys returning next year.

Palatine Trackmen Whip 3 Other NW League Foes

In spite of the fact 3 of their better senior veterans did not compete, Palatine still whipped three other Northwest conference track teams by a lopsided margin in a quadrangular meet at Grant Saturday night. The Pirates won two or more places in every event to pile up 105½ points. Bensenville was second with 43, followed by Grant 34½ and Antioch 8.

Palatine won all the first places except four taken by Bensenville. For the Bisons Ripperger took the mile, Masotti the broad jump, Raiser and Masotti tied for the 100 yard dash, and the Bison 880 relay team was the winner. Joe Masotti scored 11¼ points to lead the Bisons and his broad jump of 19'6" was one of the better marks in the meet.

Dave Cornwell scored 11 points for Palatine and Dave Nesset had 10, both made on first places. Palatine took the first two places in shot put. Leonard Wiese, Alan six events and the first four in the Eck, and Bob Kozy did not compete for Palatine.

Shirling In No-Hitter For Glenbrook At Grayslake

Dick Shirling of Glenbrook achieved the goal of every pitcher last Friday when he hurled a no hit game. To make it all the more outstanding he turned the trick against the heaviest hitting club in the Northwest conference, the Grayslake Rams, who were the league leaders. Glenbrook's 3-1 conquest of Grayslake was the second defeat in 12 games for the Rams and dropped them back into a tie with Grant at 10-2.

Shirling fanned 8 batters and walked 3. Bob Boyd's first inning home run of Larry Kaufman of Grayslake was enough to win the game but a walk to Ken Schulties, and hits by Olson and Calvri produced 2 more runs in the fourth. Kaufman for Grayslake fanned 10 and allowed 5 hits. Gale Peregrin took over in the seventh and struck out the side.

Glenbrook .. 1 0 0 2 0 0 0— 3 5 1
Grayslake .. 0 0 0 0 0 0 0— 0 0 2

Batteries: Glenbrook — Shirling and Olson; Grayslake—Kaufman, Peregrin (7) and Bartoli.

MIKE HAVILAND pitched a masterpiece and Antioch took Palatine into camp for the second time this season Friday, 7-0. The Pirates got only 3 men on base in the 7 innings, 2 by hits and 1 on a base on balls. Bob Coates got a single in the fifth and Bob Kozy hit a long triple in the seventh.

Haviland struck out 14 of 24 batters to face him. Antioch, for the first time this season, played errorless ball and grabbed their third decision in 13 games. Tom Hillesheim retired in the first inning after 4 batters in a row got on base with no one out. Bob Hamilton took over and pitched good ball but his team mates got him no runs.

Antioch ..... 3 0 2 1 1 0 — 7 7 0
Palatine ..... 0 0 0 0 0 0 0— 0 2 3

Batteries: Palatine—Hillesheim, Hamilton (1), and Eich; Antioch—Haviland and Meyer.

GRANT HAD TO COME from behind to whip Wauconda 10-5 Friday. Wauconda led 5-2, going into the sixth when Grant tied the count and won on a 5 run seventh. It was Bob Parr whose timely hitting gave Grant the victory. Parr went in as a pinch hitter in the sixth and delivered a double to drive in 2 runs. In the 5 run seventh Parr hit a long single with the bases loaded for 3 more runs. Bob Klaus aided the Grant causes with 2 triples and a single in 4 times at bat. Gene Jaskot got a double and a triple for Wauconda.

Grant ..... 0 1 0 0 1 3 5—10 9 2
Wauconda .. 3 0 0 0 2 0 0— 5 9 3

Batteries: Grant—Bossow, Madden (3) and Hink; Wauconda—Lincoln, Jaskot (7) and Smith, Vassau (2).

The Sox cut loose with 5 runs in the third off Tom Reinsma, the losing pitcher. Tommy Henkel started it off with a single after which 8 more batters paraded to the plate before the final out. George Bork and Leekley smashed triples to provide some extra excitement in the inning.

Ela And Grayslake Rally To Beat Bensenville Twice

by ELI WHITNEY

The Bensenville Bisons lost a close ball game Friday afternoon, 6-3. It was all tied up, 3-3, going into the final inning, when Ela Vernon Bears scored 3 winning, unearned runs.

Bears started scoring in the fourth as Meyer reached base and scored on 2 errors. The sixth was payday for their first baseman, Stalker, who hit a home run over the center field fence with 1 on.

* * *

SCORING 1 in the fifth and 2 in the sixth was all B'ville could do for the day. With bases loaded Bob Misicka hit to short stop, who floundered around with the ball long enough to let Griffone score.

Dale Stroud started the sixth with a double. A single by Bob Lang scored him. Griffone, who got on by a fielder's choice, was sent home when Joe Masotti doubled.

* * *

AN ERROR on B'ville second baseman and a walk were good enough to put Bears Walsh and Schiller on in the last inning. An error by the shortstop found Meyer on first and 2 runs in for Ela. Two hits and Meyer made home.

Bensenville pitcher Floyd Busse allowed 2 hits, struck out 6 and walked 4. His replacement and losing pitcher, Dale Stroud, gave out 2 hits, fanned 2 and walked 1. Ela Vernon's Len Schiller pitched a 5 hit win, striking out 8 Bisons and giving away 3 walks.

SATURDAY MORNING Bensenville's Bison slugers played host and lost to first place Grayslake Rams, 7-3. The Bisons held even with the absence of third baseman Joe Masotti and right fielder Jerry Graumann, who dropped out in the middle of the game with an injured ankle.

Rams started the game with 4 consecutive hits. A triple by Laske and a one bagger by Schroeder scored 1. Two more singles by Brownell and Bertoli finished Schroeder's trip around the diamond. The score 2-0, Grayslake, prevailed until the Bison half of the sixth inning.

* * *

BENSENVILLE's three run sixth started as Harold Tews made second on an error by the short stop. Dale Stroud singled to center, scoring Tews. When Ram pitcher Gale Peregrin forgot to pull the string on his curve ball he hit Lars Henriksen to put Lars on first and Stroud on second. A bunt by Don Griffone and a bad toss to first by the Ram pitcher gave Stroud and Henriksen time to score.

Grayslake came back with 5 runs in the next and final inning. The lineup batted around once. Brownell, Bertoli and Hunzikor singled. Chord and Laske doubled and errors on B'ville center fielder and pitcher helped add to the five run tally.

Northwest Obedience Dogs Enter Trials

At least 10 dogs of Northwest Obedience club members were entered in the North Shore Dog Training club obedience trials held Sunday at Lake Forest college field house.

Passing scores were made by the following members who had entered their dogs in one or more of the various classes: Dr. Justin Fleischmann, Palatine, with his airdale; Mr. and Mrs. Frank Grover, Deerfield, with their dobberman pinscher; Joseph Mertens, Elgin, with his german shepherd; Mrs. D. Muster, Bensenville, with her weimaraner; and Stanton Petry, Arlington Heights, with 2 golden retrievers. Mrs. Fleischmann's stadard poodle won the poodle trophy, Dr. Fleischmann's airdale won the trophy for the highest scoring airdale; and Mrs. Muster won the award for second highest score in "Open A."

Tracking tests were held as part of the obedience trials on the Arthur T. McIntosh estate in Palatine. Northwest members took a prominent part in organizing the tracking tests.

Training continues Wednesday evenings throughout the summer at the training hall in Palatine. Another new class will begin the first Wednesday in August and there are still a few openings. Anyone interested can call Mrs. B. Hungerford, Barrington 83-J, Mrs. S. Petry, Clearbrook 3-3347, or Mrs. J. Fleischmann, Palatine 440.

Arlington Golfers Defeat Maine, 9½-5½

Arlington Heights high school golfers defeated Maine last week at Park Ridge Country club, 9½-5½. Frosh-sophs tied, 4½-4½, but a total-score compilation gave the nod to Coach Curtis Larsen's freshmen.

Mike Spinello was low for both varsity squads with a 79, just 1 stroke ahead of Rolston. Wayne Rolfs and Ken Leark both shot 81 for Heights, with McDonald carding 84 and Rasmussen 87.

Moehling was low for Arlington freshmen with 85, but was 1 over Monteigal's 84 for Maine. Total strokes of 3 boys on each team gave the frosh-soph match to Heights after a 4½-all tie.

This week Thursday Heights golfers meet Glenbrook varsity and frosh-sophs, and Bensenville varsity at Old Orchard. Friday the entire Heights team will be after JC honors at Old Orchard, with exception of Bruce Rasmussen, who became 18 years of age Monday.

Golf Winner

University of Illinois professional schools won the Chicago collegiate golf tournament at Longwood country club with a score of 950 for a 6 man team playing 36 holes. Three members of the team carried home first, 2nd and 3rd place trophies for individual scores.

James T. Brown, Jr. of Mt. Prospect, freshman in the medical school, won the third place trophy. Brown played varsity golf for 3 years at Lawrence college, Appleton, Wis., and was captain of the golf team in his senior year. He was graduated from Arlington Heights high school in 1950 and is the son of the James T. Browns of Mt. Prospect.

Palatine Golfers Defeat Leyden, 9-6

Palatine defeated Leyden last Wednesday at Inverness golf club 9-6, in between Leyden winning the district championship and taking third in the state tournament. John Goetz beat Esposito of Leyden with a 76 to his opponent's 81. Esposito was second low in the state tournament 2 days later.

Palatine's scores were Goetz 76, Breitling 82, Anderson 89, Engelhardt 88, and Goodwille 94. It was really the fact that Bob Engelhardt, as fifth man, broke 90 for the first time that won the match for he scored 2½ points.

Stewart Floor Takes First In Old Orchard Scratch

Stewart Floor and Tile sanded themselves right into first place when Shelby Sr., Shelby Jr., D. Hartman and Marsh Balling put the finishing touches to the L'Nor Cleaners and collected 6 points. This put Stewart's a point and a half ahead of State and Rand. Shelby Sr. won 2 points when he made a long putt on the last green to win his match.

Len Arnold was 2 under par for the first 7 holes on the long back nine but bogeyed the last 2 holes to end with a par 36. This scoring was good enough to beat A. Harris and earn 2 points, but Bert Casteel, M. Kamps and R. Lee were not the least impressed and went on to take the remaining 4 points from State & Rand. Winning 4 points put the sign painters in 4th place and dropped the Service team to 2nd.

* * *

ONLY OTHER player to match par for nine holes Friday evening was Leroy Nordstrom, who had quite a time for himself when he collected 5 pars, 2 birdies and 2 bogeys to win out over B. Blessing. The two birdies were on No. 5 and No. 8 where he hit a 4 wood to within 2 feet of the pin.

Homer Cokenhower holed out with a chip shot out of a bunker on the 17th and won his match, but his team took only 2 points from Petersen Floor & Tile. Harv Sheppard was low scorer for this team match with a 39.

* * *

H. KAMPS sunk about a 55 foot putt which curled and came downhill to drop for a birdie 4 on the par 5 15th hole, but his spirits and hopes were dampened by his opponent R. Hubbs, who birdied the next hole and went on to shoot a 37. Hubbs won the match and teamed up with M. Graff, who edged T. Foy, to put their team into the 4 point bracket.

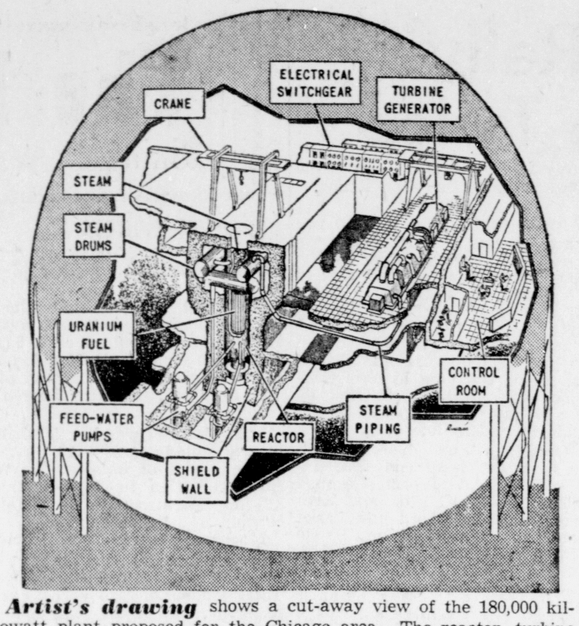
"Always The Finest Food And Beverages"



Artist's drawing shows a cut-away view of the 180,000 kilowatt plant proposed for the Chicago area. The reactor, turbine generator and related equipment will be enclosed in a steel sphere about 200 feet in diameter.

Fissioning uranium produces heat which causes the water in the reactor to boil and form steam. The steam flows through pipes to the turbine. As in a conventional power plant, the steam then drives the turbine spindle which spins the generator to make electricity. This type of reactor was developed at Argone National Laboratory.

The boiling reactor differs from the full-scale pressurized water reactor being built at Shippingport, Pa. In the latter type, the water is kept under enough pressure so it does not boil in the reactor. The water, heated by fissioning uranium, flows through a heat exchanger. The steam produced in the heat exchanger then travels to the turbine. The elimination of the heat exchanger in the boiling reactor plant reduces investment cost.

Foreign 'Consuls' Can Be Bought For Cash, Aid Foreign Treasuries

by BILL DILLINGHAM

A new fashion among Europe's upper class is acquisition of the title "Consul." Becoming the consul for some foreign state is an honor that can be bought with a check.

Among those who have the right connections and can spare the cash, the giving of this title as a birthday present, wedding present, or just a gift for favors unmentioned is relatively common.

* * *

ONE OF EUROPE'S smallest states was recently in severe economic distress and an important injection to the treasury was had by selling honorary consulate titles. This meant that, for example, the purchaser would receive his papers, reserve his house as the consulate of that foreign state, hang out their coat of arms and afix a sign to the family automobile reading CD (Corps Diplomatique).

In addition, one's calling cards take on a more impressive look, invitations to many official functions begin to arrive, one's automobile is usually immune from traffic tickets, and, should the emergency unfortunately arise, local police have no right to enter the house because it has become territory of a foreign state.

* * *

TRAVELING about Europe one encounters many consulates and vice consulate offices for foreign countries in the most improbable places. The consulate, for example, of a Central American republic might be found in a one-horse town in central France. The duties of this consul, of course, are just about nil. He is not required to speak the language of the country he represents.

Such buying and selling of these titles, however, is not done directly. When in the diplomatic corps, one must be "diplomatique." The procedure runs like this:

A rich widow in Italy, for example, might decide that her new husband (unemployed and without funds) should have some position in life which has an air of social importance to it. An offer is made to donate 100 beds to a hospital in that country. The government concerned is not blind to the obligation of being friendly, and one's title is acquired whether the money is ever spent on beds or not.

* * *

IN THE CASE of a country that needs money quickly, the trimmings are forgotten and it becomes a cash-on-the-line deal. Word is sent out about openings.

For the past number of years the diplomatic corps of most countries was an ideal refuge for the aristocracy. A person with a good name and distinguished family background, but without money, went into the diplomatic corps to maintain social superiority. Now, however, "common businessmen" are invading the territory.

* * *

THIS DOES NOT mean, however, that one can purchase a diplomatic title from any country of the world. The trade is limited. Some governments are too strict. One of Europe's smallest nations has over 600 consulates and vice consulates established in foreign countries, while, by way of comparison, the United States has about 260.

Seen from another angle, this country with only 2 per cent of the population of the United States has over 100 per cent more diplomatic offices.

NEEDLE in the GROOVE

by PAUL LITTLE

Long-playing discs delight us in two ways. One is by offering unfamiliar music which we learn to our pleasure contains new beauty; the other is a performance of music we know but which is so exciting as to make the familiar seem brand-new. A particularly noteworthy example is Capitol's new 12-inch discing of Dvorak's "New World" Symphony, which all of us must surely have heard at least half a dozen times in our lifetime. Yet this reading, by The New Symphony Orchestra of London under the baton of the noted Austrian conductor Rudolf Schwarz is so dynamic, so romantically warm and compelling, that it seems to us we are hearing it for the first time. Sound reproduction is spacious, clear and rich!

Another Capitol 12-inch waxing shows us a less familiar side of work in the field of chamber music. This is the lovely Sixth String Quartet in F. Major, surnamed the "American" because you will hear melodies which suggest Indian and negro tunes, beautifully adapted and originally set forth by this genial Bohemian master.

* * *

THE FINE YOUNG Hollywood string quartet plays this enchanting music with sensitivity and warmth of feeling, and adds on the reverse side the never before recorded A Minor Quartet by Ernst von Dohnanyi, the noted Hungarian composer who has become an American citizen and is now a member of the faculty at Florida State university in Tallahassee. This quartet is a masterpiece of romanticism and elegance, beautifully balanced and eloquent, a joy to the ear and to the heart. Somehow, the intimate appeal of chamber music is intensified by listening to it in the tranquility of the living room over a hi-fi system.

London Records continue to make us shout "Bravo!" for beautifully performed and reproduced discs which, in your critic's opinion, create the illusion that the orchestra or soloists are playing in your very own living room. One of this firm's finest offerings is the 12-inch platter offering Borodin's virile and melodious Second Symphony in B Minor, a first-time recording of the two movements which comprise his unfinished Third Symphony in A Minor, and a sparkling reading of the lovely "Prince Igor" Overture.

Featured speaker at the Decoration day program at Arlington Hall will be Judge Neeley. Musical selections will be in the hands of Mrs. A. W. Taylor and J. V. Whiting.

Seventh grade honor roll members at the Palatine School are Ethel Richmond, Gertie Mayer, Helen Wienecke, George Anderman, Robert Mosser and Mamie Torgler.

The Rev. Val Ziemer of Plum Grove and the Rev. H. Wagner of Arlington Heights pronounced the sermons at the pastoral conference at Friedens church, Bensenville, May 16 and 17.

Anna L. Schwingel, Wheeling, and a Chicago man, Charles Schoeber were united in marriage at the United Evangelical parsonage in Northfield May 14.

A South Barrington note: We are of the opinion that the school ma'am will not lay down the law to "the ape" very soon for the reason that he displayed to his utmost before the public the effect it would have on his conscience.

Theodore Soenksen, Mount Prospect's hustling egg man, is very busy these days selling 200 to 250 (30 dozens each) cases a week.

Mrs. Elinore Haynes, Mrs. Abbie Taylor, Mrs. Janette Paddock, and Mrs. Grace Lorenzen will be among the persons taking part in the program at the Arlington Heights Women's club meeting May 31.

Forty Years Ago

May 28, 1915

The paving of five streets in Arlington Heights drew strong objections from citizens at the village board meeting at Arlington Hall Monday evening with the result that president Mors appointed a special advisory committee to further study the plans. Named chairman of the group was Friedrich Redeker.

Minnie Behnke, daughter of Mr. and Mrs. Albert Behnke, Arlington Heights, was married to William Lohse, son of Mr. and Mrs. Charles Lohse, Palatine, Saturday evening in the Palatine Lutheran church with the Rev. Daniel Poellot officiating.

Albert Utpadel and Stella Hank surprised their many friends by getting married in Wheeling May 26. They went to Silver Lake, Wis., for their honeymoon.

Fred Nerge, Henry Gieseke, Emil Nerge and Fred Botterman enjoyed a fishing trip to Lake Zurich Sunday.

A former Itasca resident, Clarence Perrin, was wed May 1 in Belvidere to Lilliam James and they have gone to Minnesota to live.

The Arlington Athletic club baseball nine lineup this season: Guild, lf; O'Connor, 3b; Lorenzen, c; Peters, 1b; Schneberger, p; Rieman, 2b; Foley, ss; Martens, rf, and Adams, cf.

May 22, 1925

The Arlington Heights grade school baseball team which won its way to the finals of the grade school league by beating Barrington, 23-12, last Thursday has the following lineup: Steve Brodnan, William Deitrich, Paul Tossman, Leroy Boeger, W. Mors, J. Kolling, Fred Hertel, Adam Hoffman, Earl Wilcox, Joe Pitzen, William Wilton and George Shaffer.

John Swick, life long resident of Palatine, died last Friday at the age of 60 years. He has been superintendent of the Palatine water works the past four years.

It has been suggested that the new Itasca Country club be named after Calvin Coolidge as the keynote of the operation of the place will be economy.

Walter Senne posted the high score in bowling last week in Palatine with a 231 game. The highs so far this week are Hunnerberg, 205; Wenegar, 208, and Hackbarth, 200.

Students taking part in the Schaumburg graduating exercises at Schaumburg Center Thursday night will include Albert Kastning, Edna Busche, Raymond Quindel, Marion Grudzien, Beata Lichthardt, Eleanore Hattendorf, Walter Schaub, Elmer Quindel, Esther John.

Twenty Years Ago

May 24, 1935

Arlington Heights has offered sewer facilities to the race track for $7,500. In addition, a monthly fee of about $150 would have to be payed during the racing season.

The improvement of W. Campbell st. in Arlington Heights started last week. The cost will be in the neighborhood of $2,200 and the money will be available from gas tax funds available to the village.

Marie Sophie Heide, who formerly lived in Schaumburg township for 33 years and has been a resident of Mount Prospect the past 20 years, died May 22 at the age of 76.

The Itasca Country club was formally opened Wednesday with 206 charter members listed.

Nora Smith became the bride of William Cosman in Itasca Saturday with the Rev. M. Kesselring officiating.

"Higher ups" and not local authorities have been blamed for the closing of bookies in Arlington Heights during the racing season at Arlington Park.

Ten Years Ago

May 24, 1945

A traffic survey dealing with the parking problem in downtown Arlington Heights revealed that 40% of the space available is always unused. Thus exploded was a proposal to convert existing park facilities to a cinder lot.

Deaths this week: Dr. Leo A. DesJardins, 419 S. Vail, Arlington Heights, died in a Chicago hospital Saturday evening at 41 years of age, and Herman Heide, 22 S. Elm st., Mount Prospect, passed away Saturday morning at the age of 55 after a week's illness.

Pearl Gosch, daughter of Mr. and Mrs. Adolph E. Gosch, S. State rd., Arlington Heights, became the bride of Walter Joost, son of the William Joosts, also of Arlington, Saturday evening.

Dan Robertson Sr. was last week elected "mayor" of the Prospect Heights Improvement association.

R. W. Brandow is the new president of the Men's club of Mount Prospect.

The new cub scout pack 28, sponsored by Peace Evangelical and Reformed church, Bensenville, will receive its charter Tuesday evening.

THE MAILMAN'S CORNER

BY LELAND ELLIS TRUXELL

Have you ever been exposed to a chatterbox, one of those persons whom you meet at parties or with whom you come into contact in some other way? I mean someone who talks incessantly until you want to scream? Well, although it is an ordeal sometimes, there are ways to overcome the chatterbox's excessive verbosity.

Unless you are a bigger chatterbox than the one who assaults you, you haven't a chance to compete. The thing to do then is to keep quiet, the quieter the better. Answer questions with a yes, no, or if you do not choose to answer, keep silent. Above all, never feed a chatterbos. Don't give him or her any ideas, or he will keep right on. Don't encourage him. Don't ask questions. Answer him in a voice that he has to strain to hear if you have to answer at all.

* * *

A REALLY experienced chatterbox is hard to down. He is resourceful beyond belief in seeking praise, an exclamation of surprise, an appearance of being shocked at what he says. You have to watch your step every minute. If you persist, if you succeed in sidestepping every trap and avoid every comment, you can stop the diehard experienced chatterbox in from half an hour to 45 minutes. The average chatterbox, if unassisted, will run down in ten to fifteen munutes, and when he does, will be completely deflated. Chances are he will avoid you from then on.

The most difficult thing about this treatment for chatterboxes is to carry it off in a manner that is neither cold nor insulting. You must not be unfriendly or rude. This required practice and tact. You must remember that the confirmed chatterbox is not trying to offend you but to please you. He wants you to like him, to think that he is it. Or else, he wants to unload his troubles on you, wants your sympathy. He is harmless, unless he is addicted to gossip. Respect his needs, his wishes, but just don't give him any help. Remember, unless you enjoy or gain from his conversation, if you want to be free from his conversation, NEVER FEED A CHATTERBOX!

Leach garbage packer, added to the Laseke fleet of trucks last week, is a welcome addition to the operators who can conserve their muscles, and to the public as the handling of the garbage is all under cover. Keep Cars Out From Under Elms And Save Washing

by JOHN H. BICKET
Assistant Farm Adviser

If you have been parking your car under trees lately no doubt your car is like mine, covered with sap. Many people have told me they are avoiding the necessity of having to wash their car by parking it away from trees.

This sap loss is caused by the European Elm scale and/or the cotton scale which attacks the branches. Due to this loss of sap, several branches of the tree may fail to leaf out as rapidly as the rest of the branches. The color of the leaves of the entire tree may be lighter than you would like to see them. This condition is caused by the over-all loss of vigor or unhealthy condition resulting from this and other causes.

* * *

SCALE CAN BEST be controlled through the use of a dormant oil applied before the leaves and buds start to grow in early spring while the trees are still in the dormant stage.

DDT has been used with some success at this time of year. This spray can be applied with a very, very small amount of oil as a base which will cause the DDT to cling to the branches better, and will serve as a control in itself. Homeowners are cautioned to be extremely careful with the amount of oil they use because excessive amounts of oil used at this time of year will kill the trees.

* * *

MANY HOMEOWNERS have been concerned with elm trees in particular, thinking this is the disease that has been causing such a loss in Elm trees. This is not true as the elm tree disease is caused by a fungus which can be detected beneath the bark.

We have had many questions during the past week concerning the causes for leaves turning brown and giving the general appearance that something has been purned too close to them or that a small amount of weed killer has been used near by. In general this condition has been caused by the dry winds which cause the excessive amount of evaporation of sap from the leaves.

Flat Notes — Oily

An oil well's "voice" will never be good enough for the concert stage, but it is attentively listened to, nevertheless. Changes in the pressure of a well, which usually cause a difference in the sound of the pump, may indicate a change in the well's producing characteristics. Experienced gauger-pumpers can often detect trouble in the "voice" of the well, just as a mechanic does in the sound of an engine.

Disabled Should Freeze Social Security Record

Seriously disabled people who used to work in employment or self-employment covered by the social security law should get in touch with the social security office by June 30, social security district manager Julius Berman announced.

By applying to have their social security earnings records frozen, disabled people may prevent loss or reduction of future benefits, he said.

The law protects the social security rights of a worker who is suffering from prolonged total disability but does not pay cash benefits to him before he is 65.

* * *

MR. BERMAN urged people totally disabled for 6 months or longer, and who worked under social security for at least 5 years out of the 10 years before they were disabled to get further information from his office. Active military service and employment in the railroad industry may count toward the needed amount of work.

Some people now receiving old-age insurance payments or who will become eligible for old age payments in July were disabled for long periods before they reached age 65 and are still disabled. They may start getting larger payments as of July and will get them more promptly if they file an application for a "disability freeze" by June 30.

* * *

"IF DISABLED person dies after June 30, the disability freeze can protect his family's rights to survivors payments but only if he had applied for it before death. For this reason, it is important for every person who meets the requirements for the "freeze" to apply for it by June 30.

Northwest district social security office is located at 4255 N. Milwaukee ave., Chicago. If a disabled person is unable to call at the office, he may telephone or someone else may call for him, Berman said. The telephone number is SPring 7-3413.

More Teachers Needed To Prepare Students For Industry

Industry says that there is a shortage of scientists and that one of the reasons is because the pupils who are enrolled in the public schools have not had a thorough training in reading, mathematics and the basic sciences.

Science is not the only field in which there is a dearth of well qualified persons. Newspapers, and other fields of business and industry, have difficulty in obtaining competent help that can think and act in a manner that is necessary for the smooth and effective operation of the business.

The situation will grow worse if we do not have an added emphasis placed on the need for well trained teachers and educational facilities with a demand for competency, thoroughness and proper counselling and guidance of pupils in our schools.

The bottleneck between potential supply in all fields and the number of persons who are well qualified to meet the demand can be eliminated through better schools and better teachers.

JUST from Patty McArdle AROUND THE CORNER

Dear Peg:

Our P.T.A. gave a dinner and program for the parents last night, that turned out to be the best-attended affair we've had this year. Not only was the food good, but the entertainment was absolutely rollicking! As planned, we met Fay and Tom and Mary and John in the lobby of our new school at 6:30 p. m. and together we all went into the cafeteria.

It certainly didn't look like an ordinary school day in there. The walls were decorated with cutouts of men's derby hats and ladies' gaily colored bonnets. There were lovely flower arrangements in the middle of each table and the table which held the punch bowl was covered with a lace cloth and gleamed in the candle light with flowers and cut glass. When we came in, we wrote out a name tag and pinned it on, while someone else pinned another name on our backs. Of course, the names pinned on the backs were those of well known people or livestock, real or fictitious. Bob was "Hopalong Cassidy" and I was "Goldilocks." Fay had Marilyn Monroe's name and Tom, Liberace. This little trick turned out to be a clever "ice-breaker," as it was difficult not to make some comment to a person wearing a name such as "Bugs Bunny" on his back.

* * *

THE BUFFET DINNER was delicious — ham and turkey, molded salad, tossed salad, potatoes au gratin, rolls and relish plates. For dessert we enjoyed a chocolate sundae, brownies and coffee. There was a cute little program laid at each place. On the front of it was a front view drawing of an old fashioned Mother and Dad, seated next to each other at a dinner table (obviously out some place, as evidenced by "Mama's" beautiful big hat.) On the back of the program, was a rear view of the same subjects seated in the same way.

You know, yourself, how corny most amateur entertainment is, especially when it's designed to be funny. Well, we were prepared for the usual dull parents' variety show, since the program, put on entirely by the fathers, had been kept a strict secret. What a pleasant surprise we had! The opening skit, concerned with an overnight Boy Scout hike, was hilarious! You can imagine six of our biggest fathers dressed in Boy Scout uniforms of the short pants type, led by one of our smallest fathers and the comedy situation that would ensue when they tried to pitch a tent, build a fire, cook their dinner and go to sleep.

* * *

RATHER THAN THE ACTORS talking, a narrator off stage told their story as they pantomimed. The father who did the narrating should go into TV script writing—his material was polished and professional and his sense of timing, perfect. He really sounded like the narrator of the "Pete Smith Specialties" (a frequent movie short subject.)

One of the fathers and his family had recently been to Hawaii and while there had learned to do the hula. He was asked to come up on the stage (all prearranged) and teach six lovely ladies how to do the hula. The "lovely ladies" turned out to be six fathers dressed in old house dreses and wearing dreadful wigs. They could not seem to learn the dance and finally, in desperation, the instructor left the whole bunch of them and walked off into the wings. A few minutes later the curtain reopened and there were the "ladies" dressed in grass skirts, leis and new wigs. As the Hula music began, they went into their dance with a rhythm right from the islands! There were a couple of shorter acts but these two skits were the most entertaining—and I do mean entertaining!

My love,
Patty.

QUITE CONTRARY BY MARY

We don't want this that we have to impart to be bruited about but we have found a great secret. We have found a way to wring sympathy from the mob. This probably sounds just too neurotic for words. As a matter of fact it is.

For years now we have wrung our feelings to the utmost every time a member of our family has come down with something. Half the time what they have come down with is nothing but exhaustion or bad temper but we dutifully wrung. We never wanted it said that we were an unfeeling wife and mother.

Our children suffer not silently but thoroughly. Each pain, each bruise, each small temperature got its full share of attention from us. And now, we come to the real sufferer of the family, the male.

It has been scientically proven that a woman can stand more pain than a man. And we are here to say that it is so, so, so. When the man in our life is ill, the house shakes to its very foundations with his groans. He doesn't mean to be demanding, it is just that he is so sick and we are so available.

We want it clearly understood that he is just average on his bed of pain. We have made a very careful survey among wives as to the reaction of their spouses to suffering. Everywhere, but everywhere the answer is the same. There is no suffering to be compared to male suffering. It is vocal and demanding.

Now we come to the crux of the matter. We too have our days of feeling poorly. We have some swell miseries both real, and imaginary. We hate to admit that some of our ailments might be of a fanciful nature but we are nothing if not honest. And, sometimes we are nothing.

When we do feel badly, we spend the day sort of dragging around being brave about the whole thing. We smile wanly in answer to questions about our health and what is making our usual gay self so glum. We keep feeling that if all of them truly loved us, intuition would tell them that we are not long for this world. Intuitions seem to be lacking in their nasty little natures and they begin to bypass us in the general conversation.

Smiling wanly begins to pall shortly and anger takes its place. Besides the old mouth begins to weary of the strain of being pulled against its own inclination to droop petulantly. This is when we literally fold up, bent over double yet, and take to our bed. That does the trick nicely. Everyone starts organizing everyone else and five people gaily take over our work.

It is just a breeze they all tell me as they bring their meals into my room. The complete collapse is the secret of getting sympathy but we wish it understood that we make some remarkable recoveries. It gets so crowded with all six of us in bed.

THE FENCE POST

Need A Hospital

I am writing this letter because my husband and I think something should be done about the doctors being available on Wednesdays and the weekends.

Two and one-half weeks ago our son had a tonsillectomy. He's 2½ years old. Five days later he caught his hand in a power mower and fractured the bones in 2 fingers. The 2 things combined, he lost quite a bit of blood.

Three days later on a Sunday evening at 7 p.m., he started to choke and vomit blood. By the amount he threw up, his little stomach must have been full of blood. So in other words, he must have been hemorrhaging from his adenoids for at least a day or more.

* * *

WE DIDN'T GET an answer from our own doctor's residence, so we called 3 doctors in Palatine with no answer. In the meantime, our son was fainting. Can you imagine your baby like this and not knowing what to do for him?

We then asked the telephone operator for a doctor. She gave us one. We did get him on the phone, but he gave no excuse—just refused to come. We then got another doctor from Palatine on the phone. He said he had 3 calls to make but no emergencies, so he then refused to come. Now that's 5 doctors.

* * *

IT TAKES approximately 6 minutes for any of these doctors to come to our house. We had to go to the hospital, which takes us 30 minutes in our car. There are few emergencies, and hemorrhaging is one.

What are these doctors going to do; wait until something more serious happens? This is another reason for a hospital here. The nurses in the hospital said there are many cases coming into the hospital because doctors just won't come.

Spraying

With all the noise about mosquito spraying in Palatine going the rounds, there are 2 schools of thought on the subject, born of Palatine's experience with spraying a few years ago.

First the spraying was of very questionable benefit. No one saw much difference in the mosquito crop and secondly, several residents had some sad experiences with damage to shrubs and plants in their yards and gardens which reputable experts credited to the spray. Furthermore, there was a noticeable mortality among some insects which are beneficial to plant life by their war on other injurious insects.

So if the spraying advocates find some householders lukewarm to the spraying idea, they will know why.

With a host of breeding places all over the surrounding countryside, it may be quite some job to hold down the population within the village so as to make a very marked difference.

School Tax

I wish to thank all the people who telephoned me or talked to me personally and to the other aldermen, in support of the letter on "smaller lots" that appeared in the Fence Post last week.

It should be pointed out that a mathematical error was made in the article in regards to the $200.00 fee collected per home toward school construction. The amount collected from the additional 400 homes, if smaller lot sizes are allowed, would be $80,000.00 and not $8,000.00 as previously mentioned.

For a school similar to the one we already have, this amount will purphase approximately 8 school rooms, or approximately 85 children per room. We are sure that nobody would like their children educated under these crowded conditions. Of course, we have hundreds of children of pre-school age in our area who will have to be added to our school system in the very near fufure, and a similar problem would exist for every 700 additional students enrolled.

To the citizens of Rolling Meadows this means a shortage of school facilities and an increase in school district taxes for every new student enrolled. We do not and we will not advocate limiting the number of children in our community, but we do believe we must protect our community against the high population that would be obtained by allowing the smaller lot size.

Aldermen Hickey, Faber, Goodpasture and Roeing will continue to do everthing that a minority group can do to protect the citizens of our community.

Michigan Favored In Big Ten Tennis Meet

Michigan's sophomore-studded tennis team looms as heavy favorite to end Indiana's 3-year-reign as Big Ten tennis champion at the 46th annual championships which open at Northwestern university Thursday, May 26, at 10:30 a.m. Finals are scheduled for Saturday at 1:30.

The Wolverines, undefeated in 13 dual matches, including a win over Indiana, appear to be headed for their first tennis crown since 1945 and their favorite in conference history.

A strong sophomore trio headed by Barry MacKay, 19-year-old top Dayton, O., star, has helped produce the best Michigan tennis team in a decade. Other sophomores who hold down the No. 2 and 3 singles spots are Park Jaffe and Dick Potter.

MacKay, victorious in 13 straight matches, will be a leading contender for the singles crown held by Al Kuhn of Northwestern who won the title as a sophomore last year. The Wolverine ace edged Kuhn in a see-saw extra-set match this spring and their anticipated meeting in the finals is expected to produce another stirring duel.

Plan 3 Weeks' Sports Camp

A three weeks' sport camp, designed to offer youths of Elgin area an opportunity to gain fundamentals of baseball, tennis and basketball, will open June 20 in Elgin and continue until July 8. Director of the school will be Bill Chesbrough, Elgin high school basketball and football coach, a former baseball player with the Pittsburgh Pirates farm system.

The sports camp will be open to boys from grades 6 to 12, who desire instruction in baseball and tennis, and for boys in grades 6 to 9 who desire instruction in basketball. State rules prohibit boys in high school to receive instruction in basketball during the off-season.

Further information can be obtained by writing or phoning Coach Chesbrough, 802 Douglas ave. Elgin.

Canco to Dedicate New Research Lab At Barrington

The American Can Company's new research and development center at Barrington, Ill., the world's largest in the food and container industry, will be formally opened at ceremonies on Thursday, May 26.

Participating in the dedication ceremonies at Barrington will be Ezra Taft Benson, secretary of agriculture, George B. Morrill, Jr., president of the National Canners association, William C. Stolk, president of American Can, and a large group of scientists, educators and businessmen from virtually all sections of the country.

Secretary Benson and Mr. Stolk will be principal speakers at a dinner in Chicago Thursday evening, May 26, for the dedication day guests.

A special feature of the dedication events, which will extend over two days, will be an open house Friday evening, from 7:30 to 9:30, for the general public. The laboratory is located on Northwest highway.

Dr. R. W. Pilcher, director of research, explained that the building contains more than 100,000 square feet of floor space and is staffed by about 140 specialists in every scientific field related to production of metal and fibre containers and the food and non-food products that go into them.

The laboratories are to be equipped with more than 500 installations of the most modern scientific equipment, including a recording spectrophotometer, an emission spectrograph, 12 controlled temperature rooms capable of duplicating either arctic or tropical climatic conditions, and facilities for test-packing all types of food and industrial products under simulated commercial conditions.

"The research center," said Dr. Pilcher, "reflects more than 20 years of planning and represents a near-ideal environment for productive scientific work in the food and container fields."

He added that it took about a year and one-half to construct the laboratories, which required 6,500 yards of concrete, 500 tons of steel, 120 thousand pieces of glazed tile, about 65 miles of electrical wire, about 18 miles of pipe and almost half a million bricks.

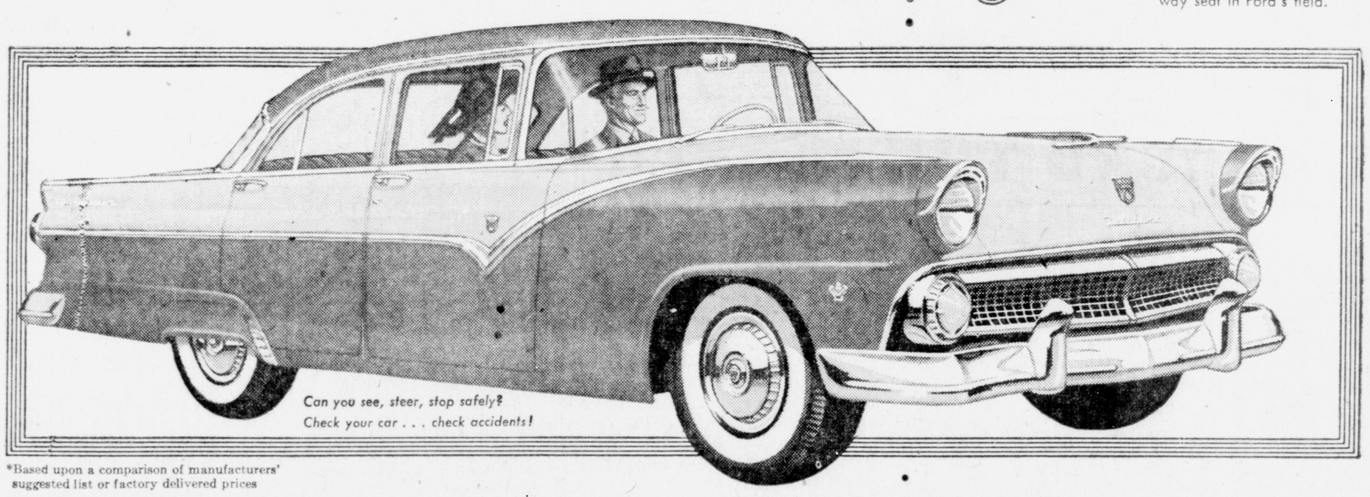
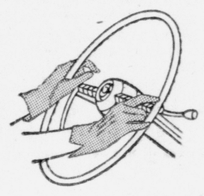
Ford's lower price lets you buy "the works"!

Because Ford is priced hundreds of dollars below other fine cars, you can have conveniences like Fordomatic, power steering, power brakes, power windows or a 4-way power front seat with the money you save!*

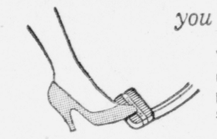


Master-Guide Power Steering lets you park up to 75% easier



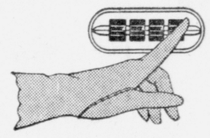
You ease into or out of tight parking spaces with far less effort. Unlike many power steering systems, Master-Guide leaves you with a natural "feel" of steering . . . assists you the moment you need extra turning or parking "muscle."

Swift Sure Power Brakes let you stop up to ⅓ easier



You travel relaxed . . . arrive refreshed. And Ford's suspended brake pedal makes stopping even easier.

Power-Lift Windows let driver regulate all 4 windows



There's a separate control at each window for passenger convenience. From the driver's seat you can set each window with a touch on the control.

4-Way Power Seat gives exact seat adjustment

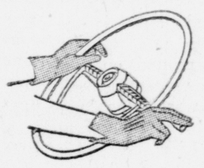
A single control moves front seat forward or back, up or down, for exact height, leg room you want. The only 4-way seat in Ford's field.

You can profit from the experience of thousands of former medium-priced-car buyers who have made the switch to Ford. For one thing, you can enjoy as they do Ford's many fine-car features and, with the money you save, buy the power conveniences of your choice.

And whichever of Ford's 16 beautiful models you prefer, you get the years-ahead styling of the Thunderbird—that fabulous original by Ford. Rich Luxury Lounge interiors offer you the last word in interior décor and feature many colorful new fabrics used for the first time in any car. You'll be far ahead in "go," too, with Ford's reassuring Trigger-Torque power. Here's power that meets your every demand in traffic or on the open road. And wherever you go, on boulevard or back road, you'll find that Ford's exclusive new Angle-Poised ride smooths the way.

Try Ford and you'll agree . . . you can pay more but you can't buy better!

New Speed-Trigger Fordomatic for automatic driving at its best



For extra-fast speed-trigger starts, just press the accelerator to the toe-board and you flash away in "low." Fordomatic automatically shifts into intermediate gear then to direct—all while the selector lever is set at "Drive."

Keep The Sun In Mind When Selecting Your House Plants

by HOMER LANGE

Rare is the home without house plants. More Americans are interested in house plants than in any other division of horticulture. There's a good reason for this. House plants give a friendly touch to any decor, making an otherwise commonplace room alive and interesting. And they give the impatient gardener a means of practicing his hobby during the cold months.

A good start in house-plant growing is a sturdy plant stand, preferably with tiers or steps so that better grouping is possible

Your local florist or grower will help you select an attractive variety of plants, the basis of which should be foliage types — or green plants, as we call them. Then, for color accent, flowering plants must be interspersed. Of course, the latter have their later blooming periods and must be replaced from time to time. But the foliage plants, with their attractive leaves, will steadily beautify your home every day in the year without interruption, and that is why green plants should be the foundation of house-plant grouping.

* * *

MOST POPULAR of the foliage plants, because of their durability, are philodendron and the ivies, of which there are several varieties. The stiff leaves of the sanseveria (mother-in-law tongues) combine well with these in a foliage arrangement. Chinese evergreen is another popular plant, as is photos.

In large dramatic plants, the big current favorites are the cut leaf philodendron, Pertusum, and the fiddleleaf rubber plant, Panduata. These, in tubs or in big ceramics, really do things for a room. One of their most attractive features is their ability to flourish without sunshine. However, even plants that "need no sun" appreciate it if you occasionally set them in a sunny spot for a few hours.

Homemakers need very little briefing on the care of house plants. Just get plants that are suited to the amount of light they will receive, water them when they need it, and that means when the top soil in the pot is dry. Feel the soil with the fingers — if dry, water is needed. This is what is known as "green fingers."

* * *

NUMEROUS house-plant questions come to me, such as:

Q. My African violets are wilting. Why?

A. There are other possible causes, but we find it is usually because they are watered too heavily.

Q. What kind of fertilizer is good for house plants?

A. Nearly all the popular brands, I'd say. But I must warn you that the time to fertilize plants is in the spring and summer when they get a lot of sunshine. Plants can't handle a shot in the arm during the dim days of the year. If they respond at all, they do so by growing leggy, tall and weak.

Q. What is the best way to keep foliage free from dust?

A. The best and easiest way to "dust" foliage plants is by spraying them with one of the new "gloss" liquids obtainable in any flower shop. These compounds, applied by spraying or wiping, instantly remove dust and give the leaves an attractive luster. It is highly imortant that you keep your green plants free of grime and dust so they can "breathe." Only clean plants are healthy plants. (DL

Entries Out For State Amateur Meets

Entry blanks for the Illinois state amateur and Great Lakes amateur golf championships were mailed to 1200 golfers through the state Monday.

The 25th annual Illinois state amateur will be played over the University of Illinois golf course at Savoy, June 20 through 25. Entries will be limited to golfers who are legal and permanent residents of Illinois and who have a validated handicap of 7 or under. A 36 hole qualifying test, 18 holes on Monday (June 20) and 18 on Tuesday (June 21) will pare the field to 64 players. One 18 hole match will be played on Wednesday (June 22) followed by 2 matches on Thursday and Friday (June 23 and 24) and 36 hole finals on Saturday (June 25).

Entry fee is $5.00 and must be mailed to the Chicago district golf association, room 241 LaSalle hotel, Chicago. The field will be closed at 9 a.m. June 14 or at 198 players. Tee entries will not be accepted.

The Great Lakes invitation amateur championship will be played at Southmoor country club, 131st and Southwest highway, Orland Park, August 16 through 19.

Modern gas appliances play an important role in success of United States Gypsum Company's "Research Village" homes near Barrington. Table-top burners and built-in gas oven attracted the special attention of two Northern Illinois Gas Company employes, June Johnson and Shirley Magden, in the spacious kitchen of home designed by Texas architect O'Neil Ford and his teammate home builder Frank Robertson.

This and five other homes in the project, also designed by the nation's leading architects, emphasize "tomorrow's living for today" theme. The complete family of modern gas appliances—including automatic ranges, central plant heating systems, "ice-maker" refrigerators, incinerators, automatic clothes dryer and automatic water heaters—are incorporated in the planning. Threat Of Polio Still Exists: March Of Dimes

Theat of Polio Still—Tempo .....

Discovery of the miraculous Salk polio vaccine will not end the efforts of the National Foundation for Infantile Paralysis.

There will be a 1956 March of Dimes.

* * *

WILLIAM G. CAPLES, new chairman of the Cook county chapter, cited 3 reasons for continuing the drive for funds:

1—Inoculations cannot be widespread enough to completely halt polio this year. Polio will strike in 1955! Through May 18, 1955 has seen 29 cases in Cook county compared with 10 on the same date last year. In 1954, $405,825 in March of Dimes money provided direct financial assistance to 1207 Cook county polio victims.

2—In addition to caring for this year's polio stricken, the chapter faces the tragic reality of almost 1,000 children and adults in Cook county alone who were stricken by the crippling disease in previous years and still need financial help for care and treatment. Polio is a crippler, not a killer, with those stricken often requiring heavy financial help over a long period of years.

* * *

3—THE SALK VACCINE will be an important step toward polio prevention, but it is not a cure. And, the vaccine is only 80 to 90 per cent effective. Some of those inoculated with the antipolio vaccine will still get paralytic polio. Research toward a 100 per cent effective vaccine must be continued. Just as the March of Dimes spent $50,000,000 to support research leading to the Salk vaccine, March of Dimes funds must be available for new grants to support further research.

This past year marked the third highest year in polio incidence in United States history with a total of 38,741 cases. The 1954 attack rate nationally of 24 cases per 100,000 population was only exceeded in 1916, 1949, and 1952. Polio struck highest among children 5 to 6 years of age.

In his new post Mr. Campello will be in charge of sales of all Marion machines sold through distributors in the United States and Canada. These machines include a complete range of power shovels sizes from ½ to 4 cubic yards dipper capacity and cranes from 15 to 160 tons lifting capacity.

A veteran of long standing in the power shovel industry, he was associated with the Bucyrus-Erie company of So. Milwaukee, Wis., for 17 years in various sales capacities prior to coming to Marion. He served as manager of Bucyrus-Erie's office in Washington, D. C., where he was in charge of all the firm's governmental operations.

From 1929 to 1938 he was associated with the Tractor and Equipment Co. and the H. O. Penn Machinery company, distributors of construction machinery in New York City, and from 1927 to 1929 he was a member of the real estate department engineering division of Westchester county park commission in Westchester, N. Y.

Born in New York City, he spent his boyhood in Pelham, N. Y. He attended Lafayette college in Easton, Pa., where he majored in economics and business administration.

He and Mrs. Campello, the former Miss Katherine Sharkey of New Rochelle, N. Y., are parents of two sons, Robert, Jr., 24, a U. S. Air Force officer stationed in England, and Stephen, 10. Mr. and Mrs. Campello and Stephen are now living at Arlington Heights. They will be moving to Marion, O., in the near future.

The newest idea under the sun is a portable disposable barbeque—very appropriately called PDQ—that should appeal to all people who love picnics and barbeques, but hate the muss and fuss and cleaning-up that barbeque picnics always mean. Built in the shape of a cone, with its own carrying handle, and made of asbestos with aluminum foil coating, PDQ contains excelsior for starting the fire easily, sufficient charcoal to burn for more than an hour, and its own sturdy metal grill. All you need is a match!

PDQ sets up in a few seconds, lights up at the scratch of a match, and in a few minutes the charcoal is white hot and ready for barbequeing. You can barbeque 6 to 8 franks at one time, or 4 to 6 hamburgers, 3 or 4 steaks. PDQ stays barbeque-hot for an hour—long enough for a family or party picnic. When you're all finished, just throw the entire thing away. There's nothing to pack or carry back.

Business At Record Level

Midspring business throughout the country is at an all-time high, according to the Federal Reserve Bank of Chicago. Spurred on by last fall's upsurge in auto production, steel output and construction, the present business upturn has now spread to virtually all sectors of the economy.

In its monthly review the bank describes the business picture as especially encouraging. The current upward movement is based not upon fears of inflation or shortages, but rather upon a willingness of consumers to buy homes, cars and other merchandise in a volume which exceeds even the most optimistic projections of a few months ago.

* * *

TOTAL OUTPUT of goods and services reached a record first-quarter rate of 369 billion dollars during the January-March period. What's more, business continued to improve in April. Both manufacturers' new orders and employment moved up in a manner which gives promise of record ecomomic activity in the second quarter.

Manufacturers' new orders, led by those of durable goods producers, are running almost 20 per cent above last year. As a result, order backlogs have begun to edge upward. Employment totals by early spring were 300,000 above a year ago, after having climbed steadily (on a seasonally adjusted basis) since last August.

* * *

ONE OF MOST significant features of the general business recovery has been the strength of consumer demand. Retail trade in the first quarter has gained 7½ per cent or about 12 billion dollars over a year ago. In comparison, total output of goods and services has increased about 4 per cent since the mid-1954 low.

Much of the gain in retail sales stems from the spectacular pick-up in new car buying. Total dollar volume of auto and accessory dealer sales in the first three months of 1955 was 21 per cent larger than in early 1954. Most other retail groups have enjoyed significant, though more modest, increases.

* * *

CONSTRUCTION activity continues as a strong upward force on the business horizon. Present commitments point to record use of man power and materials well into the summer. Midwest contract awards in the first quarter topped last year's volume by one-fourth, despite a decline in public works and utilities. Housing is still playing a major role in the construction rise.

Higher personal income after taxes has helped give consumers the wherewithal to step up their buying. During the early part of this year, consumer spendable income climbed 6½ billion dollars avove a year earlier after remaining stable through most of 1954. Consumers also boosted their rate of borrowing during the past few months. Installment debt rose 500 million dollars from December through February in sharp contrast to a 320 million reduction a year ago.

Bits O' Business

The Texas Railroad commission, which has cut back allowable oil production by 250,000 barrels a day from March's high mark, plans another cut of nearly 80,000 barrels a day for June ... Industrial production in April, as measured by the Federal Reserve board, was less than 1 per cent below the postwar high mark set in March, 1953 ... Coal production to mid-May was up 25 million tons from the output in the like period of 1954.

Marge Payne Wins Triple Honors At Wittenberg

Triple honors, including one of the highest honors conferred on Wittenberg college, Springfield, O., women came this week to Marjorie Payne, 712 S. Hi Lusi ave., Mt. Prospect, when she was named Miss Wittenberger of 1955. Miss Payne is the daughter of Mr. and Mrs. Charles W. Payne.

She will be yearbook queen by virtue of her selection on the basis of campus activities, scholarship, personality, character and beauty. Each sorority and independent women's group put up 3 candidates, a total of 24. The choice was norrawed by vote of the presidents of fraternities and independent men's groups. Final choice was made by Harry Conover of New York's famed Conover model agency.

* * *

SHE WAS ALSO honored by the Wittenberg chapter of Chi Omega fraternity, her social group, as the year's most outstanding member. Election is based on service to fraternity, campus activities, point average (scholarship), leadership, sportsmanship and personality. Her picture and a list of her accomplishments will appear in Eleusis, national Chi Omego magazine.

For "unusually loyal service" as social chairman, the student senate voted unanimously to award Miss Payne a senate key for her 1-year term though this is an honor usually given for no less than 2 years service.

She is now directing the third annual Wittenberg water ballet, the second time she has been in charge of the production. In addition to her studies she has taught a college course in synchronized swimming this year. Miss Payne has been retained by the Arlington Heights Park District to produce the annual water show again this summer.

* * *

MISS PAYNE has been president of the Wittenberg Women's Athletic association; president of the Marlynett Swim club; secretary of Phi Delta Pi, national physical education honorary; social chairman of Chi Omega; a member of the yearbook and college newspaper staffs; social chairman of the junior-senior prom; member of the court of the homecoming queen; twice winner of a Lynch scholarship. She has exhibited her art work at the Dayton Art Institute, and her house decorations won first prize for Chi Omega at homecoming during her junior year.

She was graduated from Arlington Heights high school in 1951 and will be graduated from Wittenburg college, June 6.

At Iowa State

Mary Kingsley, daughter of Mr. and Mrs. D. C. Kingsley, Rand road, Arlington Heights, has been initiated into Eta Beta chapter of Chi Omega sorority at Iowa State college.

Mary was a 1954 graduate of Arlington Heights high school.

At Grinnell

Charles Anderson of 9 S. William st., Mt. Prospect, was recently named one of the 159 recipients of the Woodrow Wilson fellowships for 1955-56.

Sponsored by the association of graduate schools within the 37-member American association of universities, these one-year awards are given to young scholars demonstrating "marked promise for the teaching profession and possessing the highest qualities of intellect, character, and personality." They are tenable at any graduate school in the United States and Canada.

Anderson was chosen for this high academic honor from among 1,522 students nominated by American and Canadian educators. A senior at Grinnell, he will study political science at Johns Hopkins next year under the fellowship. He is a 1951 graduate of Arlington Heights high school.

At Lake Forest

Phillip Lauman, son of Mr. Walter Lauman of Elkhorn, Wis., was recently initiated into Iron Key, an honorary men's society at Lake Forest college. Men are chosen into this organization on the basis of good scholarship, participation in campus activities, and good character, ability and leadership.

Phil, a senior and graduate of Bensenville high school, is past president of Delta Chi fraternity; past president of the student congress; treasurer of the centennial commission and interfraternity council, member of community council; and has served on numerous committees during his years at Lake Forest.

At Iowa State

The best scholars among the undergraduate body at Iowa State college during the past year were honored Thursday at the annual honors dinner held in memorial union.

Honor students are those who will graduate in June or who have graduated since last June with the highest scholarship average within their respective curricula, providing it is at least 3.0. High scholarship students are those in the upper one per cent of all students by class and by division in college.

Included were:

Patricia Cummisford, daughter of R. G. Cummisford, 17 Belmont, Arlington Heights, majoring in food and nutrition, rural social science.

Marilyn Franke, daughter of Mr. and Mrs. W. G. Franke, 120 S. Pine, Arlington Heights, majoring in household equipment, household service.

1930 Grads From Schurz To Hold 25th Reunion

Graduates of the class of June, 1930 of Carl Schurz high school of Chicago are completing plans for twenty-fifth reunion dinner and program to be held at River Forest golf club Saturday, June 4 at 8 p.m.

Plans for the twenty-fifth reunion include a buffet supper, greetings from the class sponsor, Mrs. Mildred Loucks Cromwell of Chicago, skits and musical numbers by talented members of the class, and several hours of dancing. Eugene Bloesma of Chicago, former high school fotball star, will be master of ceremonies.

Over two hundred graduates of the class have been located so far and tickets for the affair are near a sellout. Any 1930 Schurz grads desiring still to be included in the festivities should contact the reunion committee through the secretary-treasurer, Mrs. Allison Shaver Grabill of 4132 N. Keeler ave., Chicago.

Next year she will serve as a freshman counselor, president of Whiting house council, and again as editor of the Student. Miss Jung was recently elected to Mortar Board.

At Lawrence

An Arlington Heights girl, Joan Bernthal, daughter of Mr. and Mrs. V. O. Bernthal, 1610 Brown st., was named social chairman of mortar board, senior women's honor group at traditional tapping ceremonies held at Lawrence college recently. Election is based upon scholarship, leadership, and service.

Miss Bernthal is president of the Lawrence women's association and its former secretary; vice president of Alpha Delta Pi sorority; active in the theater and Aqua-Fin club; a counselor to freshman women, and former president of Peabody house. Her cumulative average grade-point is nearly a straight "A."

A Fuzzy Worm

Cotton chenille, a soft fabric with fuzzy pile, gets its name from the French word meaning "caterpillar."

At Naperville

Miss Marlene Hayes, Henderson st., Bensenville, has been elected to the position of women's representative of the class of '56 at North Central college, Naperville.

In this capacity, Marlene, has the responsibility of representing all the women of the senior class. Marlene has qualified herself for this position by working with many of the girls as a co-producer of this year's talent show at North Central college. She also produced the water ballet. Miss Hayes is active in many campus activities, and has held various offices in the women's athletic association.

One Dead, 3 Hurt In Crystal Lake Crash

A 30-year-old Cary man was killed Sunday in an auto-truck collision on Northwest highway south of Crystal Lake. Three other persons were injured.

Dead is Robert C. Holden, passenger in a car driven by his brother-in-law, Stanley McDonald, 25, of Elgin. The truck driver, Hugh Black, 38, of Westmont ,and his son, Alan, 14, were also hurt.

Cancer Drive Reaches 63 Per Cent

A total of $94,638 or 63 per cent of a $149,300 Suburban Division goal has been contributed to the 1955 cancer crusade of the American cancer society, Illinois division.

This was announced to more than 100 campaign leaders at the Society's third report meeting Thursday, May 12, in the Illinois Room of the LaSalle hotel, Chicago. Contributions to the Crusade throughout the state amount to $878,861 or 66 per cent of a $1,320,000 Illinois goal.

Mrs. Clara Boester, 76, of 1511 Ellinwood, Des Plaines, was greeted as a "guest of honor" last week when she was admitted to Resurrectionhospital as that institution's 10,000th patient. Mrs. Boester, who operates the Ellinwood hotel in Des Plaines, is the grandmother of six and the great-grandmother of 14. This was her third visit to Resurrection for treatment, and this time was "on the house."

Shown in the photo above are (l. to r.) Mrs. Boester, Sister Gregory, and Nurse Grace Kraus.

As of last week, Resurrection hospital had accepted 5096 patients from Chicago, 1307 from Des Plaines, 1164 from Park Ridge and 576 from Arlington Heights. Patients from a total of 55 different suburban communities appear on the hospital's records.

The tennis squad at Arlington Heights high school hasn't won many matches this season but interest and spirit in the sport are increasing. Here is the largest squad yet to turn out for the comparatively new sport at Heights. Front row, left to right, Jack Riggs, Bob Ritzma, Bob Waddell, John Cummins, Scott Adam, Richard Hahn, Chuck Young, Nick Rees, Carl Friberg, Lee Dammler.

Second row, Bart Thompson, Bruce Burgess, Tom Longwell, Kenny Nau, Frank Embrey, Larry Schroeder, Ron Blaschke, Jim Mott, Niles Moehling, Don Stadelman.

Third row, Coach Ken Schaller, Mgr. Charles Watson, Martin Gregory, John Kudla, Lewis Gordon, Joe Sayers, Neil D'Argo, Joe Charles, Tom Hoder, Mike Moudry, Ted Schultze, Dennis Hackbarth. Community Camera

Solo winners in the state high school music contest were Gary Young, left, and Charles Watson, both students at Arlington Heights high school. Staff Photo.

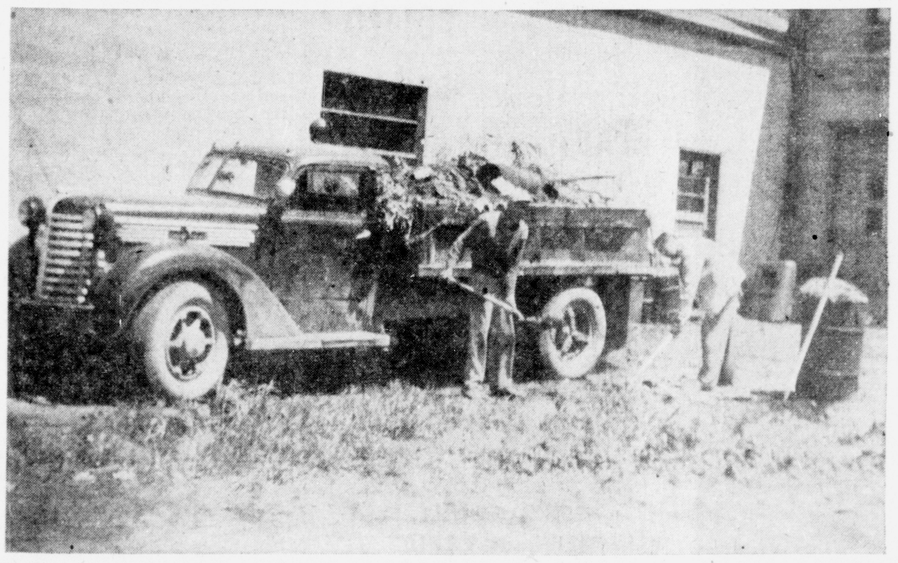
Alice Lagod, 11, 728 S. Belmont Lane, Arlington Heights, a piano student of Valdis Treimanis at the Arlington School of Music, after having successfully passed the audition, will make her television appearance as a piano soloist on Morris B. Sachs amateur hour program this coming Sunday, May 29,—1:30 p.m., channel 7, where she will play the sparkling "Tarantella" by Ch. Dennee.

The Italian influence is shown in this round coffee table. Cross rungs add a decorative touch. Note the elongated Italian theme pictures over the sofa.

DREAMY—Cotton fresh sheets and a resilient cotton innerspring mattress invite sweet sleep, says National Cotton Council. These are Dan River percales with rose borders.

Winners of dancing contest sponsored by the Junior Cotillion club of Arlington Heights. Contestants were seventh and eighth grade students. Left to right: Stephen Dahl, Jill Broadwell, Bob Barbour, Cheryn Coller, Robert Hayworth and Gail Isselhardt. Community Camera

Committee in charge of arrangements for the fashion show presented May 10 by members of the home economics department, Arlington Heights high school. Girls are wearing clothes that they made. Left to right: Ann Carlson, Dolores Schwall, Phyllis Nelson, chairman; Virginia Ruhnow, co-chairman, and Judy Ahmer. —Staff Photo



Cleanup day in Palatine was May 14 when Lions members cooperated with the street department in cleaning up "sore spots." Palatine gives an improved impression to the stranger who may be giving the town a "once-over." The man with the shovel is Albert Stevanson, village employee. The other is Dick Miller. Bak Photo

Ridge school children, Arlington Heights, earned $142 in a rummage sale held at the school last week. Students contributed books, toys, jewelry, hats, stamps and many other "childhood" treasures, which were sold for pennies, nickles and dimes at the sale. The money will be turned over to CARE, and will be earmarked for Korean school children's relief. Staff Photo.

Columnist Of The Week

W. L. Gordon, whose Lesson In English column has been appearing in Paddock Publications the past eight years, was at one time a high school teacher in Ohio.

A regular contributor to several national literary magazines, Mr. Gordon thinks there is no need for anyone to take a back seat in a good conversation simply because he's not "up" on modern English.

Just by learning the meaning of one word a day, its correct pronounciation and spelling, we can enrich not only our vocabularies, but our lives. A good command of the English language is a powerful asset in both the business and social world.

IN MEMORIAM

In fond and loving memory of our dear son and brother, Austin B. Buncik, M. M. 3c, who gave his life for his country 11 years ago, June 6, 1944.
The silent night is lonely and
There is no golden dawn
Because we must remember son,
That you are really gone;
We still remember in our hearts
The happiness we knew
The many pleasant times we had
When we went out with you.
There is no joy and happiness
In flowers that we plant,
And if we call your name we hear
The sound of emptiness.
We roam the house from room to room
We gaze beyond as far as we can see
But there is nothing we can do
To bring you back to our family.
We have to tell ourselves again
That you are really gone
And we can only ask the Lord
For strength to carry on.
But you're not alone in that grave o'er the sea
For there's where our hearts will always be.
Loving Father, Mother,
Brothers and Sisters. (*

Rainbow Fully Automatic is Quality DEEP

FULLY AUTOMATIC

$295

Plug this unit in the wall and your hard water problems are completely eliminated. Not even a switch or valve to touch. COMPLETELY automatic. Also semi-automatic units available.

In the Rainbow Automatic, the nuisance of regenerating has been entirely eliminated. A simple, dependable electric timer does this for you — while you are sleeping.

Regeneration occurs during the night once or oftener each week, depending on how much soft water is required and the use of a Rainbow Automatic is as convenient and trouble-free as an automatic water heater.

Needs salt only 2 to 3 times yearly. Softens—Filters — Removes Iron and Corrosive elements. This new type of regeneration is the greatest advancement in water softening since its discovery. Our jet action backwash method keeps tanks and zeolite clean and fresh for years.

A softener that requires attention is as old fashioned as a water heater that needs to be lit.

No other automatic softener approaches the Rainbow Automatic in simplicity and dependability. Old methods of regenerating have been discarded and our new and improved method takes over.

NO DOWN PAYMENT

You Save 25% By Buying Factory Direct

36 Mos. To Pay

With Rainbow Automatic you always have Soft Water. There are no buttons to push, no indicators to set and NO attention is required for regenerating. No water or salt is wasted because only the quantity necessary to supply actual demand for soft water is used. There is no watching, testing or waiting. LESS salt is required for regenerating. Regeneration is NEVER forgotten or neglected. The savings are GREATER than can possibly be obtained with any non-automatic softener. Capacity up to 175,000 grains per week.

Study Complete Watershed Soil Conservation Plans

Three projects are under way in Illinois to study the value of a complete soil and water conservation plan for the entire area drained by one stream.

Soil conservation service is studying 60 such "pilot watersheds" in the nation. The program will run 5 years and will cost about 28 million dollars.

Farm adviser Carl F. Mees says the 3 Illinois streams are Hadley creek in Pike and Adams counties, Old Tom creek in Warren and Henderson counties and Money creek in McLean county. Hadley creek is one of eight of the watersheds in the nation to receive detailed study.

* * *

E. L. SAUER and W. H. Heneberry, U.S.D.A. farm economists working in Illinois, discuss the watershed program in Illinois in the current issue of Illinois Farm economics, a publication of the University of Illinois.

Objectives of the pilot watershed program are five-fold, the economists say:

1. To find out how to plan and carry out a watershed soil protection and flood control program.
2. To study costs and benefits both to the public and to farmers.
3. To reduce flood and sediment damage in the stream.
4. To study soil erosion control measures under widely different conditions.
5. To gather information on rainfall, streamflow, amount of sediment a stream carries and flood peaks.

* * *

SCS MEN are working with farmers, local organizations and the agricultural extension service. Getting the plan under way in a watershed involves about six jobs: to inventory the land and its present condition, to find out how it is used now, to estimate the present rate of soil loss, to figure practical methods of land use and soil treatment, to plan and develop a water-handling system and to estimate total cost.

Farmers are expected to stand the cost of improvements that will benefit their land directly. Other costs will be borne by public agencies, mainly the federal government.

For their study Sauer and Heneberry have detailed farm records from 55 Hadley creek farms for 1954. They'll follow these farms through the program and study the costs of the practices and compare the costs with the benefits gained from the program.

Plenty Of Rain Everywhere

Areas which were the driest last year have been the most fortunate in receiving May rainfall. In the second week in May, southern Iowa, Missouri, southern Illinois and Indiana and Kentucky were favored with soaking rains; in the third week, even such "dust bowl" areas as Nebraska, Kansas, Oklahoma, Texas and Colorado reported general rains up to 6".

Just prior to these rains, one section of 10 counties in Nebraska was considering being declared a "drouth disaster" area after the driest conditions in fifty years. States where rainfall was still desired were the Dakotas, Minnesota, northern Illinois. May winds of March-like velocity had helped dry out soils in these sections.

* * *

TEMPERATURES were lower in the past week — with light frosts reported in many areas. Low temperatures of 28 to 30 degrees in Michigan were expected to cause some damage to fruit. Lowest temperature reported by a DeKalb central Corn Belt reporter was at Waterman in northern Illinois, where 35 degree was recorded; highest was 88 degree at Johnstown, Ohio. However, the highest average temperature was at Redwood Falls, Minn., where highs were above 80 degrees every day.

Corn planting proceeded this year pretty much on the same pattern as in 1954. By May 20, 80 per cent or more of the crop was planted. In the drier areas of southern Minnesota, northern Iowa and northern Illinois, planting was almost 100 per cent completed. In some of the southern areas, the welcome rains had kept farmers out of the fields.

* * *

AT MT. CARMEL, in southeastern Illinois, DeKalb's crop observer reported only 5 per cent of the crop planted on May 18. Heavy use of lindane and aldrin to control soil insects is expected to keep down the amount of replanting. Heavier use of fertilizer and thicker planting rates should produce excellent yields, provided there is sufficient rainfall during the summer.

Can File Application For Rice Acreage

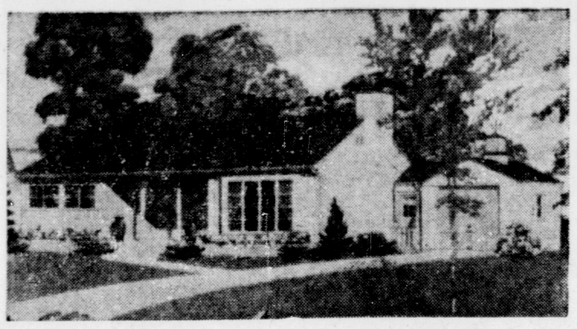
Farmers who have not produced rice during the past five years but who plan on growing rice in 1955 have until May 31, to file an application for a 1955 rice acreage allotment with the county agricultural stabilization and conservation committee, Carl M. Bormet, chairman of the committee announced.

Acreage allotments and quotas will be in effect for the 1955 rice crop. Compliance with the farm rice acreage allotment will be a condition of eligibility for price support. Producers who harvest a rice acreage in excess of the farm acreage allotment will be subject to a marketing quota penalty as well as being ineligible for price support on their rice. Under present law, failure to comply with the farm rice acreage allotment will also make the farmer ineligible for agricultural conservation program assistance. (Fm

Prevent Bloat

Legume-grass mixtures that produce pastures containing at least 50 per cent grass will help to prevent bloat problems.

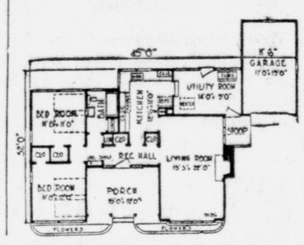
Farm Construction



THIS ATTRACTIVE farm home has the appearance of being considerably wider than it actually is, which is indicated by its surprisingly low cubage. Instead of a basement, a large utility room or workroom is provided, which accomodates heating and laundry facilities, and leaves plenty of space for storage and other uses.

There is a large dining space near the 3 windows which look out over the stoop and the drive leading to the attached garage. The large porch may be screened for summer use and glazed for winter. This is a National plan service home design. Interested persons are urged to see their lumber dealer for blueprint plans and other information.

Data: House and porch, 16,270 cu. ft. Garage, 2,380 cu. ft. Living area, 1,105 sq. ft. Porch area, 172 sq. ft. Garage area 230 sq. ft. Ceiling height, 8 ft.



DOWN ON THE FARM

with Your Farm Adviser CARL F. MEES

I was out on Earl Petersohn's farm near Bartlett to check a red clover field in which he was having some trouble. The clover was small and some was drying up.

As near as I could diagnose the case, it was a disease called Northern Anthracnose. This attacks the red clover plants when the temperature is on the cool side. I think if it turns warmer and we would get a good rain this would slow down the disease. However, there is nothing that can be done to control it.

SEVENTEEN ILLINOIS dairy plants have donated 22 dairy technology scholarships to the University of Illinois. Each scholarship is worth $1,000 for the four years. Donors in this area are: Beatrice food company, Bordens milk company, Bowman's milk company, Deans milk company, Elgin milk products, Honey Hill creamery, Pure Milk association.

You can get applications for these scholarships from the University of Illinois or from your vocational agricultural teacher.

CHECK SPECIFICATIONS carefully before you buy a septic tank. Some septic tanks are being sold that will not give good service and will cause unnecessary trouble.

Specifications for concrete septic tanks that will meet the minimum recommendations of the state department of public health have been set up by the Illinois association of concrete pre-cast septic tank manufacturers.

Unfortunately, some manufacturers do not belong to the association. Their products sometimes do not meet the specifications for quality, size and workmanship.

* * *

HERE ARE specifications you should check, as listed by F. W. Andrew, extension agricultural engineer at the University of Illinois college of agriculture.

1. Minimum liquid capacity of 500 gallons.
2. Minimum wall thickness of 3 inches and minimum internal diameter of 54 inches.
3. Minimum reinforcement of 6 x 6 x 10 welded steel or equivalent.
4. Concrete mixture that has been tested to hold a minimum pressure of 3,500 pounds per square inch.
5. Clean-out openings in the lid.

* * *

SOIL TESTS will tell you whether your soil needs limestone, phosphate or potash. They also tell you how much of each you will need to apply to the acre. With this information you can go out and buy what your soil needs instead of waiting for someone to come along and sell you whatever he happens to have in the warehouse.

If you have a particularly weedy field you are planting to soybeans, a lightspraying of 2-4-D to the area, and use it before the soybeans are five inches tall. This spray will do a good job on cocklebur, annual morning glory and some other broad-leaved weeds. But use 2-4-D lightly, and use it early.

Specialists Gain Time In Their Greenhouse

Ever hear of planting corn in December? They do it at the agronomy greenhouse at the University of Illinois college of agriculture.

O. T. Bonnett, a plant breeding specialist at the University says the chief advantage of a greenhouse for growing and studying field crops is that it's a time-saver.

By growing two or three crops a year under artificial conditions, specialists can plant crops on the university's south farm this spring that they ordinarily wouldn't get out until 1957 or 1958.

* * *

MORE THAN 300 light bulbs with enough power to furnish light for a small town are used in the greenhouse every year to grow crops under controlled conditions. Temperature, moisture and length of day can all be controlled.

Some diseases under study in the greenhouse include red clover, root rot, wheat smut and oat rust.

Bonnett says it is a "constant race" between the plant breeder and disease-causing organisms. As soon as the plant breeder finds a crop that is resistant to a certain disease, the organism gets ready to attack again by producing its own new varieties.

Research is done in the green house on almost every field crop grown in Illinois. (Fm

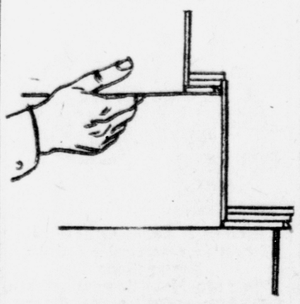
Labor-Saving Siding

NEW on the market is a revolutionary kind of siding that is much faster to apply than conventional siding. In addition, it comes in popular wide sizes, 10" or 12", at no premium in cost.

Masonite Shadowvent siding is a free floating combination of prime-coated Tempered Presdwood and a patented aluminum shadow line strip which is nailed through the sheathing to studs. No nails are driven into the siding itself, which fits quickly into the aluminum strip. The metal is vented at intervals to allow escape of moisture that may condense inside the walls.



Field tests have shown that this combination permits carpenters to install Shadowvent Siding with substantial savings in application time. The siding and the aluminum strips are sold together at lumber yards.

The new quarter-inch siding is primed on the surface and bottom edge, and a clear sealer has been applied to the back. The combination of the long-lasting, smooth surfaced Tempered Presdwood and the prime coat provides an exceptionally fine surface for top coats and assures a long-lived paint job.

Record Cow

Registered Guernsey bull, Boulder Bridge Scotsman, owned by Gertrude McNaught, Elgin, and W. H. Odlum, Roselle, has just become a nationally recognized sire, according to an announcement from the production testing division of the American Guernsey cattle club.

This sire's first five tested daughters have five actual official records that average 9,044 pounds of milk and 476 pounds of fat.

His top daughter, Norgerts Scotsman Jewel, has a record of 9,843 pounds of milk and 549 pounds of fat, on two times daily milking, made as a junior two year-old in 365 days.

This sire also has had two daughters classified for type. One was rated very good and one desirable.

Complete official information is now available from the American Guernsey cattle club so that a thorough study of the transmitting ability of this sire can be made.

Milk Day On TV Show

"Milk Center of the World" will have its day on the "Farmtown, USA," television program Sunday, May 29.

Each year citizens of Harvard, small farm community in McHenry county, celebrate "Milk Day" in recognition of the area's leading position in dairy production.

The story of the nationally-publicized celebration will be told on the TV show, which will feature 18 young candidates for "Milk Day" queen.

A couple of the dairy cows who made the June 4 affair possible will also appear on the show.

Arnold Wittmus and Donald Johnson, two Harvard area dairy farmers, will be interviewed along with their families. Wittmus and Johnson will also bring some of their prize dairy cows to the studio.

Record Cow

Cardoa Butter Boy Judette, owned by Mrs. Dorothy Hammerstein, Roselle, recently concluded a 329 day production test when she gave 660 pound butterfat, 17,120 pounds milk while being milked twice daily. Average daily yield, 24 quarts. The registered Holstein was 5 years 8 months old when testing began.

Contrasts

Some of the planes built in modern plants weigh more than 200 tons when they roar into the sky, yet intricate parts of these planes are so tiny they must be constructed under the lens of a powerful microscope.

Egg Prices Up, Feed Costs Down, Is Report

Prices which farmers received for eggs, poultry and milk were higher last week than in May of 1954, while the costs of commercial feeds were 16 per cent lower, according to a bulletin from a large Midwest feed manufacturer. "Although we agree that the farmer isn't getting enough for his products, many livestock and poultry producers aren't aware of their economic advantage over last year," says a spokesman for the Honegger feed company at Fairbury, Illinois.

Poultrymen are receiving about 1½ per cent more for eggs, basis Chicago, than a year ago. At the same time, Honeggers cite the following reductions in poultry feed prices over a year ago: chick starter, down 15 per cent; laying mash, down 18 per cent; and poultry supplement, down 22 per cent. While broiler prices last week showed a 16.6 per cent increase over a year ago, broiler feed prices have declined 19 per cent, the feed manufacturer claimed.

* * *

MARKET PICTURE isn't so pleasant for hog producers right now but feed costs, which represent 80 per cent of all hog production expenses, are the lowest they have been in years. Chicago's top on hogs a year ago was $27.35 compared with $18.25 last week, a drop of 33.9 per cent. A comparison of current feed prices with those of May, 1954, shows prices for 35 per cent supplement have dropped 26 per cent and sugar-coated baby pig pellets — a highly-specialized product — can be purchased for 9 perectn less than a year ago.

Although prices for beef on the hoof has declined about 5½ per cent since May, 1954, cattle feeders can offset this market decline with lower-priced grains and supplements. Thirty two per cent cattle supplement is priced 15 per cent less than a year ago and prices are 13 per cent lower for a high-molasses supplement with 30 per cent protein.

* * *

MILK PRODUCERS are in a comfortable position compared with the April averages last year. Midwest Grade A milk prices are virtually unchanged, while noncompliance or Grade B milk is selling at slightly higher prices.

In addition to an average decrease of 16.2 per cent in the price of commercial feeds, farmers can purchase feed grains at savings over last year. Oats are down about 3.5 per cent and corn prices are 4.5 per cent lower than Apr of last year.

Helicopter Propellors Used In Attempt To Rescue Fruit Crop

A Lake Zurich farmer saved his orchard crop recently by whirling helicopter propellors over the trees for 5 hours.

John L. Bell, of Routes 12 and 22, said he thinks this was the first time such a method had been used to protect a fruit crop from frost damage.

The plane hung low over the orchard to keep the air in motion and bring down the warmer air from higher levels. The circulation warded off the danger of frost at 23-degree temperatures.

The experiment was partly successful.

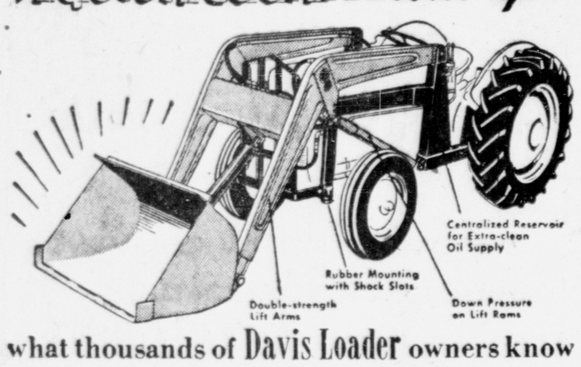
A QUICK LOOK... Tells You



what thousands of Davis Loader owners know

...and that is, the DAVIS LOADER is America's finest quality loader. It not only looks it... but it performs like it. Prove it to yourself. Go farther than the beautiful design and actually inspect every feature. See how the rubber mounting and exclusive "shock slots" save your tractor. Look at the strength of the heavy-duty lift arms. Find out why the Davis Loader has the cleanest hydraulic system. And of course you know the value of down pressure on the lift arms. Thousands have found out that the Davis Loader is the smoothest way to handle tough jobs... and that it costs less than they expected to pay.

Urge Swine Growers Not To Unwittingly Poison Pigs

Swine growners are often unwittingly responsible for poisoning their own pigs.

Dr. C. C. Morrill of the college of veterinary medicine at the University of Illinois points out veterinarians are called upon every year to treat pigs that are victims of some kind of poisonous weed.

Cocklebur is very poisonous in the young, tow-leaf stage. If you find cockelbur in your hog pasture, keep the animals out until the plan can be killed or until is is large enough not to be poisonous to pigs.

* * *

ANOTHER PLANT that sometimes causes trouble is rape. Rape is not poisonous in the usual sense, but when white-skinned hogs are on rape pasture in hot sunlight the rape may cause a severe sunburn. The injury may become so severe as to cause deep sloughing of the skin. If much sunburn occurs, the animals should be taken out of the pasture.

Warm spring weather often brings out the urge in sporsmen to do some trapshooting. The clay pigeons used in trapshooting are poisonous to pigs. Never allow trapshooting in the hog pasture. Pigs may be poisoned on fragments of clay pigeons 20 or 25 years after they are shot.

* * *

LEAD POISONING may occur when empty paint buckets are left where pigs can get to them or are used for feed buckets before they are carefully cleaned out.

The materials used to worm pigs are poisonous if not properly used. Always follow directions in using worming materials.

Some rat poisons are also highly poisonous to pigs.

Occasionally cases of poisoning are reported when a sprayer used in the hog house or on the pasture was not properly cleaned out. A case of poisoning on pasture was traced to arsenic left in a sprayer following a spray application in an orchard. The sprayer was then used to apply weed-killer in the pasture without having been cleaned thoroughly.

Dr. Morrill says you can prevent most cases of chemical poisoning in pigs if you handle all poisonous materials carefully and follow directions for worming, spraying, etc., to the letter.

Best Early Spring Songs Those Of The Ever-Familiar Frog

by ROBERT MANN

On warm spring nights, in addition to mysterious squeaks, splashes, thumps and rustling noises, we have concerts that go on and on in the ponds and sloughs of our forest preserves—choruses of peeps, chirps, croaks, rattles and long trills that are the mating songs of the frogs and toads. Not until late May or early June, however, do we hear that deep-throated "Jug-o'-rum, jug-o'-rum, jug-o'-rum" which is the call of the male Bullfrog. If he happens to be nearby it sends shivers down your spine and makes you wonder if, when the earth was young and the first queer creatures crawled out on land, they shattered the silence with such rumbling bellows!

With the exception of the Giant Frog of West Africa, the bullfrog is the largest of all the 2000-odd species of frogs and toads. It has been known to reach a weight of 7 pounds and a total length, when stretched out, of 18 inches including hind legs 10 inches long. Native throughout most of the United States east of the Rockies, it has been introduced in the Pacific coast states and in Japan.

* * *

EARLY MAY, in this region, is when the adult bullfrogs come up out of the mud and muck where they have been hibernating since the previous autumn. Later, the males begin the booming bass calls from which they get their name. The females answer less loudly. In addition, they can give a sort of yelping "snurp" as they dive for safety and, when caught, a piercing human-like scream. The bullfrog has a broad flat head and a dull green or greenish brown back. The ears of the male are about twice the diameter of the female's ears. Its skin is fairly smooth and without folds running down the sides. The Green Frog, somtimes mistaken for a young bullfrog, has a bright metallic-green head and shoulders with a fold of skin along each side of its body.

About the first of July the female lays 10,000 or more tiny eggs in a large mass of watery jelly that floats in a thin layer at the surface. In a few days the little tadpoles develop until they can wriggle free and are on their own. With their small mouths and rasping lips they suck up ooze and nibble algae or other plants. In these northern states they do not change into frogs until the end of their third summer when they may be 6 inches long and have heads as big as hen's eggs.

* * *

DURING THEIR LAST few months as tadpoles, the hindlegs grow steadily, the broad fin-like tail is absorbed, the front legs break out thru the gill chamber, and they begin to breathe air. They are then little frogs about 2 inches long with broad gaping mouths adapted to catching and swallowing crayfish, snails, water insects, and smaller frogs and toads. As adults they may also devour small turtles, snakes, birds and mice. After another 2 years they are 4 or 5 inches long and begin to breed They have been known to live 15 years in captivity.

Bullfrogs have a host of enemies. Little tadpoles are preyed upon by water beetles, water bugs and fish. Larger tadpoles and adults are eaten by larger fish, water snakes, herons and other water birds, snapping turtles, raccoons, mink, skunks and owls, but man is their worst enemy. Frog legs have been a delicacy of epicureans since Roman times and today in America, over 3 million pounds of bullfrog legs—at 4 or 5 pairs to the pound—are marketed each year. Schools use a half-million bullfrogs anually in biology courses. As a result, most states have closed seasons and other restrictions on bullfrog hunting.

Try sitting quietly for a least a half-hour near a pond or marsh. It's good medicine, and there's no telling what you may see and hear.

Lessons In . . . . English

by W. L. GORDON

Words Often Misused

The titles "Honorable" and "Reverend" should always be preceded by "The," and should always be followed by the given name or initials, never by just the surname. Say, "The Honorable George L. Fox" and "The Reverend Thomas J. Collins," never, "Honorable Fox" or "Reverend Collins."

Do not say, "I am pretty sure that I shall be there." It is much better to say, "I am quite sure."

The abbreviation "i.e." stands for the Latin words "id est," and means "that is." It should not be confused with "e.g." (exempli gratia), which means "for the sake of example."

Use "disfigured" when speaking of a person's face, and "defaced" when speaking of a wall, painting, or a signature.

Do not say, "This piece of steel is the more heavier of the two." Omit "more."

Do not say, "There was left exactly eight boxes." Say, "There were left."

Do not say, "She talked like she wished to see you." Say, "She talked as if she wished to see you."

Do not write, "Please send the paper to me and I shall return same promptly." Say, "and I shall return it promptly."

Do not say, "I am very pleased at the presents you have for me." Say, "I am very much pleased with the presents."

Do not say, "His acquaintance is indesirable." Say, "is undesirable."

Distinguish between the adjective "precedent," meaning "going before in time, order or arrangement," and the noun "precedent," meaning "something done or said that may serve as an example for subsequent action." The first two e's in the adjective are pronounced as in me, with accent on second syllable. The first e in the noun is pronounced as in press, with accent on first syllable.

Do not say, "He was in search for his books." Say, "in search of his books."

Words Often Mispronounced

Exploit (noun and verb). Accent noun on first syllable, verb on second.

Diffusive. Pronounce the s as in so, not as z.

Sinecure. Pronounce si-ne-kur, i as in sign, e as in me unstressed, u as in cure, accent first syllable.

Amen. The a as in aim is still preferred to the a as in ah.

Schist (kind of rock). Pronounce as though spelled shist, i as in it.

Florid. Pronounce the o as in on, not as in or.

Unlearned. Pronounce un-lur-ned three syllables, and not un-lurnd.

Precedence. Pronounce first and second e's as in me, accent second syllable, not the first.

Sine die. Pronounce si-ne-di-e, both i's as in sigh, both e's as in me, accent first syllable of each word.

Protege. Pronounce pro-te-zha, o as in no, e as in set, a as in day, accent last syllable.

Contractor. Accent second syllable, not the first.

Promulgate. Pronounce the u as in mud, accent second syllable.

Words Often Misspelled

Arraign (to accuse); arrange (to put in order). Baccalaureate; observe the two c's and all the vowels. Withal, one l; withhold, two h's. Hypodermic; observe the hy. Kiln (a stove); pronounced as kill. Metal, one l; metallurgist, two l's.

Underrate; observe the two r's. Discourteous; observe the eous. Idiosyncrasy; sy, not cy. Exaggerate; two g's. Acreage; not acerage. Collision (a clash); collusion (deceit).

Word Study

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

Requisite (adjective); required by the nature of things; necessary. (Pronounce first syllable as wreck, accent first syllable). "Truth is requisite if we shall succeed."

Responsive; ready or inclined to answer. "Please be more responsive when I ask these questions."

Inconsistent; contradictory; illogical. "His words and his actions are inconsistent."

Equanimity; evenness of mind; composure. "He accepted his defeat with equanimity."

Ravage (noun); desolation by violence; devastation. "The ravages of time have left their mark."

Aggressor; one who begins hostility. "We know who was the aggressor in this quarrel."

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

Perquisite; extra pay or fee (accent first syllable). "In addition to his regular stipend, he received a perquisite for extra hours."

Chaotic; resembling confusion or disorder. "He brought the country out of its chaotic condition."

Deplore; to feel or express deep grief for. "We deplore the fact that you are going away."

Denunciation; the act of accusing in a threatening manner. "He made a bitter denunciation of his enemies."

Propitiation; act of appeasing or conciliating. "No words of propitiation could influence her."

Truancy Big Factor In Teen Crime Rate, Declares Sheriff

Teenage truancy is one of the big factors leading to juvenile delinquency.

Sheriff Joseph D. Lohman, speaking before a YMCA group last week, declared: "Truancy must be looked upon more seriously than it has been in the past."

Lohman said the "why" of truancy often holds the key to future behavior problems. He added that in the majority of delinquency cases, police have found the teenager had a truancy history.

The sheriff pointed out that 3 myths about law enforcement should be dispelled from the public's mind:

1—All delinquents and criminals are not alike—they only have a common name. A law enforcement agency must do more than arrest and detain criminals.

2—Too great reliance is put on the popular notion that community problems are solved by removing delinquents and adult offenders from the community. "We must realize," assailed Lohman, "that some day the same offender will be returned to the community."

3—Severity of treatment is not a measure of success or failure of law enforcement. The real measure, he said, is the swiftness and certainty of law enforcement. A dramatic instance of severity is no substitute for certain, swift justice.

ANOTHER DISASTER!!

Boy, Girl Die in Icebox

EAST ST. LOUIS, ILL., May 17 AP—Two young children, found trapped in an abandoned ice box, died yesterday despite efforts to revive them at Christian Welfare Hospital.

The victims were Robert Lee Ballance, 3, son of Mrs. Edna Mae Ballance and Nancy Cygan 3, daughter of Mr. and Mrs. Edward Cygan, both of East St. Louis.

Authorities estimated the children had been trapped in the six cubic-foot ice box for about 30 minutes. Wooden blocks and other toys were found inside with them.

WE DON'T WANT THIS TO HAPPEN HERE IN OUR COMMUNITY!

In the interest of public safety we will pick up and destroy your old ice box or refrigerator. (Absolutely no obligation or charge). Call us any time — we'll be out. Help protect those little ones who can't protect themselves.
